THE UTAH SYSTEM OF HIGHER EDUCATION

The Utah System of Higher Education is comprised of eight public colleges and universities governed by the State Board of Regents, assisted by local Boards of Trustees. The System includes two research universities, four regional universities, and two community colleges. The missions of these eight institutions are described below.

UNIVERSITY OF UTAH

As the state's flagship institution, the University of Utah focuses on enhancing the state's reputation for high quality instruction, research and innovation, particularly at the graduate level. Its mission is to disseminate knowledge through teaching, publication, artistic presentation, and community engagement. The University of Utah is a major research institution that contributes to the economic base of the state through innovation, technology transfer and commercialization. The university is also the primary deliverer of trained professionals in medicine, pharmacy, law and engineering for the state.

UTAH STATE UNIVERSITY

As the state's land grant university, Utah State University provides research, public service and education in all corners of Utah. In addition to its extension services, the university also provides access to higher education through its community college role at its regional campuses and in areas of the state without easy access to higher education. USU is building upon its research capacity with an emphasis on aerospace, agriculture, life sciences, energy and engineering. Its regional campus role has expanded to include Utah State University-College of Eastern Utah (USU-CEU) with campuses in Price and Blanding Utah. Note: USU-Eastern has been combined into USU numbers where appropriate

WEBER STATE UNIVERSITY

Celebrating its 125th anniversary in 2014, Weber State University is a comprehensive regional state university that also retains a community college mission and serves as an educational, cultural and economic center for its region. Weber State University offers associate, baccalaureate and selected master degree programs in a broad variety of liberal arts, sciences, technical and professional fields. The university provides educational experiences for its students through extensive personal contact among faculty, staff and students in and out of the classroom. To accomplish its mission, the university, in partnership with the broader community, engages in research, artistic expression, public service, economic development, and community-based learning experiences in an environment that encourages freedom of expression while valuing diversity.

SOUTHERN UTAH UNIVERSITY

Southern Utah University is the state's designated liberal arts and sciences university. It provides a broad-based college experience, stressing experiential, integrative and personalized learning in a residential setting. SUU serves the entire state of Utah while maintaining varied programs to meet unique regional needs and concerns. SUU is a destination for students interested in the kinds of educational experiences typically found at a private university with the affordability of a public institution, with particular focus on high quality programs in the arts, sciences, pre-professional, professional and graduate fields.

[SNOW COLLEGE](#)

Snow College is an open enrollment, residential community college with campuses located in Ephraim and Richfield. Snow College offers two and four year degrees in a broad range of general/liberal education and vocational/technical programs. Snow College provides the opportunity for a small, personalized residential campus experience or online degree options. Students can complete degrees in Associate of Arts, Science or Applied Science, Bachelor of Music with an emphasis in commercial music, in addition to numerous specialized, short-term vocational training certificates and diplomas.

[DIXIE STATE UNIVERSITY](#)

Dixie State University is a regional university with a mission of providing general and liberal education, as well as applied technology programs. Students may earn Associate of Arts, Science or Applied Science degrees and certificates and Baccalaureate degrees. DSU is dedicated to serving its community with small class sizes, committed faculty and staff members who strive to create a memorable student experience. Dixie State is an open enrollment institution whose mission is focused on educational access for all students. The university enhances its campus community by promoting cultural and demographic diversity.

[UTAH VALLEY UNIVERSITY](#)

Utah Valley University is a comprehensive regional university dedicated to student success through certificates and diplomas. UVU offers a wide array of associate and baccalaureate degrees, and a targeted number of master's degrees. UVU is committed to preparing students for professional life through engaged learning and participation in serving the needs of the local community, and through the development of productive partnerships with government, civic associations and private industry.

[SALT LAKE COMMUNITY COLLEGE](#)

Salt Lake Community College is an open access, comprehensive community college. Offering a full range of academic programs and economic development opportunities, SLCC specializes in career and technical education, as well as general education for transfer to four-year institutions. SLCC is a leader in the translation of occupational competencies into college credit and small business innovation, growth and sustainability through training and access to business development infrastructure.

UTAH SYSTEM OF
HIGHER EDUCATION

Building a Stronger State of Minds

UTAH SYSTEM OF HIGHER EDUCATION 2014 DATA BOOK

The USHE Data Book is a compilation of reports on the Utah System of Higher Education and its eight component institutions. Some form of this book has been published each year since the creation of the Utah State Board of Regents and the Utah System of Higher Education in 1969. The book is intended to allow the Governor's Office, Legislators and legislative staff, USHE institutions, and the general public to query particular aspects of the Utah System of Higher Education.

