MEMORANDUM

TO: State Board of Regents

FROM: David L. Buhler

SUBJECT: University of Utah – Bonding Authorization for Construction of the Lassonde Living Learning Center, a Health Sciences Parking Structure, Replacement of Auxiliary Related Utilities Infrastructure, and for Refunding Outstanding Commercial Paper Notes and Revenue Bonds

Issue

The University of Utah (UU) has requested authorization of an approving resolution to issue up to \$200 million of revenue bonds in two categories:

- New project funding for the Lassonde Living Learning Center (\$45,238,000), a Health Sciences Parking Structure (\$19,980,000), and Replacement of Auxiliary Utilities Infrastructure (\$32,000,000)
- Refunding up to \$100 million of Series 2013B Commercial Paper (CP) General Refunding Notes with Revenue Bonds

In addition, UU is requesting approval to exercise the option authorized in the July 19, 2013 Board Meeting to extend the period for refunding currently outstanding revenue bonds from July 19, 2014 to July 19, 2015, so long as the amount issued and the other terms thereof are within the conditions and parameters set by the 2013 Resolutions.

Background

The legislature has authorized bonding for the three new money projects (Lassonde Living Learning Center in 2014; Utilities Infrastructure in 2014; and Health Sciences Parking Structure in 2012).

The Series 2013B Commercial Paper Notes were issued on July 29, 2013 with the understanding that they would be remarketed on their maturity dates as long as rates remained favorable and that UU could opt to refinance CP with tax-exempt fixed rate bonds on the call dates when they become eligible. This authorization will enable UU to refinance all or part of these notes as economic or structurally-beneficial opportunities arise.

The bonding resolution approved by the Board on July 19, 2013 authorized UU to refund existing debt with specific items to be refunded determined based on sensitivity analysis of bonds and market conditions when final bonding documents are prepared. To date, \$100,000,000 million of these bonds have been refinanced using the CP notes described above and \$32,785,000 was refinanced with revenue bonds issued on March 11, 2014. Extending the time period will enable the University to continue to look for refunding opportunities during this continuing low current interest rate environment.

The relevant parameters of the requested issue are:

- Principal amount not to exceed \$200,000,000 including costs of issuance and capitalized interest
- Interest rate not to exceed 6.0%
- Discount from par not to exceed 2.0%
- Final maturity not to exceed 25 years (10 years for the Infrastructure Project) from the date of issue
- May be non-callable or callable at the option of the University as determined at the time of sale

A copy of the request letter from UU, a Financing Summary from the University's financial consultant, and a draft of the Approving Resolution that provide additional detail about this request are attached for your review. Representatives from the University; Blake Wade, Bond Counsel with Ballard Spahr; and Kelly Murdock, Financial Advisor with RBC Capital Markets will be in attendance to provide additional information and answer questions from the Board.

Commissioner's Recommendation

The Commissioner recommends approval of the proposed Authorizing Resolution as well as authorization to extend issuance of bonds approved by the Board on July 19, 2013 until July 19, 2015.

David L. Buhler Commissioner of Higher Education

DLB/GLS/WRH Attachment

Office of the Vice President for Administrative Services

April 23, 2014

David L. Buhler Commissioner of Higher Education Utah System of Higher Education Board of Regents Building, Two Gateway 60 South 400 West Salt Lake City, Utah 84101-1284

Dear Dave:

The purpose of this letter is to inform you of the University of Utah's plans to submit a resolution (the "Resolution") to the State Board of Regents of the State of Utah (the "Regents" or the "Board"), to be considered during its May 2014 meeting at Weber State University, for the issuance of a General Revenue Bond or Bonds on behalf of the University of Utah (the "University") for the financing of several new money projects.

Within the same Resolution, the University will also be asking the Regents for an extension of approximately one year for the issuance of certain previously authorized refunding bond issues as well as seeking approval for the refunding of a portion or all of the Board's \$100 million Taxable Commercial Paper General Revenue Refunding Notes, Series 2013B (the "Notes").

<u>New Money Projects</u>. The University currently has three construction projects either underway or planned within the next few months for which General Revenue Bonds of the University have been proposed. Bonding authorization for each has been previously secured from the Utah State Legislature. The projects are as follows:

Infrastructure Project. This \$99 million legislatively approved project is currently underway. A total of \$35 million of state funding was provided in FY13 consisting of \$22 million of capital development funds and \$13 million of capital improvement funds. For FY14, \$7.5 million of capital improvement funds was authorized. During the 2014 legislative session, an agreement was reached between the Legislature and the University regarding the balance of funding needed for the project. House Bill 9 authorized the issuance of debt for the project in the amount of \$32 million plus costs of issuance, capitalized interest, and any debt service reserve. It also directed the State Building Board to allocate up to \$1.5 million annually until July 1, 2024 to contribute towards the debt service of this debt. House Bill 2 authorized the use of capital improvement funds over multiple years to fund the balance of the project cost. Based on this direction, the State Building Board has allocated \$13.5 million of capital improvement funds for FY15 with the intent of allocating the remaining balance of \$11 million in FY16. This project includes the replacement and upgrade of the distribution systems for campus electricity (including substations) and High Temperature Water (distribution of heat from a central plant).

University of Utah 201 South Presidents Circle, Room 209 Salt Lake City, Utah 84112-9012 Office Phone (801) 581-6404 Fax (801) 581-4972 David L. Buhler April 23, 2014 Page Two

Parking Project. The University received bonding authorization of \$19.98 million for this project during the 2012 Legislative Session. This parking facility is planned to be built in the south Health Sciences campus and is planned for 800-1,000 stalls. Repayment of debt service on the bonds will be covered from net parking revenues generated from this and other University parking facilities.

Lassonde Living Center. The University recently received a pledge of \$12 million (\$7 million for construction to be received over 5 years and a \$5 million bequeath) from Pierre Lassonde, an MBA alumnus, to support the construction and programs of the Lassonde Center, to provide a facility that will merge student workshop space with more than 400 residences (beds). During the 2014 Session of the Utah Legislature, bonding approval for this project was provided at an amount not-to-exceed \$45.238 million plus costs of issuance and capitalized interest, if necessary.

Extension of Refunding Authorization. On July 19, 2013, the Regents adopted a resolution stating that bonds previously approved for refunding purposes could be sold in multiple series and from time to time for a period of up to one year following its adoption. The Resolution to be presented to the Regents at its May 2014 meeting seeks an additional one-year extension of this refunding authorization to July 19, 2015.

Authorization to refund the Board's \$100,000,000 Taxable Commercial Paper General Revenue Refunding Notes, Series 2013B (the "Series 2013B Notes"). The Resolution also contains a request by the University for the Regents to authorize the issuance of additional refunding bonds under the General Indenture to refinance all or a portion of the Series 2013B Notes, as economic or structurallybeneficial opportunities arise.

It is the University's plan that upon securing the Regents' approval of the Resolution at its May 2014 meeting, its financing team will then proceed forward with finalizing the plan of finance, updating all bonding-related documents, securing ratings, selecting underwriters, etc., with the goal of issuing one series of bonds for the three aforementioned projects (as well as including any refunding bonds as deemed economically beneficial) sometime during June or July 2014. The University would also note that a portion of these bonds could be privately placed with one or more banks should there exist a cost benefit of such a transaction and that such flexibility has been built into the Resolution.

Please feel free to call me should you or others have questions about the details of this financing request.

Sincerely,

Amont B. Combe

Arnold B. Combe Vice President

After the meeting had been duly convened and called to order by the Chair, the roll had been called with the above result and after other matters not pertinent to this Resolution had been discussed, the Chair announced that one of the purposes of the meeting was the consideration of various matters with respect to the issuance and sale of the State Board of Regents of the State of Utah University of Utah General Revenue Bonds.

The following resolution was introduced in written form and after full discussion, pursuant to motion made by Regent ______ and seconded by Regent ______, was adopted by the following vote:

AYE:

NAY:

The resolution is as follows:

RESOLUTION

A RESOLUTION OF THE STATE BOARD OF REGENTS OF THE STATE OF UTAH AUTHORIZING THE ISSUANCE AND SALE OF ITS UNIVERSITY OF UTAH GENERAL REVENUE BONDS, IN THE AGGREGATE PRINCIPAL AMOUNT OF NOT TO EXCEED THE \$200,000,000; AUTHORIZING EXECUTION OF SUPPLEMENTAL INDENTURES. BOND PURCHASE AGREEMENTS, OFFICIAL STATEMENTS, ESCROW AGREEMENTS, AND OTHER DOCUMENTS REOUIRED IN CONNECTION THEREWITH; EXTENDING THE TIME FOR ISSUANCE OF CERTAIN PREVIOUSLY AUTHORIZED BONDS: AUTHORIZING THE TAKING OF ALL OTHER ACTIONS NECESSARY TO THE CONSUMMATION OF THE TRANSACTIONS CONTEMPLATED BY THIS RESOLUTION; AND RELATED MATTERS.

WHEREAS, the State Board of Regents of the State of Utah (the "Board") is established and exists under and pursuant to Section 53B-1-103, Utah Code Annotated 1953, as amended; and

WHEREAS, pursuant to the provisions of Title 53B, Chapter 1, Utah Code Annotated 1953, as amended, the Board is authorized to act as the governing authority of University of Utah (the "University") for the purpose of exercising the powers contained in Title 53B, Chapter 21, Utah Code Annotated 1953, as amended, the Utah Refunding Bond Act, Title 11, Chapter 27, Utah Code Annotated 1953, as amended, and the Industrial Facilities and Development Act, Title 11, Chapter 17, Utah Code Annotated 1953, as amended (collectively, the "Act"); and

WHEREAS, on March 29, 2013, the Board adopted a resolution (the "March 2013 Resolution") authorizing the issuance of not to exceed \$550,000,000 of general revenue and refunding bonds of the University for the purpose of financing and refinancing various projects (the "2013 Resolution Bonds"); and

WHEREAS, on July 19, 2013, the Board adopted a resolution (the "July 2013 Resolution" and collectively with the March 2013 Resolution, the "2013 Resolutions") stating that the 2013 Resolution Bonds could be issued in multiple series and from time to time for a period of up to one year following adoption of the July 2013 Resolution; and

WHEREAS, pursuant to the 2013 Resolutions and a General Indenture of Trust dated as of July 1, 2013, between the Board and Wells Fargo Bank, N.A., as trustee (the "Trustee"), as heretofore amended and supplemented (the "General Indenture"), the Board previously issued, for and on behalf of the University, various series of its General Revenue Bonds; and WHERAS, the 2013 Resolutions permitted that the Board have the option to extend the period for the issuance of the 2013 Resolution Bonds for an additional year, and the Board desires to approve this extension from July 19, 2014 to July 19, 2015; and

WHEREAS, pursuant to the General Indenture the Board has issued its \$100,000,000 Taxable Commercial Paper General Revenue Refunding Notes, Series 2013B (the "Series 2013B Notes") and the Board and the University desire to authorize the issuance of additional refunding bonds under the General Indenture to refinance the Series 2013B Notes, as the opportunity is beneficial to the Board and the University; and

WHEREAS, pursuant to the following sections of Utah Code Annotated 1953, as amended (the "Utah Code"), the Board, for and on behalf of the University, is authorized to issue bonds for the purpose of financing the costs of the following projects (collectively, the "Projects"):

| LEGISLATIVE AUTHORIZATION PURSUANT TO UTAH CODE SECTIONS: | PROJECT | <u>AUTHORIZED</u> <u>AMOUNT*</u> |
|--|---|-------------------------------------|
| 63B-23-101(1) | Construction of Lassonde Living Center (the "Lassonde Project") | \$45,238,000* |
| 63B-23-101(2) | Replacement of utility distribution infrastructure (the "Infrastructure Project") | \$32,000,000* |
| 63B-21-102(3) | Construction of parking structure in Health Sciences area (the "Parking Project") | \$19,980,000 |

*Together with other amounts necessary to pay costs of issuance, to pay capitalized interest and fund any debt service reserve requirements.

