DESCRIPTION OF THE UTAH SYSTEM OF HIGHER EDUCATION

The Utah System of Higher Education consists of ten public colleges and universities governed by the State Board of Regents, assisted by local Boards of Trustees. The System includes two major research/teaching universities, three metropolitan/regional universities, one state college offering both two-year and a limited number of four-year degrees, three community colleges and one applied technology college. The basic missions of these ten institutions are described below.

UNIVERSITY OF UTAH

The mission of the University of Utah is to educate the individual and to discover, refine, and disseminate knowledge. As a major teaching and research university, the flagship institution of the Utah state system of higher education, the University of Utah strives to create an academic environment where the highest standards of scholarship and professional practice are observed and where responsibilities to students are conscientiously met. It recognizes the mutual relevance and interdependence of teaching and research as essential components of academic excellence. It welcomes students who are committed to learning and who conform to high academic standards. The right of free inquiry is zealously preserved; diversity is encouraged and respected; critical examination and creativity are promoted; and intellectual integrity and social responsibility are fostered. The University is fully committed to the goals of equal opportunity and affirmative action, which are designed to ensure that each individual be provided with the opportunity for full, unhampered, and responsible participation in every aspect of campus life.

UTAH STATE UNIVERSITY

The mission of Utah State University is to be one of the nation's premier student-centered land-grant and space-grant universities by fostering the principle that academics come first, by cultivating diversity of thought and culture, and by serving the public through learning, discovery, and engagement.

WEBER STATE UNIVERSITY

Weber State University offers associate, baccalaureate and master degree programs in a broad variety of liberal arts, sciences, technical and professional fields. The university provides excellent educational experiences for its students through extensive personal contact among faculty, staff and students in and out of the classroom. To accomplish its mission, the university, in partnership with the broader community, engages in research, artistic expression, public service, economic development, and community-based learning experiences in an environment that encourages freedom of expression while valuing diversity.

SOUTHERN UTAH UNIVERSITY

As a community of learners, Southern Utah University serves as a comprehensive regional university to encourage a lifelong love of learning, to foster academic excellence, to instill ethics and values, and to honor thought in all its finest forms. Foremost to our role and central to its disciplines are superior teaching and quality service to students. Fundamental to our purpose are scholarly activities and public service.

- Our mission is to provide students a personalized learning environment to foster meaningful experiences involving the mind, heart and hands, which:
- Affirm integrity, the search for truth and respect for all people as the foundation of education;
- Develop communication, analytic, creative and information gathering skills;
- Prepare students as informed and responsible citizens and for effective roles in families and other societal organizations;
- Afford opportunities for success in students' personal and professional lives by providing service and leadership experiences in a residential campus setting;
- Enhance the economic, technological and cultural development of the communities served.

Southern Utah University provides baccalaureate, applied technology, and selected graduate education. We address the unique needs of rural students and communities; serves as a major cultural center for southern Utah; and create partnerships with public and higher education, government, business, and industry.

SNOW COLLEGE

The mission of Snow College is to educate students, inspire them to love learning, and lead them to serve others. Snow College achieves this mission through a constant pursuit of excellence in teaching; through a nurturing, positive learning environment; and through people who demonstrate a love for learning and service to humanity.

Building upon a tradition and heritage of academic distinction and personalized attention, Snow College fills the following roles:

- Snow College serves as one of the nation's finest two-year transfer institutions with a focus on liberal arts and sciences, and maintains cooperative relationships with distinguished colleges and universities.
- Snow College enhances the economic development of Central Utah through partnering with business, industry, government, and community to provide high-demand professional, career, and applied technology education.
- Snow College enriches the educational, cultural, and recreational life of Central Utah through community outreach services.
- Snow College is dedicated to helping individual students achieve their academic goals through a caring, personalized learning environment, providing comprehensive student success services, library and learning resources, and targeted supplemental and developmental education programs.
- Snow College is focused on developing the whole student and encourages student involvement in a wide variety of co-curricular activities, service organizations, service learning opportunities, academic and special interest clubs, athletics, and student leadership opportunities.
- Snow College welcomes all who will gain from or contribute to its educational and student centered environment including individuals with diverse backgrounds and perspectives.
- Snow College partners with higher education institutions that offer baccalaureate and graduate programs in select disciplines for the citizens of Central Utah.

DIXIE STATE COLLEGE OF UTAH

Dixie State College of Utah, a publicly supported state college with two interdependent tiers, functions as a comprehensive community college while offering a limited number of quality baccalaureate programs.

Dixie State College of Utah helps students achieve their academic, career, and life goals, including goals related to basic skills, core content knowledge, and knowledge that broadens and enriches students' lives. The College's educational programs help students establish and expand their worldviews.

With a lower-division open-door admission policy, the College welcomes students both young and old who represent diverse educational, ethnic, national, and economic backgrounds. The College's students are predominantly residents of southwest Utah and other western regions, both in and out of Utah, and are predominantly of traditional college age.

A member of the Utah System of Higher Education, Dixie State College of Utah is assigned the task of providing and coordinating higher education for Washington and Kane counties.

COLLEGE OF EASTERN UTAH

College of Eastern Utah is a comprehensive community college committed to the highest standards of instruction and learning. CEU prepares students through certification, degrees, and transfer programs and seeks to provide a complete campus experience for both traditional and non-traditional students. The college educates and assists students with their social, physical, intellectual, cultural, and emotional development. CEU strives to help instill the curiosity and skills necessary for a student to continue learning throughout life. The College is committed to respond to the educational needs of the communities it serves. CEU will work with senior state institutions to provide access for a limited number of on-campus Bachelor's degree programs.

UTAH VALLEY UNIVERSITY

Utah Valley University's 72-year history is rich with progressive ingenuity; a narrative that echoes the sentiment of the institution today, an institution established on engaged education and community support. Although young in name, UVU operated as Utah Valley State College for 15 years, growing the institution to nearly 24,000 students and becoming the first junior college to jump straight to NCAA Division I status. Today, with more academic opportunity than ever before with the addition of master's degrees and more than 120 baccalaureate, associate, certificate and diploma programs, UVU remains dedicated to the values it was built upon and continues to develop its imprint as a national leader in engaged learning and hands-on education, helping graduates leave the university with a resume, not just a diploma.