Information available in the USHE 2014 Data Book covers twelve different subject areas:

Degrees & Awards (Tab B)	Budget History (Tab H)
Enrollments (Tab C)	Cost Study (Tab I)
Career and Technical Education (Tab D)	Salary Comparisons (Tab J)
Tuition and Fees (Tab E)	Salary Comparisons (Tab K)
Paying for College (Tab F)	Facilities (Tab L)
Financial Information (Tab G)	Comparable institutions (Tab M)

Changes to the 2014 Version of the Data Book

Tab C – Enrollments on data collected at the end of an academic term rather than the third-week point in time data set. Select tables using third week data will continued to be reported to allow for longitudinal comparisons.

Tab B – Degrees & Awards now offers additional information made available through the NCES/IPEDS reporting system which includes unduplicated headcounts of graduates by degree level as well as data from comparative institutions regarding graduation rates.

Tab G – Financial Information categories (in table 4) were realigned to match those used by the Legislative Fiscal Analyst (LFA). Table 6 – USHE Summary of Revenues and Expenses was discontinued as part of the data book.

The USHE Data Book is designed to provide users the necessary information to perform data analyses on various data elements categorized in each of twelve tabs. If questions arise about any of the data included in this book, please contact the Office of the Commissioner of Higher Education, Department of Institutional Research and Analysis at (801) 321-7121.

Highlights include:

Career Technical Education

Background

Career Technical Education (CTE) includes a wide range of programs that focus on helping students, workers and lifelong learners of all ages fulfill their potential. CTE is delivered in all regions of the State by the colleges and universities within the Utah System of Higher Education. USHE institutions also work closely with the business and industry community to develop and deliver short-term programs specifically tailored to their workforce training needs. A variety of courses, certificates and associate degrees are offered that focus on the needs of individuals by providing students with:

- Applied skills for entry-level employment while laying the foundation for the academic and more advanced technical skills needed for lifelong career development.
- Education pathways that help students explore interests and careers in the process of progressing through school.
- Second-chance education and training for the unemployed and those seeking to upgrade their employability skills.
- Education to earn additional degrees, especially when related to career advancement.
- Corporate training, continuing education, skills upgrades and refresher courses for those already in the workplace.

Certificates of completion are awarded for short-term training programs or for the completion of a subset of courses required for an associate degree program. Certificates of completion may be credit or non-credit. Associate of Applied Science (AAS) degrees and Associate of Applied Technology (AAT) degrees are designed to lead students directly to employment. Associate of Arts (AA) and Associate of Science (AS) degrees are designed primarily to transfer to four-year institutions and meet the general education requirements of a Baccalaureate degree. Many AS and AA degrees also provide specific skill levels that enable students to directly enter the workforce.

TUITION AND FEES

Background

Utah Code, Title 53B grants the Board of Regents with authority to set tuition and miscellaneous fees for each of the USHE institutions. Decisions on tuition and fees usually occur in two phases. In the fall, prior to the annual legislative session, the Board adopts a preliminary first-tier, general percentage increase in tuition for the upcoming academic year that is the same for each institution. Following the legislative session, the Board reviews its preliminary first-tier increases based on legislative funding and makes adjustments. USHE Presidents, in consultation with students, may recommend second-tier tuition increases that target specific unmet budgetary needs at their respective institution. These second-tier tuition increases are subject to approval by the Board of Regents. Proposed miscellaneous fee increases are approved by the Board at that time as well. This tab includes the Board's action on tuition and fees through the 2013-14 academic year.

Explanation of Attachments

Tables 1 and 2 report 2013-14 resident undergraduate tuition and fees for the eight USHE institutions. Table 3 contains the previous ten years of undergraduate tuition and fees for both resident and non-resident students. Table 4 provides historical data on undergraduate tuition by institution for both resident and non-resident students. Table 5 disaggregates the miscellaneous fees charged at eight USHE institutions for 2013-14. Table 6 presents tuition and fees for resident and non-resident graduate students based on program type. Table 7 lists the undergraduate resident and non-resident tuition percentage increases or decreases for the period ranging from 2004-05 to 2013-14. Tables 8 through 11 compare tuition and fees for USHE institutions and similar types of institutions for 2013-14. The comparison institutions are discussed in Tab M.

PAYING FOR COLLEGE

This tab contains information on student financial aid programs in the Utah System of Higher Education (USHE). Similar programs are grouped together in different sections of the report. The sections are:

- I. State Student Financial Access Programs
- II. Federal Campus-Based Student Financial Aid
- III. Program-Based Student Financial Aid
- IV. Federal Family Education Loan Program
- V. Utah State Board of Regents Loan Purchase Program
- VI. Statutory Tuition Waivers
- VII. Tuition Set Asides for Need-Based Financial Aid

I. STATE STUDENT FINANCIAL ACCESS PROGRAMS

INTRODUCTION

The following tables provide statistical information for two state sponsored programs administered by the Utah Higher Education Assistance Authority: the Utah Educational Savings Plan Trust (UESP) and the Higher Education Success Stipend Program (HESSP) – formerly UCOPE, described in further detail below.