; and

WHEREAS, the Board desires to (i) finance the Projects (including capitalized interest), (ii) refund all or any portion of the Series 2013B Notes, and (iii) pay costs of issuance related thereto; and

WHEREAS, to accomplish the purposes set forth in the preceding recital, the Board desires to authorize and approve the issuance and sale of its University of Utah General Revenue Bonds (with such additional or other title and/or series designation(s) as may be determined by the officers of the Board) (the "2014 Resolution Bonds") in an aggregate principal amount of not to exceed \$200,000,000, pursuant to the General Indenture and Supplemental Indentures of Trust between the Board and the Trustee (the

"Supplemental Indentures" and collectively with the General Indenture, the "Indenture"); and

WHEREAS, the 2014 Resolution Bonds shall be payable solely from the University's revenues and other moneys pledged therefor in the Indenture and shall not constitute nor give rise to a general obligation or liability of the Board, the University or the State of Utah or constitute a charge against their general credit; and

WHEREAS, in connection with funding one or more escrows to provide for the refunding of the Series 2013B Notes, the Board may enter into Escrow Deposit Agreements with the Trustee, as escrow agent (the "Escrow Agreement"); and

WHEREAS, there has been presented to the Board at this meeting a form of a Bond Purchase Agreement (the "Bond Purchase Agreement") to be entered into among the Board, the University and the underwriters or purchasers for the 2014 Resolution Bonds (collectively, the "Purchaser"), a form of a Preliminary Official Statement relating to the 2014 Resolution Bonds, in the event the 2014 Resolution Bonds are publicly sold (the "Preliminary Official Statement"), and a form of the Supplemental Indenture; and

WHEREAS, the Board desires to grant to the Chair and/or Vice Chair of the Board and/or the Chair of the Finance, Facilities and Accountability Committee of the Board, the authority to consider the interest rates and other objectives to be achieved due to the refunding of all or a portion of the Series 2013B Notes and to approve the notes to be refunded, the Projects to be financed, approve the interest rates, principal amounts, terms, maturities, redemption features, and purchase price at which the 2014 Resolution Bonds shall be sold and any changes with respect thereto from those terms which were before the Board at the time of adoption of this Resolution; provided such terms do not exceed the parameters set forth in this Resolution.

NOW, THEREFORE, BE IT RESOLVED BY THE STATE BOARD OF REGENTS OF THE STATE OF UTAH, AS FOLLOWS:

Section 1. All terms defined in the foregoing recitals hereto shall have the same meanings when used herein.

Section 2. All actions heretofore taken (not inconsistent with the provisions of this resolution) by the Board and the University and the officers of the Board or the University directed toward the issuance of the 2014 Resolution Bonds are hereby ratified, approved and confirmed.

Section 3. The Board hereby authorizes, approves and directs the use and distribution of the Preliminary Official Statement substantially in the form of the Preliminary Official Statement presented to the Board at this meeting in connection with the offering and sale of the 2014 Resolution Bonds, in the event the specific 2014 Resolution Bonds are publicly sold. The Chair, Vice Chair and/or Chair of the Finance, Facilities and Accountability Committee of the Board and the President, Vice President for Administrative Services and/or Chief Business Officer of the University are hereby authorized to execute and deliver on behalf of the Board a final Official Statement in

substantially the same form and with substantially the same content as the form of the Preliminary Official Statement presented to this meeting with any such alterations, changes or additions as may be necessary to finalize the Official Statement. The preparation, use and distribution of the Official Statement are also hereby authorized. The Board and the University may elect to privately place the 2014 Resolution Bonds with or without the use of an Official Statement.

Section 4. The Supplemental Indentures and Escrow Agreements, in substantially the forms presented to this meeting are in all respects authorized, approved and confirmed. The Chair, Vice Chair and/or Chair of the Finance, Facilities and Accountability Committee and Secretary of the Board and the President, Vice President for Administrative Services and/or Chief Business Officer of the University are hereby authorized to execute and deliver the Supplemental Indentures and the Escrow Agreements in substantially the same forms and with substantially the same content as the forms of such document presented to this meeting for and on behalf of the Board and the University with such alterations, changes or additions as may be authorized by Section 8 hereof.

Section 5. For the purpose of providing funds to be used for (i) financing the cost of the Projects (including capitalized interest), (ii) refunding all or any portion of the Series 2013B Notes, and (iii) paying costs of issuance of the 2014 Resolution Bonds, the Board hereby authorizes the issuance of the 2014 Resolution Bonds from time to time and in one or more series in the aggregate principal amount of not to exceed \$200,000,000. The 2014 Resolution Bonds shall mature on such date or dates, be subject to redemption, and bear interest at the rates as shall be approved by the Chair or Vice Chair of the Board or the Chair of the Finance, Facilities and Accountability Committee, all within the parameters set forth on Exhibit A attached hereto and incorporated herein by reference. The issuance of the 2014 Resolution Bonds shall be subject to the final advice of Bond Counsel and to the approval of the office of the Attorney General of the State of Utah.

Section 6. The form, terms and provisions of the 2014 Resolution Bonds and the provisions for the signatures, authentication, payment, registration, transfer, exchange, interest rates, redemption and number shall be as set forth in the Indenture. The Chair, Vice Chair and/or Chair of the Finance, Facilities and Accountability Committee and the Secretary of the Board and the President, Vice President for Administrative Services and/or Chief Business Officer of the University are hereby authorized to execute and seal by manual or facsimile signature the 2014 Resolution Bonds and to deliver the 2014 Resolution Bonds to the Trustee for authentication. All terms and provisions of the Indenture and the 2014 Resolution Bonds are hereby incorporated in this Resolution. The appropriate officials of the Board and the University are hereby authorized to execute and deliver to the Trustee the written order of the Board for authentication and delivery of the 2014 Resolution Bonds in accordance with the provisions of the Indenture.

Section 7. The 2014 Resolution Bonds shall be sold to each Purchaser with a Purchaser's discount of not to exceed 0.5% of the face amount of the specific 2014

Resolution Bonds. The Bond Purchase Agreements in substantially the form presented to this meeting are hereby authorized, approved and confirmed. The Chair or Vice Chair of the Board and/or the Chair of the Finance, Facilities and Accountability Committee and the President, Vice President for Administrative Services and/or Chief Business Officer of the University are hereby authorized to execute and deliver the Bond Purchase Agreements in substantially the same form and with substantially the same content as the form of the Bond Purchase Agreement presented at this meeting for and on behalf of the Board with final terms as may be established for the specific 2014 Resolution Bonds within the parameters set forth herein and with such alterations, changes or additions as may be necessary or as may be authorized by Section 8 hereof. The Chair or Vice-Chair of the Board and/or the Chair of the Finance, Facilities and Accountability Committee and the President, Vice President for Administrative Services and/or Chief Business Officer of the University are hereby authorized to specify and agree as to the final principal amounts, terms, discounts, maturities, interest rates, redemption features and purchase price with respect to the specific 2014 Resolution Bonds for and on behalf of the Board and the University and any changes thereto from those terms which were before the Board at the time of adoption of this Resolution, provided such terms are within the parameters set by this Resolution, with such approval to be conclusively established by the execution of the related Bond Purchase Agreement and Supplemental Indenture.

Section 8. The appropriate officials of the Board and the University, including without limitation the Chair or Vice Chair of the Board and/or the Chair of the Finance, Facilities and Accountability Committee and the President, Vice President for Administrative Services and/or Chief Business Officer of the University are authorized to make any alterations, changes or additions to the Indenture, the Escrow Agreements, the 2014 Resolution Bonds, the Bond Purchase Agreements, the Preliminary Official Statements, the Official Statements, or any other document herein authorized and approved which may be necessary to correct errors or omissions therein, to complete the same, to remove ambiguities therefrom, to conform the same to other provisions of said instruments, to the provisions of this Resolution or any resolution adopted by the Board or the provisions of the laws of the State of Utah or the United States or to permit the private placement or public sale of the 2014 Resolution Bonds, to conform such documents to the terms established for the specific series of the 2014 Resolution Bonds and to update such documents with current information and practices.

Section 9. The appropriate officials of the Board and the University, including without limitation the Chair, Vice Chair, the Chair of the Finance, Facilities and Accountability Committee, Commissioner of Higher Education and Secretary of the Board and the President, Vice President for Administrative Services and/or Chief Business Officer of the University, are hereby authorized and directed to execute and deliver for and on behalf of the Board and the University any or all additional certificates, documents and other papers and to perform all other acts they may deem necessary or appropriate in order to implement and carry out the matters authorized in this Resolution and the documents authorized and approved herein.

Section 10. The appropriate officers of the Board and the University, including without limitation the Chair, Vice Chair, the Chair of the Finance, Facilities and Accountability Committee, Commissioner of Higher Education and Secretary of the Board and the President, Vice President for Administrative Services and/or Chief Business Officer of the University are hereby authorized to take all action necessary or reasonably required by the Indenture, the Preliminary Official Statement, the Official Statement, or the Bond Purchase Agreement to carry out, give effect to and consummate the transactions as contemplated thereby and are authorized to take all action necessary in conformity with the Act.

Section 11. Upon their issuance, the 2014 Resolution Bonds will constitute special limited obligations of the Board payable solely from and to the extent of the sources set forth in the Indenture. No provision of this Resolution, the 2014 Resolution Bonds, the Bond Purchase Agreement, the Official Statement, the Escrow Agreement, the Indenture or any other instrument executed in connection with the issuance of the 2014 Resolution Bonds, shall be construed as creating a general obligation of the Board or the University, or of creating a general obligation of the State of Utah or any political subdivision thereof, nor as incurring or creating a charge upon the general credit of the Board, the University, the State of Utah or any political subdivision thereof.