SALT LAKE COMMUNITY COLLEGE

Salt Lake Community College is a public, open-access, comprehensive community college committed to serving the broader community. Its mission is to provide quality higher education and lifelong learning to people of diverse cultures, abilities, and ages, and to serve the needs of community and government agencies, business, industry and other employers.

The College fulfills its mission by:

- offering associate degrees, certificate programs, career and technical education, developmental education, transfer education, and workforce training to prepare individuals for career opportunities and an enriched lifetime of learning and growing;
- offering programs and student support services that provide students opportunities to acquire knowledge and critical thinking skills, develop self-confidence, experience personal growth, and value cultural enrichment;
- maintaining an environment committed to teaching and learning, collegiality, and the respectful and vigorous dialogue that nourishes active participation and service in a healthy democracy.

Tab A – Executive Summary

UTAH SYSTEM OF
HIGHER EDUCATION

Building a Stronger State of Minds

**UTAH SYSTEM OF HIGHER EDUCATION
2010 DATA BOOK**

The USHE Data Book is a compilation of reports on the Utah System of Higher Education and its ten component institutions. Some form of this book has been published each year since the creation of the Utah State Board of Regents and the Utah System of Higher Education in 1969. The book is intended to allow the Governor's Office, Legislators and legislative staff, USHE institutions, and the general public to query particular aspects of the Utah System of Higher Education. Examples of common questions that may be answered from the 2010 edition of the USHE Data Book are:

- How many and what types of degrees were awarded in the USHE in 2008-09? (Tab B)
- How did USHE enrollments differ from previous years? (Tab C)
- How much money does the USHE spend on Applied Technology Education? (Tab D)
- How do tuitions at the USHE's two-year and four-year colleges compare? (Tab E)
- What kind of financial aid is available at USHE institutions? (Tab F)
- What portion of the USHE is funded by entities other than the State of Utah? (Tab G)
- Has the way in which the State funds higher education changed over the years? (Tab H)
- What did it cost in 2008--09 to educate a student at one of the USHE institutions? (Tab I)
- How many hours per week do USHE faculty members spend teaching? (Tab J)
- How do faculty salaries in Utah compare to faculty salaries in other states? (Tab K)
- How is space inventory classified by each USHE institution? (Tab L)
- How do USHE institutions compare to their peers on key funding measures? (Tab M)

The USHE Data Book is designed to provide users the necessary information to perform data analyses on various data elements categorized in each of the twelve tabs. If questions arise about any of the data included in this book, please contact the Office of the Commissioner of Higher Education, Department of Institutional Research at (801) 321-7121.

Tab B – Degrees and Awards

UTAH SYSTEM OF
HIGHER EDUCATION

Building a Stronger State of Minds

DEGREES AND AWARDS

Background

This tab includes all degrees and awards granted by nine of the public institutions in the Utah System of Higher Education, and for comparative information, degrees and awards of traditional non-public institutions: Brigham Young University, Westminster College, and LDS Business College. Not included in this tab are degrees and awards granted by other private or proprietary institutions or the Utah College of Applied Technology (UCAT).

Explanation of Attachments

Tables 1 through 4 array the number and types of degrees awarded in Utah in 2008-09 by institution and by degree type. Tables 5 through 7 provide the distribution of awards by the key demographic categories of gender and ethnicity. Table 8 provides degrees and awards data by program (USHE institutions only.)

Tab C – Enrollments

UTAH SYSTEM OF
HIGHER EDUCATION

Building a Stronger State of Minds

ENROLLMENTS

Background

Five times a year, the USHE institutions submit to the Office of the Commissioner electronic files containing enrollment information on courses and students at the institutions. A historical database has been developed over the years that are the source material for the enrollment data reported in this tab. Various types of enrollment data are included here.

Explanation of Attachments

Tables 1 through 6 disaggregate recent student enrollments. These enrollment figures are presented according to various demographic and instructional categories including: age, gender, ethnicity, residency, class standing and level of instruction.

The enrollment history portion of the tab (Tables 7 through 10), is an extended historical data set of basic enrollment figures reported for each. The term FTE utilized frequently in this tab stands for full-time equivalent student. FTE is a statistical unit that equates to the amount of credit hours a student needs to take per semester in order to complete a four-year program in four years. For example, an undergraduate student taking 15 semester credit hours is considered one FTE student. For graduate students, 10 semester credit hours are considered one FTE student. Enrollments are also separated by budget status. Budget-related enrollments are those which are considered for state funding, while self-support enrollments are not eligible for state support. Tables 7 through 10 report budget-related enrollments only in the first section, and then report all enrollments (budget-related and self-support) in the second section.

Table 11 provides enrollment projections based on 20 years of enrollment history, state population projections from the Utah Population Estimate Committee (UPEC), and Governor's Office of Planning and Budget (GOPB), or High School enrollments data. Separate projection models were computed for each of the USHE institutions. The projections included here are intended to measure demand for enrollments in the USHE given the current policy climate and current Utah population projections.

Tab C - Enrollments - Executive Summary

Glossary of Terms

Headcount - a count of all students enrolled (regardless of the number of hours each takes) at a ushe institution on a specific date

FTE (Full-Time Equivalent) - a calculation based on the number of total credit and contact hours of all students enrollat at a ushe institutioir on a specific date divided by 15 for undergraduate and divided by 10 for graduate students. 15 credit hous for undergraduate student: per semester is considered 1 FTE. 10 credit hours for graduate students per semester is considered 1 FTE.

Annualized FTE - a calculation that sums all credit and contact hours of students enrolled in coursework from July1 1 through June 30 and divides the total by 30. 30 credit hours per year is considered 1 annualized FTE.

Budget-Related FTE - the number of FTE students that are eligible for state tax funds support.

Self-Support (non Budget-Related) FTE - the number of FTE students enrolled in coursework not considered eligible for state tax support (i.e. continuing education programs).

Notes:

⁽¹⁾ Reporting Change: In prior editions of the Data Book this table combined two data elements, Regent Residency Status, and Utah County of Origin to populate this table, which created some inconsistencies. Beginning in the 2003-04 edition, Table 5 included only county-of-origin. Residency is reported in Table 4 and Tables 7 through 10.