UTAH EDUCATIONAL SAVINGS PLAN (UESP)

The Utah Educational Savings Plan (UESP) is a 529 college savings plan. It was authorized by the Utah State Legislature in 1996 and is designed to comply with Section 529 of the Internal Revenue Code. UESP is administered and managed by the Utah State Board of Regents and the Utah Higher Education Assistance Authority (UHEAA). UESP is the official and only 529 plan sponsored by the State of Utah.

About UESP.

As a nonprofit 529 college savings plan, UESP is dedicated to one purpose—helping families save for college. That’s why UESP:

- Will never pitch additional products or services like retirement plans or insurance
- Has among the lowest fees of all 529 plans, and no fees for Utah residents who select the Public Treasurers’ Investment Fund investment option

Individuals may open or contribute to a UESP college savings account directly through UESP, making it a *direct-sold* 529 plan.

Tax Advantages.

- Earnings on investments in UESP accounts grow tax deferred from federal and Utah state income taxes and are tax exempt when used for qualified higher education expenses.
- Utah individual taxpayers/residents and trusts may claim a five percent Utah state income tax credit—and Utah corporations may claim a deduction—for contributions to their UESP accounts up to certain limits. To be eligible for the Utah state income tax credit or deduction, the beneficiary of the UESP account must be designated before age 19.

Use of Funds.

- Funds saved in a UESP account can be used for a beneficiary’s qualified higher education expenses, including tuition and fees; required books, supplies, and equipment (including computers, if required by the school); and even certain room and board costs.

- The funds can be used at any accredited college, university, or technical school that participates in federal financial aid programs for students in the United States or abroad, not just at institutions in Utah. Go to fafsa.ed.gov to see a list of eligible schools.

Flexibility.

- UESP does not have mandatory initial or ongoing contribution requirements—account owners can open an account with a zero balance and start saving when the time is right.
- A beneficiary may be any U.S. citizen or resident alien with a valid U.S. Social Security or Taxpayer Identification Number. Account owners may change the beneficiary without income tax consequences as long as the new beneficiary is a “member of the family” (as defined by Section 529) of the preceding beneficiary. However, if the account’s beneficiary is changed from someone who was younger than age 19 at the time the account was established to someone who is age 19 or older, the account owner must recapture Utah state income tax credits or deductions claimed in any prior tax year.
- UESP allows account owners to be changed at any time as long as the account owner is at least age 18 with a valid U.S. Social Security or Taxpayer Identification Number.
- Account owners may designate a primary and a secondary successor account owner.

Choice of Savings Strategy.

UESP offers 14 investment options, allowing account owners to choose their own investment strategy.

Choices include:

- Four age-based investment options
- Eight static investment options
- Two customized investment options

For more information about UESP or to request a copy of the Program Description, go to uesp.org or call toll-free at 800.418.2551.

###

Read the Program Description for more information and consider all investment objectives, risks, charges, and expenses before investing. Call 800.418.2551 for a copy of the Program Description or visit uesp.org.

Investments in UESP are not guaranteed by UESP, the Utah State Board of Regents, the Utah Higher Education Assistance Authority (UHEAA) or any other state or federal agency. However, Federal Deposit Insurance Corporation (FDIC) insurance is provided for the FDIC-insured savings account. Please read the Program Description to learn about the FDIC-insured savings account. Your investment could lose value.

Non-Utah taxpayers and residents: You should determine whether the state in which you or your beneficiary pay taxes or live offers a 529 plan that provides state tax or other benefits not otherwise available to you by investing in UESP. You should consider such state tax treatment and benefits, if any, before investing in UESP.

HIGHER EDUCATION SUCCESS STIPEND PROGRAM (HESSP)

HESSP (formerly UCOPE) is a State supplement grant and work-study assistance award established by the Utah State Legislature. Program funds may be used for either grants or work-study awards to Utah resident students with demonstrated financial need, using the Federal needs analysis methodology. HESSP funds are allotted to participating eligible institutions based on their population of resident students with high financial need as evidenced by award of Federal Pell Grants. In addition to USHE institutions, Brigham Young University, Westminster College, LDS Business College, and the UCAT campuses participate in the HESSP Program.

Notes:

The 2004 legislature authorized participating UCOPE institutions to use up to 10% of the UCOPE funds for Cesar Chavez Scholarships.

The Cesar Chavez Scholarship portion was removed by the Legislature when the program name changed.