Section 12. In accordance with the provisions of the Refunding Bond Act, the Board shall cause the following "Notice of Bonds to be Issued" to be (i) published one (1) time in <u>The Salt Lake Tribune</u> and the <u>Deseret News</u>, newspapers of general circulation in the State of Utah, (ii) posted on the Utah Public Notice Website (http://pmn.utah.gov) and (iii) posted on the Utah Legal Notices website (www.utahlegals.com) created under Section 45-1-101, Utah Code Annotated 1953, as amended, and shall cause a copy of this Resolution and the Indenture to be kept on file in the Board's office in Salt Lake City, Utah, for public examination during the regular business hours of the Board until at least thirty (30) days from and after the date of publication thereof. The "Notice of Bonds to be Issued" shall be in substantially the following form:

NOTICE OF BONDS TO BE ISSUED

NOTICE IS HEREBY GIVEN pursuant to the provisions of the Utah Refunding Bond Act, Title 11, Chapter 27, Utah Code Annotated 1953, as amended that on May 16, 2014, the State Board of Regents of the State of Utah (the "Board") adopted a resolution (the "Resolution") in which it authorized the issuance of the Board's University of Utah General Revenue Bonds (with such additional or other designation as the officers of the Board may determine) (the "2014 Resolution Bonds"), for the purpose of (i) refunding all or a portion of certain of the Board's outstanding revenue obligations issued to refinance facilities and improvements for the University of Utah (the "University") (the "Refunding Project"), (ii) financing (x) the construction of the Lassonde Living Center (the "Lassonde Project"), (y) the replacement of the University's utility distribution infrastructure (the "Infrastructure Project"), and (z) the construction of a parking structure in the Health Sciences area (the "Parking Project") and (iii) paying costs of issuance of the 2014 Resolution Bonds. The 2014 Resolution Bonds shall be issued in an aggregate principal amount of not to exceed \$200,000,000, bearing interest at rates of not to exceed 6.0% per annum, maturing in not to exceed twenty-five (25) years (ten (10) years in the case of the 2014 Resolution Bonds issued for the Infrastructure Project), and to be sold at a price of not less than 98% of the principal amount thereof.

The 2014 Resolution Bonds are to be issued and sold by the Board pursuant to a General Indenture of Trust, as previously amended and supplemented (the "General Indenture") and the Resolution, including as part of said Resolution a form of a Supplemental Indenture of Trust (collectively with the General Indenture, the "Indenture").

The 2014 Resolution Bonds are secured by a pledge of revenues of the University's auxiliary and campus facilities system, hospital system, research facilities and other legally available moneys of the University (as described in the Indenture).

A copy of the Resolution and the Indenture are on file in the office of the Board at 60 South 400 West, 5th Floor, Salt Lake City, Utah, where they may be examined during regular business hours of the Board from 8:00 a.m. to 5:00 p.m. for a period of at least thirty (30) days from and after the date of publication of this notice.

NOTICE IS FURTHER GIVEN that a period of thirty (30) days from and after the date of the publication of this notice is provided by law during which any person in interest shall have the right to contest the legality of the Resolution, the Indenture (only as it relates to the 2014 Resolution Bonds), or the 2014 Resolution Bonds, or any provision made for the security and payment of the 2014 Resolution Bonds, and that after such time, no one shall have any cause of action to contest the regularity, formality or legality thereof for any cause whatsoever.

DATED this 16th day of May, 2014.

/s/ Kirsten Schroeder Secretary Section 13. The Board hereby approves the extension of the period permitted for the issuance of the 2013 Resolution Bonds from July 19, 2014 to July 19, 2015, so long as the amount issued and the other terms thereof are within the parameters set by the 2013 Resolutions.

Section 14. After any of the 2014 Resolution Bonds are delivered by the Trustee to or for the account of the Purchaser and upon receipt of payment therefor, this Resolution shall be and remain irrepealable until the principal of, premium, if any, and interest on the 2014 Resolution Bonds are deemed to have been fully discharged in accordance with the terms and provisions of the Indenture.

Section 15. If any provisions of this Resolution should be held invalid, the invalidity of such provisions shall not affect the validity of any of the other provisions of this Resolution.

Section 16. All resolutions of the Board or parts thereof inconsistent herewith, are hereby repealed to the extent only of such inconsistency. This repealer shall not be construed as reviving any bylaw, order, resolution or ordinance or part thereof.

Section 17. This Resolution shall become effective immediately upon its adoption.

PASSED AND APPROVED BY THE STATE BOARD OF REGENTS OF THE STATE OF UTAH THIS 16TH DAY OF MAY, 2014.

COUNTY OF SALT LAKE)

I, Kirsten Schroeder, the undersigned, the duly qualified and acting Secretary of the State Board of Regents of the State of Utah, do hereby certify, according to the records of said State Board of Regents in my official possession, and upon my own knowledge and belief, that:

(a) in accordance with the requirements of Section 52-4-202, Utah Code Annotated 1953, as amended, public notice was given of the agenda, date, time and place of the May 16, 2014 public meeting held by the Members of the State Board of Regents by causing a Notice of Public Meeting, in the form attached hereto as Schedule 1 to be: (i) posted at the principal office of the State Board of Regents at 60 South 400 West, Salt Lake City, Utah, on May _____, 2014, at least 24 hours prior to the convening of such meeting, said Notice of Public Meeting having continuously remained so posted and available for public inspection during the regular office hours of the State Board of Regents until the convening of the meeting; (ii) published on the Utah Public Notice Website (http://pmn.utah.gov), at least 24 hours prior to the convening of such meeting; and (iii) provided on March 22, 2013, at least 24 hours prior to the convening of such meeting, to the Deseret News and The Salt Lake Tribune, newspapers of general circulation within the geographic jurisdiction of the State Board of Regents, and to each local media correspondent, newspaper, radio station or television station which has requested notification of meetings of the State Board of Regents;

(b) in accordance with the requirements of Section 52-4-202, Utah Code Annotated 1953, as amended, public notice of the 2013-2014 Annual Meeting Schedule of the State Board of Regents was given, specifying the date, time and place of the regular meetings of the State Board of Regents scheduled to be held during the year, by causing a Notice of Annual Meeting Schedule for the State Board of Regents, in the form attached hereto as <u>Schedule 2</u>, to be (i) posted at the principal office of the State Board of Regents at 60 South 400 West, Salt Lake City, Utah in June 2013; (ii) provided in June 2013 to a newspaper of general circulation within the geographic jurisdiction of the State Board of Regents, and (iii) published on the Utah Public Notice Website (http://pmn.utah.gov) during the current calendar year; and

(c) the State Board of Regents has adopted written procedures governing the holding of electronic meetings in accordance with Section 52-4-207 Utah Code Annotated 1953, as amended (a copy of which is attached hereto as <u>Schedule 3</u>). In accordance with said Section and the aforementioned procedures, notice was given to each member of the State Board of Regents and to members of the public at least 24 hours before the meeting to allow members of the State Board of Regents and the public to participate in the meeting, including a description of how they could be connected to the meeting. The State Board of

Regents held the meeting (the anchor location) in the building where it normally meets and provided space and facilities at the anchor location so that interested persons and the public could attend and participate.

IN WITNESS WHEREOF, I have hereunto subscribed my official signature and impressed hereon the official seal of the State Board of Regents of the State of Utah, this 16th day of May, 2014.

MEMORANDUM

TO: State Board of Regents

FROM: David L. Buhler

SUBJECT: University of Utah - Outdoor Tennis Court Project Approval

Issue

The University of Utah (UU) has requested Board approval to proceed with a construction project consisting of six tennis courts and related bleacher seating and restrooms.

Background

This \$2,485,000 project is summarized in the attached letter from the University. Since the capital funds for its construction and ongoing O&M support will be provided by the Athletic Department, the project does not require legislative authorization. It was approved by the UU Board of Trustees on April 8, 2014.

A map is attached showing the proposed location for the project (outlined in yellow) off Guardsman Way in the athletics complex. Representatives from the University will be in attendance to respond to questions from the Board.

Commissioner's Recommendation

The Commissioner recommends approval of this outdoor tennis court facilities project to be built and operated entirely with non-state appropriated funds.

David L. Buhler Commissioner of Higher Education

DLB/GLS/WRH Attachment

Office of the Vice President for Administrative Services

April 24, 2014

Mr. David Buhler Commissioner Board of Regents Building, The Gateway 60 South 400 West Salt Lake City, Utah 84101-1284

RE: Tennis Courts

Dear Mr. Buhler:

The University of Utah does not currently have any outside tennis courts on campus available for its tennis teams. This is an urgently needed facility for both recruiting and completing in the PAC12 Conference.

The proposed project will provide six (6) outdoor tennis courts west of the existing indoor Tennis Center. Work will include leveling the site, providing necessary retaining walls, and construction of six concrete courts with a special outdoor surface. A raised platform with covered bleacher seating will be constructed in the center of the six courts. Limited restrooms and storage will also be provided under the seating.

The proposed total project budget is \$2,485,000 and will be funded by Athletic Department funds. This project was reviewed by the Trustee Campus Master Planning Committee at their March 18, 2014 meeting; and was approved by the full Board of Trustees in its meeting on April 8, 2014.

Approval is requested from the Finance and Facilities Committee to authorize the University to design, bid, and award a construction contract to complete this project.

Michael G. Perez, Associate Vice President for Facilities Management will be available in the Finance and Facilities Committee meeting to answer any questions that may arise.

Sincerely,

and B. Combe

May 7, 2014

MEMORANDUM

TO: State Board of Regents

FROM: David L. Buhler

SUBJECT: Utah State University – Acquisition of Property in Moab, Utah

Issue

Utah State University (USU) has requested authorization to acquire approximately 40 acres of property in Moab, Utah from the Schools and Institutions Trust Lands Administration (SITLA) in exchange for approximately 21 acres of USU property and \$440,000 for the difference in the appraised values between the two properties.

Background

The two parcels of land are in close proximity to each other and are located about 2.5 miles south of the center of Moab City. The USU parcel was donated to the institution and has been retained as a possible future Regional Campus site to address the long-term enrollment growth needs of the area.

During the past several years there has been ongoing dialogue between USU and SITLA, initiated by SITLA, about the possibility of a land exchange. Because of the fact that the property that was donated to USU is very hilly and less conducive to the development of a future campus than the parcel owned by SITLA, the joint efforts have resulted in this proposed exchange. It is also important to note that development of a future campus on this property was included in the Campus Master Plan approved by the Regents on September 13, 2013.

As is noted in the USU letter requesting this approval, payment of the \$440,000 difference in value of the properties included this property exchange will be made from USU Regional Campus and Distance Education funds. Copies of a map showing the location of the two properties and the property appraisal are also attached for your information. USU representatives will be in attendance at the meeting to provide additional information and respond to questions.

Commissioner's Recommendation

The Commissioner recommends Board approval of this property exchange to provide a site for a future USU Regional Campus.

David L. Buhler Commissioner of Higher Education

DLB/GLS/WRH Attachment

April 25, 2014

Commissioner David L. Buhler Utah State Board of Regents Board of Regents Building The Gateway 60 South 400 West Salt Lake City, Utah 84101-1284

Dear Commissioner Buhler:

Utah State University desires to acquire approximately 40 acres of Schools and Institutions Trust Lands Administration (SITLA) property in exchange for approximately 21 acres of USU property (acquired through a donation) and \$440,000 for the difference in appraised values between the two parcels of vacant land. The request has been approved by the Utah State University Board of Trustees.

This acquisition addresses long-term enrollment growth and provides a future site for a Regional Campus in Moab, Utah. Currently, USU occupies space in two buildings in downtown Moab, which are approaching full utilization.