Career Technical Education

Background

Career Technical Education (CTE) includes a wide range of programs that focus on helping students, workers and lifelong learners of all ages fulfill their potential. CTE is delivered in all regions of the State by the colleges and universities within the Utah System of Higher Education. USHE institutions also work closely with the business and industry community to develop and deliver short-term programs specifically tailored to their workforce training needs. A variety of courses, certificates and associate degrees are offered that focus on the needs of individuals by providing students with:

- Applied skills for entry-level employment while laying the foundation for the academic and more advanced technical skills needed for lifelong career development.
- Education pathways that help students explore interests and careers in the process of progressing through school.
- Second-chance education and training for the unemployed and those seeking to upgrade their employability skills.
- Education to earn additional degrees, especially when related to career advancement.
- Corporate training, continuing education, skills upgrades and refresher courses for those already in the workplace.

Certificates of completion are awarded for short-term training programs or for the completion of a subset of courses required for an associate degree program. Certificates of completion may be credit or non-credit. Associate of Applied Science (AAS) degrees and Associate of Applied Technology (AAT) degrees are designed to lead students directly to employment. Associate of Arts (AA) and Associate of Science (AS) degrees are designed primarily to transfer to four-year institutions and meet the general education requirements of a Baccalaureate degree. Many AS and AA degrees also provide specific skill levels that enable students to directly enter the workforce.

Explanation of Attachments

Table 1 reflects the credit based CTE supported by USHE institutions and Table 2 reflects the non-credit based CTE supported by USHE institutions. Table 3 contains the budget-related FTE in Credit CTE courses. Tables 4a-4b reflect the credit and non-credit based FTE for CTE Supported by USHE. Table 5 identifies the number of certificates and degrees awarded in 2009-10 in CTE Fields. Tables 6a-6b identify the top five programs for both enrollment and completion for the traditional 9 USHE institutions. Table 7 reflects the maintenance of effort of the traditional 9 USHE institutions in supporting CTE related programs.

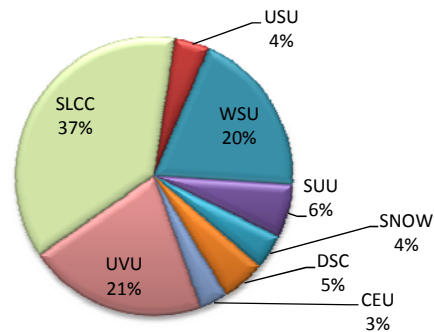

UTAH SYSTEM OF HIGHER EDUCATION

Building a Stronger State of MindsSM

Career and Technical Education (CTE) in the State of Utah is delivered via two methods credit-based and non-credit-based. Those students who enter into credit-based training are usually degree seeking students and will receive said training from one of Utah's traditional credit-granting Higher Education institutions. Students who enter into non-credit-based training are usually certificate seeking students and will most likely receive said training from one of the Career and Technical Education (CTE) centers associated with SLCC, CEU, and SNOW Colleges.

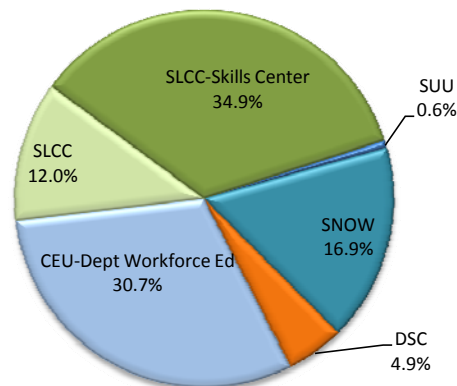

The following chart shows the percent of **credit-based** training for 2008-09. Salt Lake Community College served 36% of all the credit-based CTE training followed by UVU which served 20%, and Weber State University which served 19%.

2008-09 Budget-Related Headcount Enrollments in Credit CTE Courses

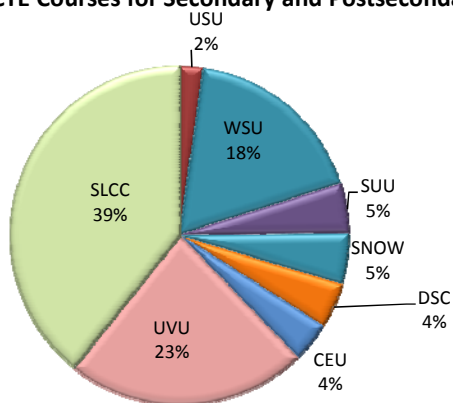

The following chart shows the percent of **non-credit-based** training for 2008-2009. In the USHE system, the SLCC-Skills Center provide the majority (35%) of the non-credit based training. Combined, the Skill Center and SLCC account for almost 50% of all students served by USHE in the area of non-credit CTE course enrollments.

2008-09 Budget-Related Headcount Enrollments in Non-Credit CTE Courses

The following chart shows the Total Credit-based and Non-Credit-based Budget-Related FTE Enrollments for 2008-09. Salt Lake Community College served 36% of the CTE Training needs of all USHE CTE training, UVU served 21%, and WSU served 16%.

2008-2009 Budget-Related FTE Enrollments in Credit and Non-Credit CTE Courses for Secondary and Postsecondary

The following table and chart show the number of awards (certificates and associates,) that have been awarded in CTE fields for 2008-09.

TUITION AND FEES

Background

The Higher Education Act of 1969 grants to the Board of Regents authority to set tuition and miscellaneous fee levels for each of the USHE institutions. Decisions on tuition and fees usually occur in two phases. In the fall, prior to the annual legislative session, the Regents adopt a preliminary first-tier, general percentage increase in tuition for the upcoming academic year. Following the legislative session, the Regents review their preliminary decision in light of legislative funding. USHE Presidents, in consultation with students, are allowed to recommend second-tier tuition increases targeting specific unmet budgetary needs at their respective institution. If approved by the Regents, institutions then submit tuition schedules that incorporate the increases. Proposed miscellaneous fee increases are approved by the Board of Regents at that time as well. This tab includes the Regents' action on tuition and fees through the 2009-10 academic year.

Explanation of Attachments

Tables 1 and 2 report 2009-10 resident undergraduate tuition for nine of the ten USHE institutions. Table 3 provides historical data on undergraduate tuition and fee levels for both resident and non-resident students. Table 4 illustrates a ten year undergraduate tuition by institution comparison for both resident and non-resident students. Table 5 arrays the miscellaneous fees charged at nine USHE institutions for 2009-10. Table 6 presents tuition and fees for resident and non-resident graduate students based on program type. Table 7 lists the percentage of undergraduate resident and non-resident tuition increases for the period ranging from 1999-2000 to 2009-10. Tables 8-11 show tuition and fee comparisons for USHE institutions to similar types of institutions for 2009-10.