LDS Business College (LDSBC)

HESSP data is compiled from annual reports provided by the participating Institutions for the 2013 AY

Administrative Expenses are added into the Total Expended

II. FEDERAL CAMPUS-BASED STUDENT FINANCIAL AID

INTRODUCTION

The following tables provide statistical information concerning a number of federally-supported student financial aid programs. These programs all are campus-based, including the Leveraging Educational Assistance Partnership (LEAP) Program, as operated in Utah. Awards under all five programs are required to be based on demonstrated financial need. Annual state appropriations to the Board of Regents provide part of the required matching funds for the Federal Work Study (FWS) Program, and all required matching funds for the other four programs for USHE institutions. In addition to USHE institutions, Westminster College participates in the LEAP Program (NOTE: LEAP has been zero funded by the Federal budget since 2011-2012).

FEDERAL PERKINS LOANS

The Federal Perkins Loan Program provides low interest (five percent) loans with a maximum 10 year repayment period to students with exceptional financial need. The Federal Perkins Loan Program is called a campus-based program since each institution is responsible for administering the program on its own campus. The matching requirement in this program is 25 percent of the capital contributions to the institutional loan fund. *Congress has not funded the Perkins Loan Program since FY 2006; however institutions continue to disburse from program funds from prior year contributions.*

FEDERAL WORK-STUDY (FWS)

The FWS Program provides jobs for financially needy undergraduate and graduate students who qualify for financial aid. Employers pay a portion of the students' wages while the FWS funds pay the remainder. FWS is also one of the campus-based programs with funding received directly from the U.S. Department of Education. Institutions are required to provide an annual match representing 25 percent of total Federal Work-Study funds.

FEDERAL PELL GRANTS

The Federal Pell Grant Program is the largest federal student financial aid grant program. Federal Pell Grants are need-based awards to undergraduate students. Eligibility for Pell Grants is limited to students with the *greatest* financial need. Funding for the Federal Pell Grant Program comes directly from the U.S. Department of Education to the individual campuses. The Pell Grant Program is provided to every eligible applicant. For the 2012-2013 award year the maximum grant amount was \$5,550.

FEDERAL SUPPLEMENTAL EDUCATIONAL OPPORTUNITY GRANTS (FSEOG)

The FSEOG Program is a grant program for undergraduate students with exceptional need. Awards of up to \$4,000 per year are available depending on the student's need and availability of funds. The FSEOG Program is also considered a campus-based program. Funding for the program is provided by the U.S. Department of Education. The State matching requirement is 33 percent of Federal funds (25 percent of total funds).

LEVERAGING EDUCATIONAL ASSISTANCE PARTNERSHIP (LEAP)

The LEAP Program (formerly known as the State Student Incentive Grant or SSIG Program) is a grant program for undergraduate students with substantial financial need. Awards of up to \$2,500 per year are available depending on the student's need and available funds. Funding for the program is provided partially by the U.S. Department of Education with a minimum of 100 percent state matching and maintenance of effort requirement of the designated state agency. The LEAP Program in Utah operates on a decentralized basis with the individual institutions responsible for the determination of awards, using the Federal need analysis methodology. *(This program will not be funded starting 2011-12.)*

III. PROGRAM-BASED STUDENT FINANCIAL AID

INTRODUCTION

The following tables provide statistical information for program-based student financial aid programs administered by the Office of the Commissioner or the Utah Higher Educational Assistance Authority (UHEAA) or USHE institutions. These programs are: (1) the Western Interstate Commission for Higher Education (WICHE) exchange program, (2) the Regional Dental Education Program (RDEP), (3) the Terrel H. Bell Teaching Incentive Loan (TIL) program, and (4) the institutionally-based Educationally Disadvantaged programs.

WESTERN INTERSTATE COMMISSION FOR HIGHER EDUCATION (WICHE)

WICHE's Professional Student Exchange Program enables students in 15 western states to enroll in selected out-of-state professional programs when those fields of study are not available at public institutions in their home state. Exchange students pay reduced levels of tuition and the state pays a support fee to the admitting schools to help cover the cost difference between resident and non-resident tuition.

REGIONAL DENTAL EXCHANGE PROGRAM (RDEP)

The Regional Dental Exchange Program (RDEP) enables 10 students each year to begin the study of dentistry. The first year of study is completed at the University of Utah School of Medicine. The final 3 years are completed through a contract with Creighton University, a private institution where students pay reduced tuition because of the RDEP contract. Beginning with the 2005 class, the RDEP program will function as a loan repayment program for students who are accepted to a School of Dentistry and the RDEP program if they return to Utah to practice dentistry after graduation.