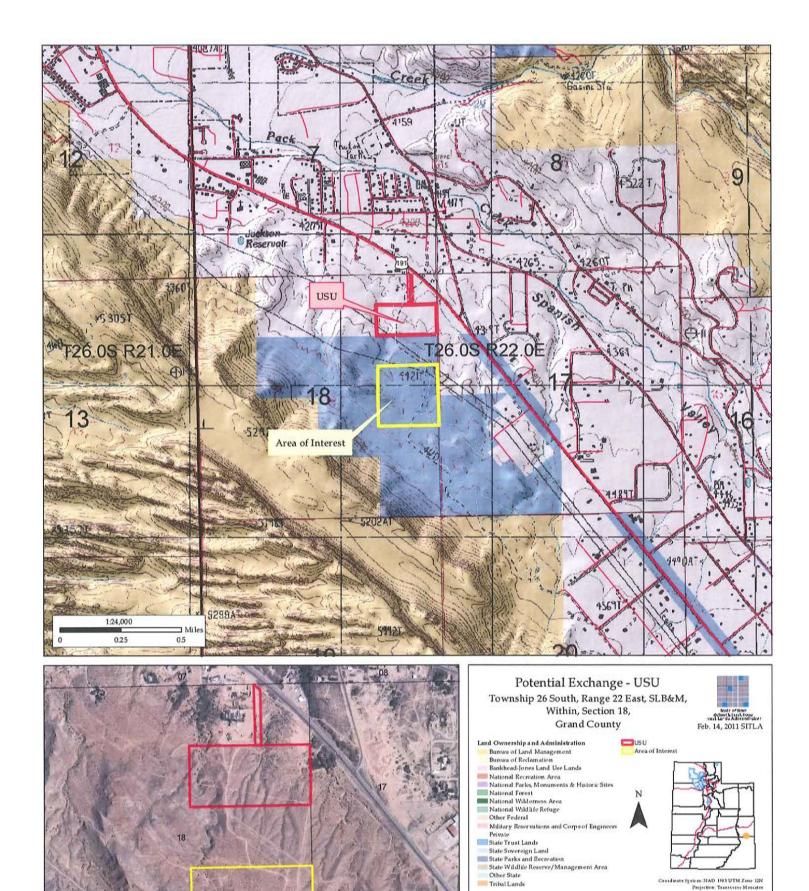

SITLA and USU have jointly completed the initial phase of a master plan for the future USU Moab campus and a future land use plan for the adjoining SITLA land. The parcels are located in close proximity to each other and are located about 2.5 miles south of the heart of Moab, Utah (see attached map). USU conducted an inspection of the property and found it to be in good condition and environmentally safe and sound. Payment of the difference in land values will be paid from USU Regional Campus and Distance Education funds.

We appreciate your support and ask that you present this item to the Board of Regents for approval.

Sincerely,

David T. Cowley Y Vice President for Business & Finance

Mr. Bryan Torgerson Trust Lands Resource Specialist School and Institutional Trust Lands Administration 217 East Center Street, Suite 230 Moab, Utah 84532

Re: A Self Contained Appraisal report of two parcels of land containing 40 acres and 20.95 acres of land, located at +/-1600 South and South of Highway 191, Moab, Utah. File# 42ML0513.

Dear Mr. Torgerson

Pursuant to your request, I have inspected the identified parcels of ground, located in Grand County, Utah. The purpose of the inspection, and subsequent investigation and analysis, was to determine the market value of the land to assist in a potential sale/trade of the properties.

The results of the appraisal have been prepared and communicated in a self-contained format, which is intended to comply with the reporting requirements set forth under Standards Rule 2-2(a) of USPAP. As such, it presents detailed discussions of the data, reasoning, and analyses that were used in the appraisal process to develop an opinion of market value. The information contained in this report is specific to the needs of the client and for the intended use stated in this report. Finally, this appraisal report conforms with, and is subject to, the Uniform Standards of Professional Appraisal Practice (USPAP), the Code of Professional Ethics, and the Standards of Professional Appraisal Practice of the Appraisal Institute.

The properties being appraised are vacant land. For the purposes of this appraisal, I have assumed that the legal description and acreage is correct. In compliance with the engagement letter, resalable access is assumed to each of the parcels. In reality, it appears as though both parcels have physical access. Both parcels are within the boundaries of Moab City, having been annexed recently. Each parcel is set back off of Highway 191. The front parcel is zoned C-4 and the rear (40 acre) parcel is zoned R-4. It is noted that the rear parcel will be zoned institutional once owned by Utah State University and will not be subject to zoning codes. The properties have been appraised under their highest and best use as residential development parcels.

VAN DRIMMELEN & ASSOCIATES, INC. REAL ESTATE APPRAISERS & CONSULTANTS

Mr. Bryan Torgerson May 14, 2013 Page 2

Based on my inspection of the subject property and subsequent investigation and analysis, I am of the opinion that the market value of the fee simple interest for the subject parcels of land appraised, subject to the limitations and caveats expressed, as of May 6, 2013 is:

| Reconciled Market Value | |
|--|-----------|
| 40 Acre Parcel- State of Utah-Market Value in Fee Simple As of May 6, 2013 | \$920,000 |
| 20.95 Acre Parcel- Utah State University -Market Value in Fee Simple As of May 6, 2013 | \$480,000 |

Your attention is invited to the attached appraisal report, which outlines in detail the data collected and the methods used to estimate the market value of the above-described property. The values given are subject to the general assumptions and limiting conditions, and specific extraordinary assumptions and hypothetical conditions stated in the report and/or itemized in the preface section of this document. It is important that the reader of this report review and understand all general and specific assumptions and limiting and limiting conditions. The date of the report is May 14, 2013.

Respectfully submitted,

Matthew Limpert, Appraiser Utah State Certified General Appraiser License No. 5489702-CG00, Expires1-31-15

MEMORANDUM

TO: State Board of Regents

FROM: David L. Buhler

SUBJECT: Utah State University - Real Property Acquisition in Montezuma Creek, Utah

Issue

Utah State University (USU) has requested authorization to purchase a property to replace currently rented space that has a non-renewable lease that expires on June 30, 2014

Background

The property, which is located at 375 North 400 West, Montezuma Creek, Utah, consists of .26 acres and a 2,520 square foot building and will be used by the USU Eastern San Juan Campus. Its strategic location contiguous to the White Horse High School Campus facilitates continuance of daytime courses offered to high school students and evening courses to the community.

The purchase and ongoing O&M costs will be funded with USU Eastern San Juan Campus funds. USU is requesting authorization to purchase the property at a negotiated price between the seller's appraised value of \$115,000 and the \$102,000 value of USU's independent review of the seller's appraisal.

USU's letter requesting authorization to purchase this property, photographs of the property and its location, and the seller's appraisal and USU's review are attached for your review. USU representatives will be present at the meeting to respond to questions.

Commissioner's Recommendation

The Commissioner recommends approval of USU's request to purchase this property.

David L. Buhler Commissioner of Higher Education

April 25, 2014

Commissioner David L. Buhler Utah State Board of Regents Board of Regents Building The Gateway 60 South 400 West Salt Lake City, Utah 84101-1284

Dear Commissioner Buhler:

Utah State University desires to acquire real property located at 375 North 400 West, Montezuma Creek, Utah to replace currently rented space that is non-renewable after June 30, 2014. The request has been approved by the Utah State University Board of Trustees.

The property consists of a 2,520 square-foot building that sits on 0.26 acres. The building and land adjoins the White Horse High School campus of the San Juan County School District as shown on the attached aerial photo and will be used by USU Eastern San Juan Campus. The close proximity to the high school campus is advantageous to USU to continue to offer daytime courses to high school students and evening courses to the community.

USU conducted an inspection of the property and found it to be in suitable condition and environmentally safe and sound for occupancy without major repairs or renovations. The seller's original appraisal valued the property at \$115,000. USU requested an independent review of the seller's appraisal. The reviewer's opinion valued the property at \$102,000. USU requests approval to negotiate a purchase price between \$102,000 and \$115,000. Funding for the acquisition and ongoing operation and maintenance costs will be paid from USU Eastern San Juan Campus funds.

We appreciate your support and ask that you present this item to the Board of Regents for approval.

Sincerely,

David T. Cowley Y Vice President for Business & Finance

RE: Existing Church/Seminary Building 375 North 400 West in Montezuma Creek, Utah

Dear Mr. Bradshaw:

At your request, we have prepared the following narrative appraisal report on the above referenced property. The purpose of the appraisal report is to determine the as is market value of the building. The report will be used for determining a reasonable sales price.

The appraisal report has been prepared in a manner to conform to the Uniform Standards of Professional Appraisal Practice (USPAP) adopted by the Appraisal Standards of the Appraisal Foundation. Also at your request, the report has been prepared in a summary format as defined by USPAP Standards Rule 2-2(b). This type of written report presents only a summary discussion of the data and analyses that are employed in the appraisal process to develop an opinion of value.

The subject consists of a church/seminary building containing 2,520 square feet. The property is located on one county parcel totaling 11,326 square feet according to county records. A more detailed description of the subject is found in the following report.

A highest and best use analysis has been done to determine how to proceed with the valuation. In the valuation process, only the sales comparison approach is used to determine the real property value. The income approach is not used since buildings similar to the subject are not likely to be purchased as investments. The cost approach is not necessary to determine credible results in this assignment since the subject was originally constructed many years ago. Mr. Bradshaw May 28, 2013 Page 2

After careful consideration of the information and analysis contained within this report, our opinion of the value of the subject property is contained in the following table.

| | VALUE CON | NCLUSIONS | |
|--|---------------|--------------------|-----------|
| Appraisal Scenario | Date of Value | Interest Appraised | Value |
| As Is Market Value, Church Building | May 24, 2013 | Fee Simple | \$115,000 |
| Liquidation Value | May 24, 2013 | Fee Simple | \$80,000 |

The following appraisal report provides supporting data, assumptions, and justifications for the final value conclusions. The appraisal is made subject to the general assumptions and limiting conditions stated at the end of the report.

Please call if there are any questions.

Respectfully submitted,

MEMORANDUM

TO: State Board of Regents

FROM: David L. Buhler

SUBJECT: Utah State University – Design Approval for Romney Stadium Renovation

Issue

Utah State University (USU) has requested design approval for a project to renovate the west side of Romney Stadium to upgrade and expand the facilities, including increased seating capacity and improved amenities.

Background

This proposed \$23,000,000 project is needed to eliminate antiquated facilities and expand the capacity of the stadium. The attached letter from the University provides additional information about the proposed changes. The costs of the design phase will be financed with athletics department and private gift funding, with construction funding to be provided from private gifts and revenue bonds to be defeased with increased revenues generated from new premium seating in the stadium.

Design approval is requested at this time in order to expedite construction as soon as bonding authorization is provided, which will be sought in the 2015 Legislative Session. Representatives from USU will be available in the meeting to respond to questions from the Regents.

Commissioner's Recommendation

The Commissioner recommends Board approval for the design of this Romney Stadium renovation and expansion project.

David L. Buhler Commissioner of Higher Education

UNIVERSITY:

DLB/GLS/WRH Attachment

April 25, 2014

Commissioner David L. Buhler Utah State Board of Regents Board of Regents Building The Gateway 60 South 400 West Salt Lake City, Utah 84101-1284

Dear Commissioner Buhler:

Utah State University desires to begin the design phase of the Romney Stadium West-side Renovation. Although this project has not yet received legislative approval, it is anticipated that project approval and bonding authority will be granted in the upcoming 2015 Legislative Session. However, it is understood that approval is not guaranteed. In order to expedite the project, design approval is being requested so that bonds can be issued and construction can begin as soon as possible after legislative approval has been given. This request has been approved by the Utah State University Board of Trustees.

The current Stadium is antiquated in many respects and lacks the amenities necessary to provide an appropriate fan experience. Existing fans regularly report negative experiences with current conditions. The Stadium provides the 9th smallest seating capacity in the country out of 128 programs and lags significantly in benchmarking with other universities.