Table 1

USHE 2009-10**Tuition by Semester Credit Hour Load****Resident Undergraduate Students**

| Dollar Inflator | | 5.684 | | 2.767 | | 1.691 | | 1.268 | | 1.000 | |

Notes:

(1) 2 Semesters at 15 Credit Hours Each

(2) Lower division (freshman & sophomore) rate only. Higher differential rate for upper division (junior and senior).

(3) Rate for undergraduate 2002-04 entering students. Higher differential rate for new students, and students enrolling in Business and Engineering courses.

(4) Average CPI for the state fiscal year based on the average of July through December of the previous year and January to June for the year listed. Because 2008-09 fiscal year data is not available, the December 2008 CPI is used. For complete time series see Tab G, Table 3, Consumer Price Index.

Table 5

USHE 2009-10 Tuition and Fees ⁽¹⁾ for Resident and Non-resident Undergraduate Students

| Southern Utah University | | | | | | |
| Education | \$4,742.00 | \$539.00 | \$5,281.00 | 15,646.00 | \$539.00 | \$16,185.00 |
| Other Masters Programs | 4,980.00 | \$539.00 | 5,519.00 | 16,438.00 | 539.00 | 16,977.00 |

Notes:

(1) 2 Semesters at 10 credit hours each, except for Medicine and Physician Assistant, which is based on the 'required' full time credit load.

(2) Regent policy allows institutions to propose differential graduate level tuitions by program.

(3) Education includes the Departments of Teaching and Learning; Education, Culture, and Society; and Special Education.

Source: IPEDS. Tuition and Fees in Public Higher Education 2009-2010

Notes:

(1) USHE institutions are ranked within the comparison group, with a ranking of "1" being the highest tuition and fee level.

(2) USHE institutions are reported at the 12 credit hour per semester for 2 semester rate, instead of 10 credit hours per semester as shown on Table 6.

(3) Simple average.

Notes:

(1) USHE institutions are ranked within the comparison group, with a ranking of "1" being the highest tuition and fee level.

(2) USHE institutions are reported at the 12 credit hour per semester for 2 semester rate, instead of 10 credit hours per semester as shown on Table 6.

(3) Simple average.

STUDENT FINANCIAL AID

This tab contains information on student financial aid programs in the Utah System of Higher Education (USHE). Similar programs are grouped together in different sections of the report. The sections are:

- I. State Student Financial Access Programs
- II. Federal Campus-based Student Financial Aid
- III. Program-based Student Financial Aid
- IV. Federal Family Education Loan Program
- V. Utah State Board of Regents Loan Purchase Program
- VI. Statutory Tuition Waivers
- VII. Tuition Set Asides for Need-based Financial Aid

I. STATE STUDENT FINANCIAL ACCESS PROGRAMS

INTRODUCTION

The following tables provide statistical information for two state sponsored programs administered by the Utah Higher Education Assistance Authority: The Utah Educational Savings Plan Trust (UESP) and the Utah Centennial Opportunity Program for Education (UCOPE) are described in further detail below.

Utah Educational Savings Plan (UESP)

The Utah Educational Savings Plan (UESP) is Utah's 529 college savings plan. The Utah State Legislature established UESP in 1996 to help families financially prepare for the cost of higher education. The program allows parents, grandparents, friends, and relatives to save for college on behalf of anyone, even for yourself.

The plan is a tax-advantaged program created under Internal Revenue Code Section 529. Earnings on UESP accounts are federal and Utah state tax free if used for qualified higher education expenses such as tuition, books, fees, and room and board. The funds can be used at any accredited college nationwide that participates in federal financial aid programs.

Utah taxpayers also receive a state tax credit for contributions. To receive the credit, it is required that the beneficiary be younger than 19 years of age at the time the account is established.

The Utah Educational Savings Plan is a direct-sold plan and offers ten investment options. The investment options utilize a combination of Vanguard mutual funds and the Utah Public Treasurer's Investment Fund. Option 1 is completely invested in the Utah Public Treasurer's Fund.

There are no fees or minimum deposits required to enroll. Account owners can deposit as little or as much as they want, when they want. For more information go to www.uesp.org or call 800.418.2551.

Utah Centennial Opportunity Program for Education (UCOPE)

UCOPE is a State supplement grant and work-study assistance award established by the Utah State Legislature. Program funds may be used for either grants or work-study awards to Utah resident students with demonstrated financial need, using the Federal needs analysis methodology. UCOPE funds are allotted to participating eligible institutions based on their population of resident students with high financial need as evidenced by award of Federal Pell Grants. In addition to USHE institutions, Brigham Young University, Westminster College and LDS Business College participate in the UCOPE Program.

II. FEDERAL CAMPUS-BASED STUDENT FINANCIAL AID

INTRODUCTION

The following tables provide statistical information concerning a number of federally-supported student financial aid programs. These programs all are "campus-based," including the LEAP Program (formerly known as SSIG) as operated in Utah. Awards under all five programs are required to be based on demonstrated financial need. Annual state appropriations to the Board of Regents provide for a part of the required matching funds for the FWS Program, and all required matching funds for the other four programs for USHE institutions. In addition to USHE institutions, Westminster College participates in the LEAP Program.