TERREL H. BELL TEACHING INCENTIVE LOAN (TIL)

The Terrel H. Bell Teaching Incentive Loan (TIL) program, formerly the Utah Career Teaching Scholarship, is state-funded. The program waives tuition and fees at the Utah public institutions of higher education, and pays toward tuition costs at BYU and Westminster College, for a period of up to four years. Recipients are required to pursue a teacher education program and to teach in Utah public or private schools for a period equal to the time they receive TIL assistance. If for some reason the recipient does not complete an education program and teach in a Utah public school, they are required to repay all TIL funds received with interest.

EDUCATIONALLY DISADVANTAGED

The Educationally disadvantaged program is funded by line item appropriations to nine USHE institutions. The appropriations are to be used to support the educational needs of students who, because of their social-economic status or demographics, have historically been disadvantaged from pursuing a higher education. Funds may be spent on tuition assistance, counselors, advisor, or tutoring.

Notes:

(1) The Student Exchange Program administered through the Western Interstate Commission for Higher Education (WICHE) and the Regional Dental Education Program (RDEP) assist Utah students in obtaining training in dentistry, veterinary medicine, optometry and podiatry under the interstate compact. Participating students pay resident tuition and general fees of the receiving state or reduced tuition at private institutions. The chart above is a summary of Utah's participation in these programs:

(2) For 2012-2013, the State Board of Regents have discontinued funding new, first year, veterinary medicine students now that USU has a veterinary medicine program. In 2009, the Legislature cut WICHE state appropriation from \$1,021,900 to \$854,900

(3) RDEP assists Utah students to obtain training in dentistry through a contract with Creighton University. Participating students begin studying at the University of Utah School of Medicine and then receive reduced tuition at the private institution. Beginning with the 2004 class, students who study at other institutions may receive partial loan forgiveness if they return to Utah to practice.

Notes:

(1) The Terrel H. Bell Teaching Incentive Loan (TIL) is designed to encourage outstanding students to pursue careers as teachers. The program is open to students enrolled in a program of study leading to teacher certification in a state-supported college or university, Brigham Young University, or Westminster College. Up to 365 students are awarded tuition and general fee waivers.

Table 6

Utah Engineering and Computer Science Scholarship Program (UECSP) FY 2012-2013
 Planning Worksheet

NOTE: 2009-2010 was the first year of the UECSP. This scholarship program was created in the 2009 Utah State Legislative session, when the Utah Engineering & Computer Science Loan Forgiveness Program was changed to a scholarship program (SB105 ammended Utah Code 53B-6-105.7). Most schools involved in the scholarship program did not disburse any funds in 2009-10, but carried the funds to the next fiscal year (2010-2011). For program policy, see SBR Policy # R608.

Formula

- Two times the number of Associate Degrees*
- Four times the number of Bachelor Degrees*
- Two times the number of Masters Degrees*
- Five times the number of Doctoral Degrees*

Funds distributed based on the percentage of the whole

IV. FEDERAL FAMILY EDUCATION LOAN PROGRAM

INTRODUCTION

For 45 years the Federal Family Education Loan Program (FFELP) provided low interest educational loans for students and the parents of students enrolled in eligible postsecondary education institutions. FFELP loans, made primarily by commercial lenders, are insured against loss by designated guaranty agencies and reinsured by the federal government. This program was eliminated in favor of the Direct Loan Program with passage of the Health Care and Education Affordability Reconciliation Act of 2010 signed into law on March 30, 2010. Effective July 1, 2010, all federal education loans are made through the Direct Loan Program.

UTAH STUDENT LOAN PROGRAM

The Utah Higher Education Assistance Authority (UHEAA), as a subsidiary of the Utah State Board of Regents, served as the designated guaranty agency for FFELP loans in Utah from 1977 until June 30, 2010. Prior to September 1, 2008 consolidation loans were made in Utah directly by the State secondary market for student loans. The tables on the following pages describe the loan volume and related statistics for the FFELP loans guaranteed by UHEAA's Student Loan Guarantee Program (LGP).

BASIC PROGRAM PROVISIONS

A summary of the basic provisions for each of the FFELP loan programs is provided below:

FEDERAL STAFFORD LOANS

The Federal Stafford Loan Program, named in honor of former Senator Robert Stafford, provided both subsidized and unsubsidized loans according to an individual student's financial need. For subsidized Stafford loan borrowers who demonstrated financial need, the federal government subsidized (paid) the interest accruing while the student remained in school and during a six-month grace period. A student who did not qualify for the maximum amount through a subsidized loan could obtain additional funding within the authorized loan limit through an unsubsidized Stafford loan. Interest on unsubsidized Stafford loans during school and grace periods could either be paid as accrued or capitalized and added to the loan principal, at the borrower's option. Eligible students were able to borrow up to the following loan amounts per academic year:

<i>Annual Loan Limits – Stafford Loan</i>			
	Combined Base Limit for Subsidized and Unsubsidized	Additional Limit for Unsubsidized Loans	Total Limit for Unsubsidized Loans (less subsidized amounts)
Dependent Undergraduates			
First Year	\$3,500	\$2,000	\$5,500
Second Year	\$4,500	\$2,000	\$6,500
Third Year and Beyond	\$5,500	\$2,000	\$7,500
Independent Undergraduates			
First Year	\$3,500	\$6,000	\$9,500
Second Year	\$4,500	\$6,000	\$10,500
Third Year and Beyond	\$5,500	\$7,000	\$12,500
Graduate Students			
Graduate and Professional	\$8,500	\$12,000	\$20,500
Medical School	\$8,500	\$32,000	\$40,500

The cumulative Stafford amount for a dependent undergraduate student whose parent could borrow PLUS was \$31,000. An independent undergraduate student or a dependent student whose parent could not borrow PLUS the aggregate limit was \$57,500. The cumulative loan limit for undergraduate and graduate study combined was generally \$138,500 and \$224,000 for medical students.

SUBSIDIZED AND UNSUBSIDIZED DIRECT LOANS

For the award year 2012-13 the interest rate on subsidized Direct loans is 3.4 percent and the interest rate on unsubsidized Direct loans is 6.8 percent. The maximum repayment period, which begins six months after the student is no longer attending school on at least a half-time basis, is generally 10 years. For first-time borrowers on or after 10/7/98, with debt in excess of \$30,000, the maximum repayment period is extended to 25 years.

DIRECT PLUS LOANS

Direct PLUS Loans are available for parents of undergraduate students as well as graduate and professional degree students for an amount up to the student's remaining cost of attendance after deducting other financial aid. The interest rate on Direct PLUS loans is 7.9 percent. Repayment begins when the loan is fully disbursed and extends over a maximum 10 year period, with possible extensions for approved deferments (including in-school deferment) and forbearance.

FEDERAL CONSOLIDATION LOANS

Federal Consolidation Loans allow borrowers to consolidate all student loans into one, extend the repayment period, and keep monthly payments more manageable. For consolidation loan applications received on or after 10/1/98, the interest rate is a fixed rate based on the weighted average of the interest rates of the loans being consolidated, rounded up to the nearest 1/8 of a percent, not to exceed 8.25 percent. Repayment on a Federal Consolidation Loan begins when the loan is first disbursed. The length of the repayment period varies depending on the beginning balance of the consolidation loan plus the borrower's other education loans, with maximum repayment periods ranging from 10 years to 30 years.

COHORT DEFAULT RATES

In June 1989, the U.S. Department of Education (ED) implemented a default reduction initiative to combat defaults in the FFEL Program. Under ED's default reduction plan, a "cohort" default rate is calculated and published for each participating school. Schools with default rates above specified percentages are subject to various sanctions or limitations. ED also began to publish informational cohort default rates for guaranty agencies and lenders, beginning with federal fiscal year 1991.

The cohort default rate is determined by the number of borrowers who entered repayment in the same year and by tracking this "cohort" group over a specified interval of time to determine the percentage of such borrowers who default.

The formula for determining the fiscal 2010 3-year cohort default rates is as follows:

$$\frac{\text{\# of Borrowers who entered repayment in Fiscal Year 2010 and defaulted in Fiscal 2010 or 2011 or 2012}}{\text{\# of Borrowers who entered repayment in Fiscal Year 2010}}$$

The formula for determining the fiscal 2011 2-year cohort default rates is as follows:

$$\frac{\text{\# of Borrowers who entered repayment in Fiscal Year 2011 and defaulted in Fiscal 2011 or 2012}}{\text{\# of Borrowers who entered repayment in Fiscal Year 2011}}$$

The cohort default rates are calculated from data supplied by guaranty agencies through the National Student Loan Data System process as directed by ED. Only Subsidized Federal Stafford, Unsubsidized Federal Stafford, and Federal ¹SLS Program Loans which qualify for federal reinsurance are included in the

¹Federal SLS Loans have not been made since 1994. However, it is possible for a Federal SLS loan to be included in cohort default rate calculations under certain circumstances.

cohort default rate calculations. The formula described above is used to determine cohort default rates for schools with 30 or more borrowers entering repayment in fiscal 2011. For schools with fewer than 30 borrowers entering repayment in fiscal 2011 the cohort default rate is the average of the rates calculated for the three most recent fiscal years. Schools which have operated less than three years are considered too new for a meaningful rate to be calculated.

For 2010, UHEAA's 3-year cohort default rate was 4.4 percent, and for 2011, UHEAA's 2-year cohort default rate was 2.6 percent. The national average for all programs was 14.7 percent for the 2009 3-year rate and 10.0 percent for the 2010 2-year rate.

Notes:

*Beginning July 1, 2010 all Federal student loans have been made through the Direct Loan Program.