This project will replace the existing west-side press box with a multi-level facility that will contain new premium seating options, club level lounge, lobby and concessions area, restrooms, and new press accommodations. In addition, the west-side concourse restrooms will be replaced and significantly expanded. Concessions will also be improved to better meet customer demand and efficiencies.

The project will cost approximately \$23,000,000 and will provide nearly 51,000 square feet of new space. Funding for this project will be generated through revenue bonds and private gifts. Revenue bonds will be repaid by the increased revenues that will be generated from the new premium seating.

A market and financial feasibility study has been completed to estimate premium seating demand and the resulting revenue potential. A conceptual architectural feasibility study has also been completed to provide pre-programming, architectural concepts, and estimated costs.

We appreciate your support and ask that you present this item to the Board of Regents for approval.

Sincerely,

David T. Cowley

Vice President for Business & Finance

MEMORANDUM

TO: State Board of Regents

FROM: David L. Buhler

SUBJECT: Utah Educational Savings Plan (UESP) Line of Credit

lssue

In September 2013, UESP issued a new Request for Proposal (RFP) for banking services and ultimately awarded the contract to U.S. Bank. As part of that new contract, UESP needs to have a line of credit authorized with U.S. Bank. The line of credit is used as an efficient and short-term solution to invest account owners' contributions and ensure that UESP has adequate cash flow. UESP also seeks authorization to increase the size of the line of credit due to operational needs of its growing account owner base.

Background

UESP receives contributions by check, Automated Clearing House (ACH), payroll deduction, and bank wire. Prior to investing contributions, UESP deposits the funds into its bank account. Normally, the funds are invested the following business day. However, from time to time, some of the funds are not collected by the next business day and are not available for UESP to invest according to account owners' instructions.

The three primary sources for the delays are the following: (1) the float imposed by the bank on deposited checks, rendering approximately 80% of deposited funds available the next day; (2) moving funds between the various underlying investments in UESP may cause a delay in available funds; and (3) the bank's rejection of some contributions, usually due to insufficient funds in the contributor's bank account.

In March 2009, UESP received Board approval for a \$1 million line of credit with Zions Bank to eliminate the necessity of withholding funds from next-day investment. In April 2010, the Board approved the renewal of UESP's line of credit with Zions Bank and increased the limit to \$1.5 million. In March 2011, the Board approved the renewal of UESP's line of credit with Zions Bank and gave UESP the ability to renew the line of credit, with the approval of the Assistant Attorney General, so long as the terms of line of credit did not materially change.

In September 2013, UESP issued an RFP for banking services and the contract was subsequently awarded to U.S. Bank following the RFP process. UESP requests that the Board authorize the line of credit with U.S. Bank and increase the line of credit to \$2 million to bridge the periodic one-day delay of collected

funds. This line of credit will enable UESP to support the growth of the program and maintain the corresponding level of customer service. The estimated annual cost for the fee and interest is \$11,000 at 2.438% per annum.

The Assistant Attorney General Kevin Olsen has reviewed the terms of the line of credit.

Brief Summary of Line of Credit Terms

| Date of Note: | May 17, 2014 |
|-------------------------|---|
| Maturity Date: | May 17, 2016 |
| Principal Amount: | Up to \$2 million |
| Variable Interest Rate: | Initial rate of 2.438% per annum (i.e., 75% of the Prime Rate), capped at a maximum of 10% per annum |
| Interest Payment Dates: | Monthly, beginning June 1, 2014 |
| Other Terms: | The line of credit will be used by UESP only as needed for its operations and then repaid as funds are collected from UESP account owners |

Commissioner's Recommendation

The Commissioner recommends the Regents approve UESP's request to establish a \$2 million line of credit with U.S. Bank to bridge the periodic one-day delay of collected funds. This line of credit has worked efficiently and effectively over the past five years and will enable UESP to support the growth of the program and maintain the corresponding level of customer service.

The Commissioner also recommends the Regents approve UESP's request to have the ability to renew the line of credit in the future, upon approval of the contract language by an Assistant Attorney General, if the terms of the contract do not materially change. Material changes would include the following: (1) any increase in the amount of the credit limit, or (2) an increase of more than 50 basis points in the rate UESP is charged by U.S. Bank.

The Commissioner recommends that these be approved, effective immediately.

David L. Buhler Commissioner of Higher Education

MEMORANDUM

TO: State Board of Regents

FROM: David L. Buhler

SUBJECT: USHE – Refining Degree Allocation within the 2020 Goal

In 2010 the Board of Regents adopted the 2020 goal of 66 percent college attainments. At that time, allocations by certificate and type of degree were also made. Since that time, questions have been raised as to what the mix should be to maximize economic prosperity in Utah by 2020 and to meet workforce needs.

As a result, the Commissioner's office, in consultation with the Georgetown Center on Education and the Workforce, conducted a study to determine the best mix of industry and educational attainment to benefit Utah's economy and provide meaningful wages. This study focused on the job and industries that will provide a \$35,000 per year income needed to minimally support a household size of four people and the educational requirements needed to obtain employment in one of the industries identified. Data for this study was provided by the Georgetown Center on Education and the Workforce in the form of summary tables of the percent of Utah jobs by educational attainment levels for all jobs that had an annual median wage of \$35,000 or more.

In the state of Utah, six industry clusters account for over 55% of all Utah Jobs that pay over \$35,000 per year. The six clusters are: 1) Manufacturing-Durable, 2) Information, 3) Financial Activities, 4) Professional and Management Services (these include STEM fields), 5) Educational Services, and 6) Health Services.

Based on the distribution of degree requirements for jobs in these six industries, from the data provided by the Georgetown Center of Education with additional data from the U.S. Census Bureau's Report (*Measuring Alternative Educational Credentials*: 2012, Ewert S., Kominski R., 2014), and the Utah Data Alliance, the recommended distribution of degrees and awards for the 66% by 2020 goal will change to: 8% certificates, 14% associate degrees, 31% bachelor's degrees, and 13% graduate degrees (figure 1).

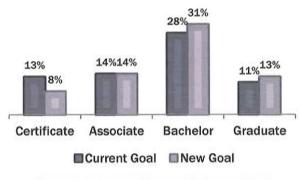

Figure 1 - Change in Degree Attainment Goal

Commissioner's Recommendation

The Commissioner recommends the Regents approve the modification in the degree distribution of the USHE 2020 educational attainment goal.

David L. Buhler Commissioner of Higher Education

DLB/GLS/JAC Attachment

BACKGROUND:

The original study establishing the 2020 goal for higher education in Utah was based on projected college certification and degree attainment requirements to meet workforce demand as identified in the 2010 report *Help Wanted: Projections of Jobs and Education Requirements Through 2018* (Carnevale, A., Smith, N. & Strohl, J., 2010). The *Help Wanted* report indicated that Utah would require 66% of its adult working population to have a post-secondary certificate or degree by 2018 in order to meet projected workforce demands based on Utah's current economy. The report did not identify the projected distribution of degree type (certificates, associate degrees, bachelor's degrees, and graduate degrees) comprising the 66% degree attainment goal.

In 2010, a consensus goal between the Utah System of Higher Education (USHE) and the Utah College of Applied Technology (UCAT) set the degree mix for the 66% degree attainment goal at: 13% certificates, 14% associate degrees, 28% bachelor's degrees and 11% graduate degrees. A 2011 survey subsequently reported the following in educational attainment among Utahns: 4% certificates, 10% associate degrees, 24% bachelor's degrees, and 15% graduate degrees (25% of those surveyed indicated they had some college – no degree). In 2013, the Utah State Board of Regents charged the Office of the Commissioner of Higher Education to review the original goal and determine if the distribution of degree types was the proper distribution not only to meet the projected needs under the current economic conditions, but also to move the economy so that there is a greater number of high paying jobs for Utahns.

HIGHER WAGE JOBS IN UTAH

Higher wage jobs in Utah are jobs and industries that provide the income needed to minimally support a household size of four people, or \$35,000.

Why a four-person household?

- According to the 2010 Census data, the average Utah household size is 3.1 persons. Married households (ages 35-64) alone, account for 34.7% of all Utah households. It therefore seems reasonable to set the earnings threshold based on a household size of four people for the working population (25-65 year old). The rate of \$35,000 per year is considered a base level of annual income needed to support a four-person household.
- "A family of four is an average. In reality low wage earners have more complicated networks of family and dependents. Most recent immigrant low wage workers send remittances to families abroad, and many workers support partners, other relatives, more than two children or elderly parents. Some live alone without dependents. Some are single mothers or fathers, or are teenagers contributing to their family's income. Thus, the guideline of a family of four is a meeting point for the varying networks of dependents on the income of a low wage worker" http://www.livingwageaction.org/resources_lw.htm

Why \$35,000 per year?

- A recent report from the national Low Income Housing Coalition reported that, in Utah, an hourly wage of \$15.26 per hour (\$31,740 per year) was needed to be able to afford two-bedroom housing. (http://nlihc.org/sites/default/files/oor/OOR2014 ExpensiveHW.pdf).
- The annual income of \$35,000 per year is a key financial threshold used by Utah Courts in developing annual Poverty Income Guidelines for a family of four (http://www.utcourts.gov/resources/poverty_guidelines.pdf).

UTAH'S HIGHER WAGE INDUSTRIES

The focus of this analysis is to identify the mix of industry and educational attainment that provides the maximum potential for people with an average-sized Utah family of four to earn \$35,000 annually or more. Data was provided by the Georgetown Center on Education and the Workforce in the form of summary tables of the percent of Utah jobs

by educational attainment levels for all jobs that had an annual median wage of \$35,000 or more. Data provided from the Georgetown Center on Education and the Workforce was based on the Utah ACS pooled data set of earnings by industry and educational attainment level. The ACS data creates 21 industry clusters and reports educational attainment in eight different a categories.

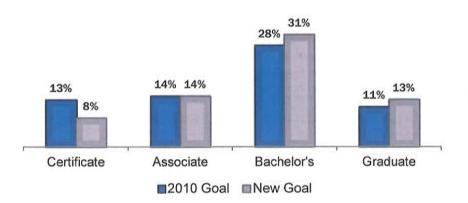

In the state of Utah, six industry clusters account for over 55% of all Utah jobs that pay over \$35,000 per year. These six clusters are:

- 1. Manufacturing Durable
- 2. Information
- 3. Financial Activities
- 4. Professional and Management Services
- 5. Educational Services
- 6. Health Services

EDUCATIONAL ATTAINMENT REQUIRED FOR HIGHER WAGE INDUSTRIES

- The distribution of educational attainment level indicates that 83% of the jobs in these six industries require at least some college and 58% of these jobs will require an associate degree or higher in 2020.
- A recent study by the U.S. Census Bureau to better understand the 83% of jobs held by individuals with "some college" reported that approximately 8% of those 18 and older currently employed in these sectors had earned an educational or industry certificate in the industry clusters of manufacturing, information and professional and management services (*Measuring Alternative Educational Credentials*: 2012, Ewert, S., Kominski R., 2014, Table 2 pg. 5). The other three industry clusters (education, finance and health services) were omitted from this analysis due to additional industries included in the U.S. Census clusters that are not present in the Georgetown data.