| <u>Program</u> | <u>Description</u> |
|--|--|
| <i>Federal Perkins Loans</i> | The Federal Perkins Loan Program provides low interest (5 percent) loans with a maximum 10 year repayment period to students with exceptional financial need. The Federal Perkins Loan Program is called a "campus-based" program since each institution is responsible for administering the program on its own campus. The matching requirement in this program is 25 percent of the capital contributions to the institutional loan fund. <i>Congress has not funded the Perkins Loan Program since FY 2006; however institutions continue to disburse from program funds from prior year contributions.</i> |
| <i>Federal Work-Study (FWS)</i> | The FWS Program provides jobs for financially needy undergraduate and graduate students who qualify for financial aid. Employers pay a portion of the student's wages while the FWS funds pay the remainder. FWS is also one of the campus-based programs with funding received directly from the U.S. Department of Education. Institutions are required to provide an annual match representing 25% of total Federal Work-Study funds. |
| <i>Federal Pell Grants</i> | The Federal Pell Grant Program is the largest federal student financial aid grant program. Federal Pell Grants are need-based awards to undergraduate students. Eligibility for Pell Grants is limited to students with the <i>greatest</i> financial need. Funding for the Federal Pell Grant Program comes directly from the U.S. Department of Education to the individual campuses. The Pell Grant Program is provided to every eligible applicant. For the 2007-2008 award year the maximum grant amount was \$4,310. |
| <i>Federal Supplemental Educational Opportunity Grants (FSEOG)</i> | The FSEOG Program is a grant program for undergraduate students with exceptional need. Awards of up to \$4,000 per year are available depending on the student's need and availability of funds. The FSEOG Program is also considered a campus-based program. Funding for the program is provided by the U.S. Department of Education. The State matching requirement is 33 percent of Federal funds (25% of total funds). |
| <i>Leveraging Educational Assistance Partnership (LEAP)</i> | The LEAP Program (formerly known as the State Student Incentive Grant or SSIG Program) is a grant program for undergraduate students with substantial financial need. Awards of up to \$2,500 per year are available depending on the student's need and available funds. Funding for the program is provided partially by the U.S. Department of Education with a minimum of 100 percent state matching and maintenance of effort requirement of the designated state agency. The LEAP Program in Utah operates on a decentralized basis with the individual institutions responsible for the determination of awards, using the Federal need analysis methodology. |

LEAP expenditures from institutions: LEAP Performance Report as of June 30 of AY 08/09

III. PROGRAM-BASED STUDENT FINANCIAL AID

INTRODUCTION

The following tables provide statistical information for program-based student financial aid programs administered by the Office of the Commissioner or the Utah Higher Educational Assistance Authority (UHEAA) or USHE institutions. These programs are: (1) the Western Interstate Commission for Higher Education (WICHE) exchange program, (2) the Regional Dental Education Program (RDEP), (3) the Terrel H. Bell Teaching Incentive Loan (TIL) program, (4) the New Century Scholarship Program, (5) the Utah Engineering and Computer Science Loan Forgiveness Program (UECLP), and (6) the institutionally-based Educationally Disadvantaged programs.

| <u>Program</u> | <u>Description</u> |
|---|---|
| <i>Western Interstate Commission for Higher Education (WICHE)</i> | WICHE's Professional Student Exchange Program enables students in 15 western states to enroll in selected out-of-state professional programs when those fields of study are not available at public institutions in their home state. Exchange students pay reduced levels of tuition and the state pays a support fee to the admitting schools to help cover the cost difference between resident and non-resident tuition. |
| <i>Regional Dental Exchange Program (RDEP)</i> | The Regional Dental Exchange Program (RDEP) enables 10 students each year to begin the study of dentistry. The first year of study is completed at the University of Utah School of Medicine. The final 3 years are completed through a contract with Creighton University. A private institution where students pay reduced tuition because of the RDEP contract. Beginning with the 2005 class, the RDEP program will function as a loan repayment program for students who are accepted to a School of Dentistry and the RDEP program if they return to Utah to practice dentistry after graduation. |
| <i>Terrel H. Bell Teaching Incentive Loan (TIL)</i> | The Terrel H. Bell Teaching Incentive Loan (TIL), (formerly the Utah Career Teaching Scholarship), is a state-funded program. The TIL program waives tuition and fees at the Utah public institutions of higher education, and pays toward tuition costs at BYU and Westminster College, for a period of up to four years. Recipients are required to pursue a teacher education program and to teach in Utah public or private schools for a period equal to the time they receive TIL assistance. If for some reason the recipient does not complete an education program and teach in a Utah public school, they are required to repay all TIL funds received with interest. |
| <i>New Century Scholarship Program</i> | The New Century Scholarship Program was created by the 1999 Utah Legislature to provide scholarship opportunities to Utah residents. Students must complete the requirements of an associate's degree or the approved math and science curriculum at a Utah System of Higher Education institution with at least a 3.0 cumulative GPA by September 1 of the year their class graduates from a Utah high school. The New Century Scholarship award for students attending an eligible 4-year public or non-profit private institution in Utah may equal up to 75 percent of an eligible student's tuition costs for up to 60 credit hours. |

| <u>Program</u> | <u>Description</u> |
|---|--|
| <i>Utah Engineering and Computer Science Loan Forgiveness Program (UECLP)</i> | The Utah Engineering and Computer Science Loan Forgiveness Program (UECLP) began in 2001 as part of the Engineering and Computer Science initiative created by the legislature and governor. The program provided qualified engineering and computer science students with a certificate of forgiveness which guarantees that upon completion of the requirements for loan forgiveness, the recipient will receive a direct credit for reduction of outstanding principal balances of the recipient=s outstanding Stafford or Perkins loans. |
| <i>Educationally Disadvantaged</i> | The Educationally disadvantaged program is funded by line item appropriations to 9 USHE Institutions. The appropriations are to be used to support the educational needs of students who, because of their social-economic status or demographics have historically been disadvantaged from pursuing a higher education. Funds may be spent on tuition assistance, counselors, advisor, or tutoring. |

Notes:

(1) The Student Exchange Program administered through the Western Interstate Commission for Higher Education (WICHE) and the Regional Dental Education Program (RDEP) assist Utah students in obtaining training in dentistry, veterinary medicine, optometry and podiatry under the interstate compact. Participating students pay resident tuition and general fees of the receiving state or reduced tuition at private institutions. The chart above is a summary of Utah's participation in these programs.

(1) RDEP assists Utah students obtain training in dentistry through a contract with Creighton University. Participating students begin studying at the University of Utah School of Medicine and then receive reduced tuition at the private institution. Beginning with the 2004 class, students who study at other institutions may receive partial loan forgiveness if they return to Utah to practice.

Notes:

(1) The Terrel H. Bell Teaching Incentive Loan (TIL) is designed to encourage outstanding students to pursue careers as teachers. The program is open to students enrolled in a program of study leading to teacher certification in a state-supported college or university, Brigham Young University, or Westminster College. Up to 365 students are awarded tuition and general fee waivers.

IV. FEDERAL FAMILY EDUCATION LOAN PROGRAM

INTRODUCTION

The Federal Family Education Loan Program (FFELP) currently consists of four types of long-term, low interest loans available for students and the parents of students enrolled in eligible post secondary education institutions. FFELP loans are made primarily by commercial lenders, and are insured against loss by designated guaranty agencies and reinsured by the federal government. Until September 1, 2008 consolidation loans were made in Utah directly by the State secondary market for student loans.