** Paul Mitchell is a Utah-headquartered school with additional out-of-state campuses. This line reflects guarantees from its Utah locations.

*** UCMT is a Utah-headquartered school with additional out-of-state campuses. This line reflects guarantees from its Utah locations.

Information on this chart reflects adjustments to gross guarantees for cancellations and refunds as of June 30, 2010.

V. UTAH STATE BOARD OF REGENTS LOAN PURCHASE PROGRAM

The Student Loan Purchase Program was formed in 1977 for the purpose of making loans to, and purchasing the loans of, qualified students attending eligible institutions of higher education. The Program, which began operations in January 1979, provided a secondary market for student loans which are guaranteed by the Utah Higher Education Assistance Authority (UHEAA) and originated by Utah lenders.

In October 1987 the Loan Purchase Program originated consolidation loans which provide borrowers with the opportunity to combine eligible student loan debts into one, new consolidation loan.

Following is a table of student loans purchased and originated by the Loan Purchase Program since 1979:

Table 10
Student Loans Purchased by Loan Purchase Program Since 1979

Year Ending June 30	Loans Purchased	Consolidation Loans Originated	Year Ending June 30	Loans Purchased	Consolidation Loans Originated
1979	21,320,674		1995	173,243,574	22,021,231

1994	84,119,891	13,602,362	2010	386,256,681	-
			TOTAL (all yrs)	\$4,472,760,020	\$1,543,965,486

On November 30, 2013, the Loan Purchase Program's portfolio of student loans consisted of 105,283 borrowers with an aggregate outstanding balance totaling \$1,332,888,362. The student loan portfolio is financed through tax exempt and taxable student loan revenue bonds issued by the Board of Regents. On November 30, 2013, there were \$435,400,000 of tax exempt bonds and \$693,585,353 of taxable bonds outstanding. These bonds are secured by the assets of the Program and are not liabilities of the State of Utah. *Revised 12.17.2013*

FINANCIAL INFORMATION

Background

This Tab is a compilation of various financial reports on the USHE, including reports on specific funding sources, non-appropriated funding of the institutions, and revenue trend analysis.

Explanation of Attachments

Table 1 shows the percentage distribution of USHE institution education and general appropriated budgets from tax funds, tuition and fees, and other revenue.

Table 2 shows tuition and fee revenue information for the medical programs at the University of Utah.

Table 3 documents changes in the Consumer Price Index that form the basis for all inflation adjusted analysis in the Data Book.

Table 4 illustrates the USHE's share of state tax fund appropriations, compared to other state agencies.

Table 5 specifies uses of reimbursed overhead in the USHE.

BUDGET HISTORY

Background

The information presented in the following tables has been prepared to provide an analysis of recent budget history for the USHE and for each individual institution. This is one of two data sets developed to provide a balanced basis for analysis of the relative funding positions of USHE institutions. The other data set is the USHE Cost Study (Tab I).

This report calculates USHE expenditures, tax funds, and tuition per FTE student for each of the past 10 years, based on the instruction-related line items appropriated by the Utah State Legislature. These calculations are provided on a current-dollar as well as a constant-dollar basis in order to show the affects that inflation has had on USHE spending levels.

Explanation of Attachments

Table 1 provides basic data on the net changes for the 10-year period, for each institution and the total USHE. Table 2 provides basic data on the changes in state tax funds for the 10-year period. Source data for these reports are arrayed in Tables 3 thru 11 and Appendix 1.

COST STUDY

Background

The USHE cost study provides information by major program on direct and calculated indirect instructional costs for each institution and for the total system.

Direct and indirect costs of instruction in courses creditable for degrees or other formal awards are broken down between Vocational Education, Lower Division, Upper Division, Basic Graduate, and Advanced Graduate courses, and the following figures are provided for each institutional category: (1) Total Appropriated Instructional Expenditures; (2) Calculated Estimated Full Cost of Instruction; (3) Annualized number of Academic Year Equivalent FTE Students; (4) Calculated Appropriated FTE Student/Faculty Ratio (students per faculty FTE); (5) Appropriated Direct Cost per FTE Student; and (6) Calculated Full Cost of Instruction per FTE Student.

Appropriated direct costs of instruction include applicable expenditures from Education and General line items plus other line items that support instruction except as noted.

Explanation of Attachments

A history of key elements of the cost study and summary tables from the 2012-13 cost study are provided in Tables 1 through 5, followed by schedules showing detail by institution. USHE instructional costs, student enrollment, faculty and student ratios desegregated by level and subject matter cluster are summarized in Tables 2 through 5. An Analysis of Full Costs for USHE in total and for each institution provides information on the indirect cost allocations by major program, and a Cost Study Summary provides both dollar amounts and amounts per FTE student for both full and direct costs of instruction.