According to the targeted industry clusters and the goal to effectively change Utah's economy, a shift in the 66by2020 goal may be warranted to place a greater emphasis on higher degree levels. Such a shift would also improve the pipeline of individuals eligible for graduate studies by increasing the number of people with bachelor's degrees by 2020. Based on the 2010 goal and the new information from the Georgetown and U.S. Census data sets, the following is recommended as a new distribution of certificates and degrees within the Utah 66by2020 goal:

Change of Educational Attainment Distribution for the 66by2020 Goal

May 7, 2014

MEMORANDUM

TO: State Board of Regents

FROM: David L. Buhler

SUBJECT: USHE - Enrollment Forecasts

Issue

Attached are the Utah System of Higher Education enrollment projections to the academic year of 2023-2024. The projections estimate fall semester end-of-term headcount, and full-time equivalent (FTE) students, as well as annualized FTE (based on end-of-term enrollments) for each of the system institutions.

In order to recognize the distinct missions and goals, institutions have developed unique projection models to estimate future enrollments. These models are based on institutional and state data sets that include (but are not limited to) such variables as: Utah population by age, high school graduations, and unemployment estimates. The models use OLS regression and growth rate trend analysis to estimate future enrollments.

Projection models are evaluated annually in an open forum/peer review format comprised of Institutional Research professionals from each of the USHE institutions (April 24, 2014). In each case, the assumptions and methods used by each institution were accepted as valid for estimating future enrollments.

Current projections estimate that the USHE system will grow to approximately 223,000 students (160,000 FTE) by the fall 2023 semester, and an annualized enrollment of 175,000 full-time equivalent students for the 2023-24 academic year. This represents a projected system fall end-of-term headcount growth rate of 2.5% and annualized FTE growth rate of 2.6% over the next 10 years. This compares to an estimated needed 10 year growth rate of 2.5% in degrees awarded to meet the 2020 educational attainment goals. The estimated enrollment growth, in combination with ongoing efforts to improve graduation rates at USHE institutions, will be necessary to meet the 2020 attainment goal. These estimates may be used in concert with additional data points when conducting mid to long-range planning.

Commissioner's Recommendation

The Commissioner recommends the Regents approve the long-term enrollment projections for higher education in the State of Utah.

David L. Buhler Commissioner of Higher Education

MEMORANDUM

TO: State Board of Regents

FROM: David L. Buhler

SUBJECT: Online Costs for Undergraduates

Issue

Online courses are an increasingly prevalent course delivery method and evermore an expected part of the higher education experience. These documents respond to a Regental "Action" item request from the January Board of Regents meeting, where the Board instructed the Commissioner's Office "...to undertake a thorough study of on-line tuition, including for Utah resident and non-resident students, and to provide a report to the Board..."

Background

The number of students enrolling in online courses at USHE Institutions is steadily rising each year. For the 2013 Fall term, 23% of USHE students enrolled in at least one online course. This number has increased by one percentage point each year for the last four years. Tuition rates and pricing of online courses is a complex and nuanced issue. It is appropriate and expected that different institutions with different missions will have varied cost structures. Attached are several documents describing the cost structures.

Student Costs Related to Undergraduate Online Budget-related Courses:

Online per credit Student Costs: five pages, with each page dedicated to five separate types of undergraduate students:

- Resident student living in Utah, taking no online classes
- Non-resident student living in Utah, taking no online classes
- · Resident student living in Utah, taking exclusively online classes
- Non-resident student living in Utah, taking exclusively online classes
- Student living outside of Utah, taking exclusively online classes ("Distance" student)

Student Costs for online Courses in Rocky Mountain States Surrounding Utah: survey of 20 campuses in seven western states and their online tuition practices.

Policy Issues

This memo represents an effort to quantify current practices at USHE Intuitions. Practices vary within USHE and vary substantially across the country, not unreasonable in a rapidly evolving arena and in an environment encompassing institutions with differing missions and student populations to serve. Taking a course taught on a campus and placing it online to increase access or accommodate more students' schedules may actually result in a more costly course.

Commissioner's Recommendation

This is an information item only and no formal action by the Board is required.

David L. Buhler Commissioner of Higher Education

Tuition and Fees for Undergraduate Budget-related Courses

Academic Year 2014-15, Costs per Semester

This charts gives general information on undergraduate tuition and fees and will not accurately reflect the costs for any one particular student. There are many factors

affecting student costs, including differential tuilion for certain programs and specific course fees.

Shading denotes plateau tuition for regular tuition and fees

¹Lower division (freshman & sophomore) rate only. Differential rates for certain disciplines and upper division (junior and senior) may apply.

²University of Utah charges a \$30/course fee for each online course. To demonstrate a per credit number, the course fee was divided by 3, since most courses are 3 credits.

³Higher differential rates for students enrolling in certain courses, including Arts, Business, and Engineering courses.

⁴Higher differential rates for students enrolling in upper division Business and Economics courses.

⁵SUU charges students enrolled exclusively online (regardless of location in or out of the state) \$450/credit (\$550/credit for graduate). SUU has mainly focused on graduate students in this category, and has few, if any undergraduates in this category.

⁶Snow College charges a \$10/course fee for each online course. To demonstrate a per credit number, the course fee was divided by 3, since most courses are 3 credits.

⁷Utah Valley University charges a \$52/course fee for each online course. To demonstrate a per credit number, the course fee was divided by 3, since most courses are 3 credits.

⁸Salt Lake Community College charges a \$40/course fee for each online course. To demonstrate a per credit number, the course fee was divided by 3, since most courses are 3 credits.

Utah System of Higher Education NON-RESIDENT STUDENT LIVING IN UTAH, TAKING EXCLUSIVELY ONLINE CLASSES Student Costs Related to Undergraduate Online Budget-related Courses

Academic Year 2014-15, Costs per Semester

This charts gives general information on undergraduate tuition and fees and will not accurately reflect the costs for any one particular student. There are many factors affecting student costs, including

differential tuition for certain programs and specific course fees.

Shading denotes plateau tuition for regular tuition and fees

¹Lower division (freshman & sophomore) rate only. Differential rates for certain disciplines and upper division (junior and senior) may apply.

²University of Utah charges a \$30/course fee for each online course. To demonstrate a per credit number, the course fee was divided by 3, since most courses are 3 credits.

³Higher differential rates for students enrolling in certain courses, including Arts, Business, and Engineering courses.

⁴Higher differential rates for students enrolling in upper division Business and Economics courses.

⁵SUU charges students enrolled exclusively online (regardless of location in or out of the state) \$450/credit (\$550/credit for graduate). SUU has mainly focused on graduate students

in this category, and has few, if any undergraduates in this category.

⁶Snow College charges a \$10/course fee for each online course. To demonstrate a per credit number, the course fee was divided by 3, since most courses are 3 credits.

⁷Utah Valley University charges a \$52/course fee for each online course. To demonstrate a per credit number, the course fee was divided by 3, since most courses are 3 credits.

⁸Salt Lake Community College charges a \$40/course fee for each online course. To demonstrate a per credit number, the course fee was divided by 3, since most courses are 3 credits.

MEMORANDUM

TO: State Board of Regents

FROM: David L Buhler

SUBJECT: USHE – FY 2015 Capital Improvement Funding Update

Issue

The Building Board met on April 21, 2014 and allocated the amount of \$54,740,698 for USHE Capital Improvement (CI) needs in FY 2015. State agencies, colleges, and universities work collaboratively with DFCM to identify and prioritize their capital improvement needs. The materials that follow provide additional information about the process used to acquire and allocate these funds and their intended use.

Background

As defined by statute, capital improvement projects include those facilities and infrastructure projects that cost less than \$2.5 million. For the first time in several years the Legislature funded the statutory requirement of 1.1%. In addition, statutory language for calculation of the CI pool was amended to add non-building infrastructure to the replacement cost base used to determine the amount provided each year. It is expected that this change will result in significant increases in CI funding in the future.

The statewide funding provided for FY 2015 is a \$12.5 million increase over the prior year, another significant improvement from the low funding levels resulting from the recessionary years. And while capital improvement needs continue to exceed the funding provided, these are significant steps forward in mitigating the ongoing deterioration in the care of USHE facilities.

While the legislature did not directly provide funding for the remaining utilities infrastructure needs of the University of Utah, the Legislative expression of intent and the subsequent Building Board allocations of the FY 2015 Capital Improvement funds provides \$13.5 million for that purpose, with an additional \$13.6 million to be provided in FY 2016. In addition, the Legislature authorized the issuance of a \$32 million revenue bond to fund the auxiliary enterprise portion of this project. With these actions, provision of the final funding for this important project is now in place.

The materials that follow include: (1) a summary of the process used by DFCM to arrive at their allocations; (2) a five year summary of capital improvement funding; and (3) the detail of the projects requested and funded for USHE institutions.

Commissioner's Recommendation

This is an information item only; no action is needed.

David L. Buhler Commissioner of Higher Education

DLB/GLS/WRH Attachment

SUMMARY OF BUILDING BOARD ALLOCATION GUIDELINES AND PROCEDURES

- Statutory language provides funding based on a percentage of the replacement cost of existing state facilities. While the procedures used by the State Building Board still allow for the use of the percentage each state agency's facilities total is of the statewide total as a guideline in the allocation of these funds, the Legislature has adopted new statutory requirements and intent language to direct the Building Board to use prioritization procedures that assure that the most critical needs be given the highest priority consideration. In summary the requirements are:
 - The statute stipulates that, effective July 13, 2013, at least 80% of the funds appropriated are to be used for maintenance and repair of existing buildings or facilities and that no more than 20% may be used for remodeling and aesthetic upgrades to meet State programmatic needs or to construct an addition to an existing building. The statute does allow the Building Board to modify these requirements if it determines that a different allocation is in the best interests of the state.
 - Legislative intent called for a new scoring process to be used by the Building Board in allocating the funds that identifies and funds the most serious issues before consideration of funding for other needs.

While, in practice, this is not expected to radically change the collaborative process of the State Building Board and USHE institutions working together to determine the projects to be funded at each institution, it represents a serious concern by the Legislature to assure that the most threatening problems are addressed.

The following table summarizes the funding provided for FY 2015:

| Summary of Ca | pital Improvement | Funding |
|---------------------|-------------------|---------------|
| | FY 2015 | % of FY 2015 |
| Agency/Institutions | Funding | Funding Total |
| USHE | \$54,740,698 | 58.5% |
| UCAT | 4,074,250 | 4.4% |
| State Agencies | 34,719,022 | 37.1% |
| SUBTOTAL | \$93,533,970 | 100.0% |
| Statewide Programs | 5,139,400 | |
| Unallocated Balance | 1,570,230 | |
| GRAND TOTAL | \$100,243,600 | |

- Because total needs far exceed available funds, even in good economic times, narrowing the list of
 requested projects to the highest priority needs is a significant challenge for the State Building Board.
 For FY 2015 USHE requests exceeded the funding provided by more than \$66 million.
- The Statewide Programs Fund (\$5,139,400 for FY 2015) is used to deal with Building Board staffing and facility condition audit costs, energy efficiency program funding, and statewide needs that surface during the year (e.g., planning studies, Hazmat issues, DFCM preventative maintenance projects). Higher education institutions can qualify for these funds in any given year.

MEMORANDUM

TO: State Board of Regents

FROM: David L. Buhler

SUBJECT: USHE - Institutions' Health Plan Changes 2014-15

Issue

The Board of Regents is provided annually with a summary of institutional health plan changes. The health benefits package is a critical component of the overall compensation package provided to institutional employees, and is subject to significant conversation and review at each institution. Several institutions' insurance plans will be experiencing design changes as outlined in the attached information.