FFELP is the largest single source of student financial assistance in the nation. ¹In federal fiscal year 2009 national FFELP loan volume totaled \$57.4 billion spread over 11 million loans.

UTAH STUDENT LOAN PROGRAM

The Utah Higher Education Assistance Authority (UHEAA) is the designated guaranty agency in Utah. The tables on the following pages describe the loan volume and related statistics for loans guaranteed by UHEAA's Student Loan Guarantee Program (LGP).

BASIC PROGRAM PROVISIONS

A summary of the basic provisions for each of the FFELP loan programs is provided below:

Program

Description

Federal
Stafford Loans

The Federal Stafford Loan Program, named in honor of former Senator Robert Stafford, provides both subsidized and unsubsidized loans according to an individual student's financial need. For subsidized Stafford loan borrowers who demonstrate financial need, the federal government subsidizes (pays) the interest accruing while the student remains in school and during a six-month "grace" period. A student who does not qualify for the maximum amount through a subsidized loan may obtain additional funding within the authorized loan limit through an unsubsidized Stafford loan. Interest on unsubsidized Stafford loans during school and grace periods may either be paid as accrued or capitalized and added to the loan principal, at the borrower's option. Eligible students may borrow up to the following stafford loan amounts per academic year.

| | <i>Maximum Subsidized</i> | | | <i>Total (subsidized and unsubsidized)</i> | | |
|-----------------------------------|---------------------------|--------------|--------------|--|--------------|--------------|
| | FY 07 | FY 08 | FY 09 | FY 07 | FY 08 | FY 09 |
| <i>Dependent Undergraduates</i> | | | | | | |
| First Year | \$2,625 | \$3,500 | \$3,500 | \$2,625 | \$3,500 | \$5,500 |
| Second Year | \$3,500 | \$4,500 | \$4,500 | \$3,500 | \$4,500 | \$6,500 |
| Third Year and Beyond | \$5,500 | \$5,500 | \$5,500 | \$5,500 | \$5,500 | \$7,500 |
| <i>Independent Undergraduates</i> | | | | | | |
| First Year | \$2,625 | \$3,500 | \$3,500 | \$6,625 | \$7,500 | \$9,500 |
| Second Year | \$3,500 | \$4,500 | \$4,500 | \$7,500 | \$8,500 | \$10,500 |
| Third Year and Beyond | \$5,500 | \$5,500 | \$5,500 | \$10,500 | \$10,500 | \$12,500 |
| <i>Graduate Students</i> | | | | | | |
| All Years of Study | \$8,500 | \$8,500 | \$8,500 | \$18,500 | \$20,500 | \$20,500 |

The current cumulative Stafford amount for a dependent undergraduate student whose parent can borrow PLUS is \$31,000. An independent undergraduate student or a dependent student whose parent cannot borrow PLUS the aggregate limit is \$57,500. The cumulative loan limit for undergraduate and graduate study combined is generally \$138,500.

| <u>Program</u> | <u>Description</u> |
|-------------------------------------|---|
| Federal Stafford Loans (continued) | For the award year 2008-09 the interest rate on subsidized Stafford loans is 6.0 percent. The maximum repayment period, which begins six months after the student is no longer attending school on at least a half-time basis, is generally ten years. For first-time borrowers on or after 10/7/98, with debt in excess of \$30,000, the maximum repayment period is extended to 25 years. |
| Federal PLUS Loans | Federal PLUS Loans are available for parents of undergraduate students. PLUS loans are available for the student's cost of attendance remaining after deducting other financial aid. The interest rate on PLUS loans is 8.5 percent. Repayment begins when the loan is fully disbursed and extends over a maximum 10 year period, with possible extensions for approved deferments and forbearance. |
| Federal Graduate/ Professional PLUS | Graduate and professional degree students are now eligible to borrow under the PLUS Loan Program up to their cost of attendance minus other estimated financial assistance in both the FFEL and Direct Loan Program. The terms and conditions applicable to Parent PLUS Loans also apply to Graduate/Professional PLUS loans. |
| Federal Consolidation Loans | Federal Consolidation Loans allow borrowers to consolidate all student loans into one, extend the repayment period and keep monthly payments more manageable. For consolidation loan applications received on or after 10/1/98, the interest rate is a fixed rate based on the weighted average of the interest rates of the loans being consolidated, rounded up to the nearest 1/8 of a percent, not to exceed 8.25 percent. Repayment on a Federal Consolidation Loan begins when the loan is first disbursed. The length of the repayment period varies depending on the beginning balance of the consolidation loan plus the borrower's other education loans, with maximum repayment periods ranging from 10 years to 30 years. |

COHORT DEFAULT RATES

In June 1989, the U.S. Department of Education (ED) implemented a default reduction initiative to combat defaults in the FFEL Program. Under ED's default reduction plan, a "cohort" default rate is calculated and published for each participating school. Schools with default rates above specified percentages are subject to various sanctions or limitations. ED also began to publish informational cohort default rates for guaranty agencies and lenders, beginning with federal fiscal year 1991.

The cohort default rate is determined by the number of borrowers who entered repayment in the same year and by tracking this "cohort" group over a specified interval of time to determine the percentage of such borrowers who default. The formula for determining the fiscal 2006 cohort default rates is as follows:

$$\frac{\text{\# of Borrowers who entered repayment in Fiscal Year 2006 and defaulted in Fiscal 2006 or 2007}}{\text{\# of Borrowers who entered repayment in Fiscal Year 2006}}$$

The cohort default rates are calculated from data supplied by guaranty agencies through the National Student Loan Data System process as directed by ED. Only Subsidized Federal Stafford, Unsubsidized Federal Stafford, and Federal ²SLS Program Loans which qualify for federal reinsurance are included in the cohort default rate calculations. The formula described above is used to determine cohort default rates for schools with 30 or more borrowers entering repayment in fiscal 2006. For schools with fewer than 30 borrowers entering repayment in fiscal 2006 the cohort default rate is the average of the rates calculated for the three most recent fiscal years. Schools which have operated less than three years are considered too new for a meaningful rate to be calculated.

For 2006, UHEAA's cohort default rate (covering experience for all participating schools and lenders) was 2.8 percent. The national average for all programs was 5.2 percent.

