#### **BUDGET HISTORY**

#### Background

The information presented in the following tables has been prepared to provide an analysis of recent budget history for the USHE and for each individual institution. This is one of two data sets developed to provide a balanced basis for analysis of the relative funding positions of USHE institutions. The other data set is the USHE Cost Study (Tab I).

The report calculates USHE expenditures, tax funds, and tuition per FTE student for each of the past 10 years, based on the instruction-related line items appropriated by the Utah State Legislature. These calculations are provided on a current-dollar as well as a constant-dollar basis in order to show the effects that inflation has had on USHE spending levels.

#### **Explanation of Attachments**

Table 1 provides basic data on the net changes for the 10-year period, for each institution and total USHE. Table 2 provides basic data on the changes in State tax funds for the 10-year period. Source data for these reports are arrayed in Tables 3 thru 11 and Appendix 1.