Commissioner's Recommendation

The update of health plan changes is an informational item only; no action is required.

David L. Buhler Commissioner of Higher Education

MEMORANDUM

TO: State Board of Regents

FROM: David L. Buhler

SUBJECT: USHE – Building Utah's Future through Higher Education Report

Background

In response to the question of the return on investment to the state of Utah by meeting the 66% by 2020 goal, the following analysis and document has been produced with input from the Utah Department of Workforce Services and the Georgetown Center on Education and the Workforce. This document estimates some of the potential economic and social impacts as a result of more people completing a degree or award as a result of the 66% by 2020 goal. This reports estimates impacts on Utah's economy, tax revenues, public assistance programs, and other benefits to the community through increased educational levels. The analysis in this document assumes that the economy will operate at full employment levels and that future economic expansion in Utah will be directly related to increasing supply of skilled workers who have completed targeted post-secondary educational programs.

A summary of the finding includes:

- The overall impact of 66by2020 is \$14.4 billion added to the Utah economy over 30 years in wages, with an annual rate of \$400 million.
- Over 30 years, the 66by2020 goal will result in \$1.4 billion in additional tax revenue for the state of Utah.
- An estimated 42,057 Utahns will escape the intergenerational poverty cycle.
- The 66by2020 goal will reduce annual expenditures in the SNAP/Food Stamp program by \$18 million.
- There is a strong correlation between lack of higher education and rate of incarceration. With more Utahns earning a higher education, the incarceration rate of Utahns is expected to decrease. For every one person kept out of prison, Utah saves \$27,000 per year.
- An increase in parent-child interactions, resulting in an improvement in K-12 child success rates.

Building Utah's Future through Higher Education

The long-term impacts of attaining the 66by2020 goal—that 66% of Utah's population will earn a post-secondary degree or certificate by 2020—on Utah's tax base, economy and poverty

UTAH SYSTEM OF HIGHER EDUCATION Building a Stronger State of Minds

David L. Buhler Commissioner of Higher Education

DRAFT April 29, 2014

Introduction and 66by2020 Goal

As the state with the youngest population and with a quickly growing economy, Utah is full of promise. But at a time when post-secondary education has never been more important, Utah is full of challenges as well. In fact, in just fifty years, Utah's ranking among states has gone from third in the nation to twenty-first for post-secondary degrees in this population. Now Utah faces a stark choice: Does it want to be in the middle of the pack among other states in innovation and economic growth? Or does Utah want to realize the dream of a better future and be a prosperous leader in the economy of the tomorrow?

In the face of this crucial crossroads, the State Board of Regents and the Utah System of Higher Education (USHE) champions the aggressive goal set by the Governor and supported by the state legislature that by the year 2020, 66% of Utah's adult population will have earned a post-secondary degree or certificate. Also known as the 66by2020 goal, it is focused on Utahns ages 25-35 in 2020.

Report Overview

When calculating the estimated direct and indirect returns on investment (ROI) of the 66by2020 goal, USHE has determined the following:

- The overall impact of 66by2020 is \$14.4 billion added to the Utah economy over 30 years in wages, with an annual rate of \$400 million.
- Over 30 years, the 66by2020 goal will result in **\$1.4 billion in additional tax revenue** for the state of Utah.
- An estimated 42,057 Utahns will escape the cycle of intergenerational poverty.
- The 66by2020 goal will reduce annual expenditures in the SNAP/Food Stamp program by \$18 million.
- There is a strong correlation between lack of higher education and rate of incarceration. With more Utahns earning a higher education, the incarceration rate of Utahns is expected to decrease. For every one person kept out of prison, Utah saves \$27,000 per year.
- There will be an increase in parent-child interactions, resulting in an improvement in K-12 child success rates.

This document estimates some of the potential economic impacts that attaining this goal will have on Utah's tax base, economy and poverty levels, both annually and in 30 years. The analysis in this document assumes that the economy will operate at full employment levels and that future economic expansion will be directly correlated with increasing demand for skilled workers who have completed post-secondary educational programs. In order for Utah to meet the goal of having 66% of the population with a post-secondary certificate or degree, USHE has estimated that it will need to award a total of 336,950 certificates and degrees between 2010 and 2020, a full 36,950 more than the annual number of awards expected based on 2010 completion levels.

Benefits of a Higher Education

Higher education has many benefits, including increased wages and a reduction in the likelihood of living in poverty or being unemployed. This is supported by data from the U.S. Census Bureau's 2012 American Community Survey (ACS). The ACS data indicates that Utahns ages 25-64 with a bachelor's degree have an unemployment rate 4 percentage points lower than those with only a high school diploma. Bachelor degree holders are also much less likely to be living in poverty, with a poverty rate 6 percentage points lower than those with only a high school diploma (figure 1).

We have a young, healthy workforce that is well-educated. So when the big companies like Boeing or eBay come around looking for a workforce, we have a good story to tell them.

-Cornerstones of Success, Governor's Office of Economic Development

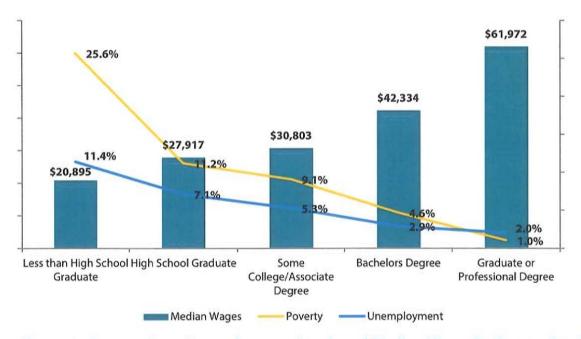

Figure 1: Poverty Rate, Unemployment Levels and Median Wages by Degree Attainment Source: American Communities Survey, 2012

Returns on Investment

The investment in higher education has both direct and indirect returns for the state of Utah. The direct return is in additional state tax revenues. Indirect returns are in the form of reducing the need for public assistance, breaking the intergenerational poverty cycle, lowering crime and incarceration rates, and increasing volunteerism and attention to children.

Direct Return: Wage Growth and State Tax Contribution Growth

Based on 2010 levels, USHE will have awarded 300,000 degrees between 2010 and 2020. In order for the 66by2020 goal to be reached, USHE will need to award an additional 36,950 degrees and certificates between 2010 and 2020, bringing the total to 336,950 degrees and certificates. It is estimated that these 36,950 awards will add \$14.4 billion to Utah's economy in increased wages and \$1.4 billion in state tax revenue over the 30-year working lifetime of these graduates (table 1).

+ US Census CPS National Data - 2013 Ages 25 and Over

++ The economic multiplier is the estimated impact of higher wages on an economy (Cooper, D., Hall, D., 2013)

Table 1 - Costs & ROI for Additional Degrees Awarded Each Year over Base of (30,000) for the 66by2020 goal

To compute wage growth at an individual level: the amount of increased annual earnings in Utah of the 36,950 degrees and certificates to reach the 66by2020 goal have been apportioned across the four general types of postsecondary educational attainment over high school level median earnings. The increased earnings of a person with an associate degree or certificate is \$2,886 over high school level median earnings. The increased earnings of a person with a bachelor's degree is \$14,417 over high school level median earnings. This assumes US Census workforce participation rates by educational attainment to factor individuals who earn a degree but do not enter the workforce.

To compute the growth in state tax contributions at an individual level: the amount of state tax dollars used to support a two-year degree is approximately \$3,300, based on appropriated tax revenue per full-time equivalent (FTE) student. This is based solely on instructional expenditures. State investment in a bachelor's degree is approximately \$10,200. A person with a two-year degree will add approximately

\$285 in additional state tax revenue each year (incremental state tax revenue over someone with a high school diploma), or an additional \$8,500 in state tax revenue over the course of a 30-year career. This represents a net gain of \$5,200 on the \$3,330 investment. The amount of additional annual state tax revenue increases to \$1,400 for someone with a bachelor's degree, an additional \$42,650 over a 30-year career.

The incremental costs associated with these students were based on a USHE financial forecast using an estimated \$6,700 investment per FTE student per year. Based on degree type and the number of full-time enrollments needed for completion, the total cost to the state of Utah for these additional degrees and certificates is estimated to be \$722 million. Based on the estimated value added to Utah's tax base, Utah would receive a \$1.4 billion gross return on its investment of \$722 million for student who complete.

This data illustrates the positive tax revenue returns associated with higher educational attainment levels. While several factors that would affect actual numbers were taken into consideration, such as work force participation rates and tax contribution rates, this analysis did not consider the time-value of money nor did it adjust earnings for the number of years employed. This analysis is focused on the students who complete their degree. Those who do not complete still have a return on investment, but the return is different that the one outlined above. For ROIs based on the total anticipated degrees and certificates awarded—336,950—see Appendix I.

Indirect Return: Reducing the Need for Public Assistance

The successful completion of the 66by2020 goal will result in increased wages associated with higher educational attainment levels. As a result, it will keep an estimated 27,543 people in Utah from living in poverty (table 2).

| 336,950 Target Population | Poverty Rate | Estimates Below Poverty | |
|---|--------------|-------------------------|--|
| If High School Graduate or Less | 15.2% | 51,298 | |
| If Some College or Higher | 7.0% | 23,574 | |
| Number above Poverty due to 66by2020 Attainment | | 27,543 | |

Table 2 - Estimated Change in Poverty Status

Using the SNAP/Food Stamp program as an example of cost savings in public assistance programs, based on current allocations per person, the change in the number of people living below the poverty level would result in a reduction of expenditures of \$18 million annually in the SNAP/Food Stamp program (table 3).

*According to Census Poverty Counts and 2013 count of Individuals on Food Stamps

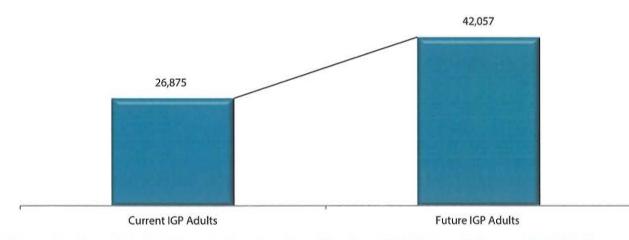

Table 3 – Estimated Annual Savings in SNAP/Food Stamp Program

Indirect Return: Breaking the Cycle of Intergenerational Poverty

Educational attainment is of particular concern when considering intergenerational poverty (IGP). In a recent study conducted by the Utah Department of Workforce Services (DWS), 74% of those identified as IGP adults had earned a high school diploma or less, while only 11.3% had a post-secondary certificate or higher (2013). In this study, 26,875 adults were identified as IGP whose highest educational attainment was a high school diploma or less. Those adults had 42,057 dependent children. If these 42,057 children remain in poverty into adulthood, it would result in an increase of 15,182 (56%) IGP adults (figure 2).

Intergenerational poverty mainly stems from education and economics. In terms of education, being welleducated lowers the chances of being in poverty... The parent, having been the victim of circumstances, was unable to attain a quality education, and thus was unable to find a well-paying job and wound up in poverty. The child, still living in that same area, is also suffering from not having a quality education and the results are the same: more poverty.