²Federal SLS Loans have not been made since 1994. However, it is possible for a Federal SLS loan to be included in cohort default rate calculations under certain circumstances.

Notes:

* Paul Mitchell is a Utah-headquartered school with additional out-of-state campuses. This line reflects guarantees from its Utah location

** UCMT is a Utah-headquartered school with additional out-of-state campuses. This line only includes guarantees from its Utah locations.

Information on this chart is calculated from gross, annual guarantees without adjustments for partial cancellations.

V. UTAH STATE BOARD OF REGENTS LOAN PURCHASE PROGRAM

The Student Loan Purchase Program was formed in 1977 for the purpose of making loans to, and purchasing the loans of, qualified students attending eligible institutions of higher education. The Program, which began operations in January 1979, provides a secondary market for student loans which are guaranteed by the Utah Higher Education Assistance Authority (UHEAA) and originated by Utah lenders.

At the present time, 11 Utah lenders are originating student loans guaranteed by UHEAA. Of these 11 lenders, all 11 participate in the Board's secondary market activities and sell their loans to the Loan Purchase Program at or prior to the time the borrower leaves school and begins repayment.

From October 1987 to November 2008, the Loan Purchase Program originated consolidation loans which provide borrowers with the opportunity to combine eligible student loan debts into one, new consolidation loan.

Following is a table of student loans purchased and originated by the Loan Purchase Program since 1979:

Table 12

| Year Ending June 30 | Loans Purchased | Consolidation Loans Originated | Year Ending June 30 | Loans Purchased | Consolidation Loans Originated |
|------------------------|----------------------|-----------------------------------|------------------------|------------------------|-----------------------------------|
| 1979 | 21,320,674 | | 1995 | 173,243,574 | 22,021,231 |

| Subtotal | \$612,763,844 | \$43,173,506 | Subtotal | \$3,464,080,347 | \$1,500,791,578 |
| | | | TOTAL (all yrs) | \$4,076,844,191 | \$1,543,965,084 |

On June 30, 2009, the Loan Purchase Program's portfolio of student loans consisted of 194,923 borrowers with an aggregate outstanding balance totaling \$2,397,588,633. The student loan portfolio is financed through tax exempt and taxable student loan revenue bonds issued by the Board of Regents. On June 30, 2009, there were \$1,161,302,000 of tax exempt bonds and \$1,065,000,000 of taxable bonds outstanding. These bonds are secured by the assets of the Program and are not liabilities of the State of Utah. *Revised 12.30.2009*

FINANCIAL INFORMATION

Background

This Tab is a compilation of various financial reports on the USHE, including reports on specific funding sources, non-appropriated funding of the institutions, and revenue trend analysis.

Explanation of Attachments

Table 1 shows the percentage distribution of USHE institution education and general appropriated budgets from tax funds, tuition and fees, and other revenue.

Table 2 shows tuition and fee revenue information for the medical programs at the University of Utah.

Table 3 documents changes in the Consumer Price Index that form the basis for all inflation adjusted analysis in the Data Book.

Table 4 illustrates the USHE's share of state tax fund appropriations, compared to other state agencies.

Table 5 specifies uses of reimbursed overhead in the USHE.

Table 6 shows total institutional budgets in recent years, both the appropriated budget and other current funding. The appropriated budget is that funding traditionally included in the appropriations acts of the Utah Legislature. This funding usually includes state tax funds, tuition, mineral lease funding, and various other minor sources. Funding not included in the appropriated budget but included in other current revenues includes federal grants and contracts, gifts, federal student financial aid funding, and various other sources.

Notes:

Other Revenue represents a combination of current year other funds and a cumulative carryforward balance

2007-08 Budget contains both ongoing and one-time appropriated funds

2008-09: State Tax funds also include approximately 4 percent American Recovery and Reinvestment Act (federal stimulus monies)

2009-10: State Tax funds also include approximately 9 percent American Recovery and Reinvestment Act (federal stimulus monies)

Sources: 1999-00 to 2009-10 -- Governor's Office of Planning and Budget, *State of Utah Budget Summaries, FY 1999 thru FY 2009*;

Notes:

- (1) Over time, the Governor's Office of Planning and Budget has come to include the Utah Education Network and the Utah College of Applied Technology with the appropriations for the Utah System of Higher Education. As these additional programs have been transferred to the Higher Education budget, each continues to be presented individually in this table for historical comparison purposes.
- (2) Prior to 2001-02, the Utah College of Applied Technology was included mostly with Public Education and a small amount, less than 0.1%, in USHE.
- (3) Prior to 1998-99, the majority of Utah Education Network was included with Public Education.

Notes:

(1) Formerly called "Summary of Current Funds," Table 6 changed format in 2001-02 because of changes to College and University accounting required by the Governmental Accounting Standards Board (GASB) through Statements 34 and 35. Beginning with 2001-02, data is not comparable to prior years.

(2) This table does not include data from UCAT.

(3) "Revenue & Additions Above/(Below) Expenses & Deductions" should not be interpreted as an ending balance because adjustments have not been made for beginning balances

BUDGET HISTORY

Background

The information presented in the following tables has been prepared to provide an analysis of recent budget history for the USHE and for each individual institution. This is one of two data sets developed to provide a balanced basis for analysis of the relative funding positions of USHE institutions. The other data set is the USHE Cost Study (Tab I).

The report calculates USHE expenditures, tax funds, and tuition per FTE student for each of the past 10 years, based on the instruction-related line items appropriated by the Utah State Legislature. These calculations are provided on a current-dollar as well as a constant-dollar basis in order to show the effects that inflation has had on USHE spending levels.

Explanation of Attachments

Table 1 provides basic data on the net changes for the 10-year period, for each institution and total USHE. Table 2 provides basic data on the changes in State tax funds for the 10-year period. Source data for these reports are arrayed in Tables 3 thru 11 and Appendix 1.

Tab I – Cost Study

UTAH SYSTEM OF
HIGHER EDUCATION

Building a Stronger State of Minds

COST STUDY

Background

The USHE cost study provides information by major program on direct and calculated indirect instructional costs for each institution and for the total system.