In looking at the cost information for different institutions, the reader should keep in mind the factors that influence costs, particularly direct and indirect costs of instruction. These include level of instruction (advanced courses typically are more expensive), subject matter mix (Natural Sciences, Engineering, Fine Arts, and Health Professions typically are more expensive), institutional size, and amount of physical plant in relation to enrollment size.

TABLE 2A USHE Regular Faculty Teaching Workload Fall 2013 12

TABLE 2B Four Year Comparison of Regular Faculty Teaching Workloads 12

TABLE 2C Part-Time Faculty Teaching Workload Fall 2013 13

STAFFING

Background

As part of its overall master planning effort, the Board of Regents has adopted a policy on faculty teaching workload that defines standard teaching loads for faculty at each USHE institution (Policy R485, Faculty Workload Guidelines). The reports in this tab provide data to allow the Regents to evaluate the actual institutional performance compared to the policy. The full statistical reporting of all USHE employees as of Fall Semester 2013, is the product of an overall process to improve the quality and quantity of system-level data available through the system.

Explanation of Attachments

The report on Employee Count presents the full employee count of each USHE institution and for the system as a whole. Employees are grouped into two categories: Appropriated and Non-Appropriated. Each group of employees is categorized according to standard higher education functional categories (i.e. instruction, public service, research, etc.).

Reports of Faculty Teaching Workload calculate average faculty contact hours, average instructional credit hours, and student credit hours per full-time regular faculty FTE and per part-time faculty headcount. These measures are arrayed by institution type for full-time regular faculty. Faculty contact hours are a measure intended to represent the actual contact time faculty have with students each week. Instructional credit hours reflect the published credit hour values of the classes that faculty members teach. Student credit hours equal instructional credit hours multiplied by the number of students in a given class.

SALARY AND COMPENSATION

Explanation of Attachments

For the faculty salary and compensation comparison, data from four different points in time in the last ten years provide a historical comparison of not only how USHE faculty salary and compensation levels compare to other institutions, but also what the trend in salary and compensation levels is relative to peer institutions, as designated by the publication *Academe*. The data are presented based on current dollars and inflation-adjusted constant dollars. Tables 1 through 8 provide this comparison for each USHE institution, with the comparison group listed at the top. The comparison divides faculty salary and compensation levels into four categories of faculty rank and a total (professor, associate professor, assistant professor, instructor, and all ranks combined). Both a dollar amount and percent difference are identified between the USHE institution average levels and the comparison group average levels for each category of rank.

Table 9 shows Consumer Price Index information that is used to adjust the data in Tables 1 through 8 to constant FY 2012-13 dollars.

FACILITIES

Background

The Utah System of Higher Education's (USHE) Needs Analysis Process was developed to provide a quantified assessment of capital facility needs throughout the System. Following the Needs Analysis guidelines established in Regents' Policy (R741), USHE institutions provide space inventory data to the Office of the Commissioner of Higher Education (OCHE) annually.

Explanation of Attachments

In order to obtain accurate and consistent data, four space categories have been established to standardize inventory reporting. Institutions are required to comply with the following definitions in relationship to these Needs Analysis space categories.

Needs Analysis Space: Needs Analysis space is that space which is compared to standards used to evaluate the need for proposed capital development projects. It includes all space remaining after backing out Auxiliary, Hospital, and Institutional Unique space.

Auxiliary Space: Space associated with formally approved auxiliaries included in Regents' Policy R550, and appropriate prorations of space that directly support Intercollegiate Athletics and Student Recreation.

Hospital Space: University Hospital and associated health sciences space and clinics.

Institutional Unique Space: Space of the following types: public broadcasting facilities, museums and galleries, extension, farms, greenhouses, space shared with other USHE institutions (i.e., University Centers), student health clinics, hosting and conference centers (i.e., alumni house, institutional residence), public service theaters, specialized research/institution centers and labs (i.e., ROTC, Space Dynamics Lab, Edith Bowen School), public service day care and airport hangers.

The following tables provide detailed information regarding the inventory of square footage at each institution. Pages 2 and 3 provide information regarding space inventory totals for the USHE. Institutional specific data is located on pages 4 through 11. Institutional data is based on fall 2013 inventory figures.

COMPARISON GROUP FINANCIAL COMPARISONS

Background

This tab includes an annual analysis comparing each USHE institution with its approved list of peer institutions on a number of financial and statistical measures. Comparison data for USHE institutions and their peers was obtained from the National Center for Educational Statistic (NCES) IPEDS Data Center in October of 2013.

Explanation of Attachments

Tables 1 through 8 are broken down into two sections: the first section lists key expenditures comparing the Utah institutions to the appropriate comparison group; the second section lists key revenue relationships.