Direct and indirect costs of instruction in courses creditable for degrees or other formal awards are broken down between Vocational Education, Lower Division, Upper Division, Basic Graduate, and Advanced Graduate courses, and the following figures are provided for each institutional category: (1) Total Appropriated Instructional Expenditures; (2) Calculated Estimated Full Cost of Instruction; (3) Annualized number of Academic Year Equivalent FTE Students; (4) Calculated Appropriated FTE Student/Faculty Ratio (students per faculty FTE); (5) Appropriated Direct Cost per FTE Student; and (6) Calculated Full Cost of Instruction per FTE Student.

Appropriated direct costs of instruction include applicable expenditures from Education and General line items plus other line items that support instruction except as noted.

Explanation of Attachments

A history of key elements of the cost study and summary tables from the 2008-09 cost study are provided in Tables 1 through 5, followed by schedules showing detail by institution. USHE instructional costs, student enrollment, faculty and student ratios desegregated by level and subject matter cluster are summarized in Tables 2 through 5. An Analysis of Full Costs for USHE in total and for each institution provides information on the indirect cost allocations by major program, and a Cost Study Summary provides both dollar amounts and amounts per FTE student for both full and direct costs of instruction.

In looking at the cost information for different institutions, the reader should keep in mind the factors that influence costs, particularly direct and indirect costs of instruction. These include level of instruction (advanced courses typically are more expensive), subject matter mix (Natural Sciences, Engineering, Fine Arts, and Health Professions typically are more expensive), institutional size, and amount of physical plant in relation to enrollment size.

| TABLE 2C Part-Time Faculty Teaching Workload Fall 2009 | 14 |

STAFFING

Background

As part of their overall master planning effort, the Board of Regents has adopted a policy on faculty teaching workload that defines standard teaching loads for faculty at each USHE institution (Policy R-485–Faculty Workload Guidelines). One of the reports provides data to allow the Regents to evaluate actual institutional performance against this policy. A second report, that provides a full statistical reporting of all USHE employees as of Fall Semester 2009, is the product of an overall process to improve the quality and quantity of system-level data available through the USHE.

Explanation of Attachments

Employee Count for Fall 2009 presents the full employee count of each USHE institution and for the system as a whole. Employees are grouped into two categories: Appropriated and Non-Appropriated. Each group of employees is categorized according to standard higher education functional categories (i.e. instruction, public service, research, etc.).

Report of Faculty Teaching Workload calculates average faculty contact hours, average instructional credit hours, and student credit hours per full-time regular faculty FTE and per part-time faculty headcount. These measures are arrayed by institution type for full-time regular faculty. Faculty contact hours are a measure intended to represent the actual contact time faculty have with students each week. Instructional credit hours reflect the published credit hour values of the classes' faculty members teach. Student credit hours equal instructional credit hours multiplied by the number of students in a given class.

SALARY AND COMPENSATION

Background

Two analyses are presented in this tab with regard to salary and compensation levels at USHE institutions.

The first analysis (Tables 1 through 9) outlines relationships over the past ten years between faculty salary and compensation levels at each USHE institution and other institutions of the same classification. The intent is to provide a historical comparison for faculty salary and compensation.

The second analysis (Table 11) presents a benchmark survey for USHE faculty and staff that compares each state-funded position to a market benchmark, if available. The analysis determines how many employees have a salary level less than 90 percent of the market average for similar positions, after adjusting for the value of the benefits package and the employee's longevity. The analysis then calculates the amount necessary to bring that salary level up to 90 percent of the market average. Data in this analysis are based on Fall 2009 salary information.

Explanation of Attachments

For the faculty salary and compensation comparison, data from four different points in time in the last ten years provide a historical comparison of not only how USHE faculty salary and compensation levels compare to other institutions, but also what the trend in salary and compensation levels is relative to peer institutions. The data are presented based on current dollars and inflation-adjusted constant dollars. Tables 1 through 9 provide this comparison for each USHE institution, with the comparison group listed at the top. The comparison divides faculty salary and compensation levels into five categories of faculty rank (professor, associate professor, assistant professor, instructor, and all ranks combined). Both a dollar amount and percent difference are identified between the USHE institution average levels and the comparison group average levels for each category of rank.

Table 10 shows Consumer Price Index information that is used to adjust the data in Tables 1 through 9 to constant FY 2007-08 dollars.

Table 11 contains a summary report of the Fall 2009 study that compares each state funded USHE employee with an appropriate benchmark position.

Background

The Utah System of Higher Education's (USHE) Qualification and Prioritization (Q & P) Process was developed to provide a quantified assessment of capital facility needs throughout the System. Following the Q&P guidelines established in Regents' Policy (R741), USHE institutions provide space inventory data to the Office of the Commissioner of Higher Education (OCHE) annually.

Explanation of Attachments

In order to obtain accurate and consistent data, four space categories have been established to standardize inventory reporting. Institutions are required to comply with the following definitions in relationship to these Q&P space categories.

Q&P Space: Q&P space is that space which is compared to standards used to evaluate the need for proposed capital development projects. It includes all space remaining after backing out Auxiliary, Hospital, and Institutional Unique space.

Auxiliary Space: Space associated with formally approved auxiliaries included in Regents' Policy R550, and appropriate prorations of space that directly support Intercollegiate Athletics and Student Recreation.

Hospital Space: University Hospital and associated health sciences space and clinics.

Institutional Unique Space: Space of the following types: public broadcasting facilities, museums and galleries, extension, farms, greenhouses, space shared with other USHE institutions (i.e., University Centers), student health clinics, hosting and conference centers (i.e., alumni house, institutional residence), public service theaters, specialized research/institution centers and labs (i.e., ROTC, Space Dynamics Lab, Edith Bowen School), public service day care and airport hangers.

The following tables provide detailed information regarding the inventory of square footage at each institution. Pages 2 and 3 provide information regarding space inventory totals for the USHE. Institutional specific data is located on pages 4 through 12. Institutional data is based on fall 2008 inventory figures.

COMPARISON GROUP FINANCIAL COMPARISONS

Background

This tab includes an annual analysis comparing each USHE institution with its approved list of peer institutions on a number of financial and statistical measures. Comparison data for USHE institutions and their peers was obtained from the National Center for Educational Statistic (NCES) IPEDS Data Center in January of 2010.

Explanation of Attachments

Tables 1 through 9 are broken down into two sections: the first section lists key expenditures comparing the Utah institutions to the appropriate comparison group; the second section lists key revenue relationships.

FTE enrollment is for Fall 2008.

All financial indicators are for fiscal year 2008.

A rank of 1 indicates the highest value in the respective column.