— Devon, DB. 2011

Utah System of Higher Education – Office of Planning, Finance & Facilities DRAFT 4.29.2014

6

These findings may be reassuring to parents at a time when many are unemployed or worried about future job prospects. They clearly show that in terms of the effect on children's achievement, it's more important for parents to get a good education than to get a high-paying job. Of course, the more education you have, the more likely it is that you'll find a good job, so an increase in education often leads to an increase in income.

A higher wage associated with higher educational attainment levels is key to breaking the cycle of intergenerational poverty. Devon and Swanbrow suggest that the long term solution to poverty is increasing the educational attainment level of parents living in poverty, which will subsequently raise their income and expand opportunities for their children who will, in turn, have increased rates of educational attainment. Improving access and financial support to low-income families, for both adults and children, will be critical components in raising educational levels and wages of the population of those living in intergenerational poverty.

—Swanbrow, D. 2009

Indirect Return: Lowering Crime and Incarceration Rates

Higher education by itself does not guarantee that a person will not commit a crime that results in incarceration, but the correlation between educational attainment and crime rates cannot be ignored. C.W. Harlow states that "while almost half of the general population has some postsecondary education, only 13% of the adult prison population has any postsecondary education" (2003). The publication *Education and Public Safety* (Page, A., Petteruti, A., Walsh N., Zeidenberg, J., 2007) provides the data that plots the relationship between violent crime rates and college enrollment rates (figure 3).

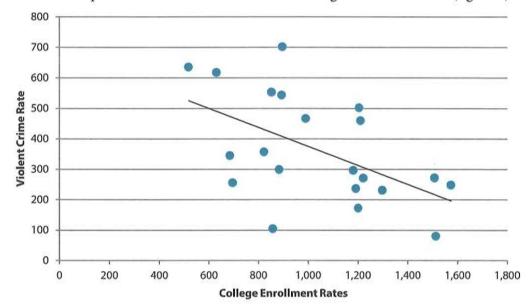

Figure 3 - Top 10 & Bottom 10 State Violent Crime Rates by College Enrollment Rates (per 100,000)

The Utah Department of Corrections estimates that it **costs the state of Utah an average of \$27,117 to house one inmate for one year**. A reduction of even 100 violent crime offenders as a result of increased participation in post-secondary education would translate into \$2.7 million annual savings to the Utah correctional system. This does not even attempt to measure the financial and personal impacts that are felt by the communities and the victims of crime.

Indirect Return: Increasing Volunteerism and Attention to Children States that made bigger investments in higher education saw better public safety outcomes. Of the 10 states that saw the biggest increases in higher education expenditures, eight saw violent crime rates decline, and five saw violent crime decline more than the national average. Of the 10 states that saw the smallest change in higher education expenditures, the violent crime rate rose in five states.

—Page, et al. 2007

The College Board^{*} publication *Education Pays 2013* provides national estimates on a wide variety of benefits that a state or community receives based on increased educational attainment levels of their population. Two such benefits are the levels of volunteerism in the community and the amount of time that a mother will spend per day interacting with her children under the age of 18.

Volunteerism

Based on data derived from the Bureau of Labor Statistics, the College Board^{*} found that, on average, a person will provide anywhere from 50-52 hours of unpaid service per year. The likelihood to volunteer increases as educational attainment increases, where 42% of those with a bachelor's degree or higher are likely to volunteer compared to only 17% of those with a high school diploma (figure 4). While it is difficult to measure the exact dollar value of volunteer hours, they provide many services that would otherwise require additional funding and support.

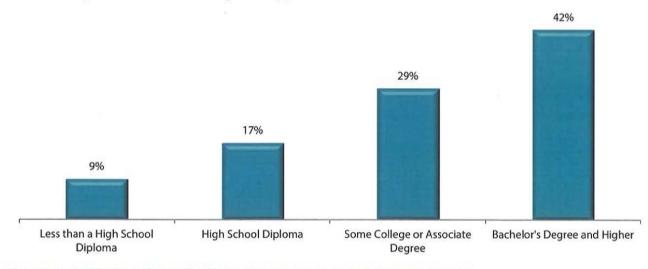

Figure 4 - Volunteer Rates by Educational Attainment, Age 25 & Over

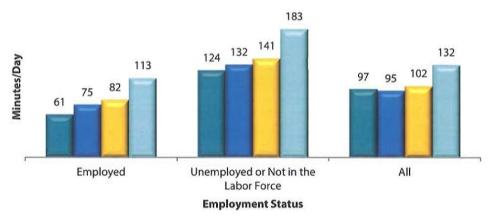

Source: Bureau of Labor Statistics, 2013c, Tables 1 and 2.

Utah System of Higher Education – Office of Planning, Finance & Facilities DRAFT 4.29.2014

Building Utah's Wealth through Higher Education

Attention to Children

Assuming that there is a positive correlation in successful child development and the time a mother spends with her child, the educational attainment of the mother plays a significant role in the success of children in the K-12 years. Data from the American Time Use Survey shows a positive relationship between the educational attainment level of the mother and time spent with children under the age of 18 (figure 5).

Conclusion

Utah's 66by2020 goal is centered on four specifics areas: Jobs, Education, Energy and Self-determination (Sullivan, O'Malley, 2013). Meeting this goal of 336,950 total degrees and certificates awarded by 2020 will play a crucial role in a successful Utah economy. The national report *A Well-Educated Workforce Is Key to State Prosperity* (Berger N., Fisher, P., 2013) listed the following impacts of education on a state:

- Overwhelmingly, high-wage states are states with a well-educated workforce. There is a clear and strong correlation between the educational attainment of a state's workforce and median wages in the state.
- States can build a strong foundation for economic success and shared prosperity by investing in education. Providing expanded access to high quality education will not only expand economic opportunity for residents, but also will likely do more to strengthen the overall state economy than anything else a state government can do.
- States can increase the strength of their economies and their ability to grow and attract highwage employers by investing in education and increasing the number of well-educated workers.
- Investing in education is also good for state budgets in the long run, since workers with higher incomes contribute more through taxes over the course of their lifetimes

Utah System of Higher Education – Office of Planning, Finance & Facilities DRAFT 4.29.2014 8

Investment in education to increase the attainment levels in Utah will return significant benefits to the state, and is critical to growing Utah's economy in areas that offer more opportunities for high wages. Educational attainment is also the key to many other societal benefits, of which only a few are highlighted in this report.

Higher education in Utah will need the continued support of the Governor, the state legislature and the public to meet the 66by2020 goal. The benefits for the state are immense, especially when contrasted with what its future would look like without this goal: an economy missing \$14.4 billion in wages and \$1.4 billion in state tax revenue; a continued increase in those relying on public assistance to make ends meet; a growing amount of those living in intergenerational poverty; an increased—and increasingly expensive—prison population; and stagnation in K-12 success rates. Utahns should dream of a brighter future for themselves and for their children, and support this vital goal.

Appendix I

Direct Return: Total Degrees by 2020

A total of 336,950 degrees need to be awarded by 2020 to meet the 66by2020 goal. The overall impact of this goal is an estimated \$3.6 billion in annual wages added to Utah's economy by the year 2020. Using a 9.86% state tax rate estimated by the Utah Taxpayers Association, accomplishing the goal will add an estimated \$359 million to Utah's tax revenue each year above what would have been expected if those same people had only received a high school diploma (table 4). The lifetime benefits of the \$131 billion in additional wages (including an economic multiplier for the impact of the increased wages) are an estimated addition of \$12.9 billion to Utah's tax revenues (table 4).

++ The economic multiplier is the estimated impact of higher wages on an economy (Cooper, D., Hall, D., 2013)

Table 4 - Costs & ROI for Total Degrees Awarded Each Year for the 66by2020 goal

USHE institutions received approximately \$500 million in appropriated tax revenue in the 2004-2005 fiscal year, and there is approximately \$596 million tax funds appropriated for the 2013-2014 fiscal year. Using a simple regression calculation to project tax appropriations through the 2019-2020 fiscal year, it is estimated that a total of \$5.876 billion in Utah state tax revenue will be dedicated to USHE schools for educational expenses during the 10 years that 66by2020 is pursued (2010-2011 to 2019-2020). The estimated lifetime return to Utah's tax revenues for all 336,950 graduates is \$12.9 billion, a net return on investment of approximately \$7 billion.

MEMORANDUM

TO: State Board of Regents

FROM: David L. Buhler

SUBJECT: USHE – Budget Framework for FY 16

Issue

One of the statutory responsibilities of the Board of Regents is to recommend a unified budget to the Governor and Legislature for the Utah System of Higher Education. This budget request is to meet the "dual objective" of being consistent in meeting the needs of higher education institutions and within "the financial ability of the state" (U.C.A. 53B-7-101-4b). At the March 2014 meeting the Board directed the Commissioner, after consulting with the presidents, to bring to the May 2014 meeting a preliminary framework for the 2015-16 operating budget recommendation, including three elements:

- 1. Per-student funding at each institution based on its mission and role with a goal of each institution reaching its benchmark over time.
- 2. Funding of statewide strategic priorities as established by the Board; and
- 3. Post-performance funding.

Attached is a draft budget framework for Fiscal Year 2016. After receiving input from the Finance and Facilities Committee and the Board in May, further refinements will be made and a recommendation will made to the Board at the July 2014 meeting. This framework will then guide the formulation of the Commissioner's recommendation for the FY 2016 budget request, to be considered at the September 2014 board meeting.

Commissioner's Recommendation

The Commissioner recommends the Board carefully review the Draft Budget Framework for the Utah System of Higher Education operating budget request for fiscal year 2015-16, and provide feedback and suggestions. This is an information item with the intent of a final draft being advanced as an action item at the July 2014 Board meeting.

> David L. Buhler Commissioner of Higher Education

DLB Attachment

DRAFT—May 7, 2014 UTAH SYSTEM OF HIGHER EDUCATION BUDGET FRAMEWORK FISCAL YEAR 2015-16

Background

The Board of Regents and the Utah System of Higher Education support Utah's statewide attainment goal of 66 percent of Utah adults (with a focus on ages 25-35) with a college degree or certificate by the year 2020. In support of this goal the Board adopted on January 24, 2014 a seven-year budget projection to identify the resources necessary to increase capacity within the system to accommodate the number of students required to reach the 2020 goal. This projection estimates that an annual operating budget increase of \$128.5 million per year in appropriations (tax funds and tuition) will be needed. The statutory authority for the Board of Regents in recommending a unified budget to the Governor and Legislature provides that the request shall meet a "dual objective" of being consistent with the needs of higher education institutions and within "the financial ability of the state" (U.C.A. 53B-7-101-4b).

Introduction

The Board of Regents directed the Commissioner, after consulting with the Presidents, to bring forward to the May 2014 Board meeting a preliminary framework for the 2015-16 operating budget recommendation, including the following elements:

- 1) Per-student funding at each institution based on its mission and role with a goal of each institution reaching its benchmark median over time.
- 2) Funding of statewide strategic priorities as established by the Board; and
- 3) Post-performance funding.

This framework is in response to that direction. It was reviewed with the Council of Presidents on April 29, 2014. Much of the data needed to prepare the budget request is available between mid-June and early August (see table of important dates at the end of this document). This document will be presented to the Board's Finance and Facilities Committee in May for their consideration and feedback. A final recommendation will be made to the Board at their July meeting. This framework will then be used in preparing the Utah System of Higher Education unified budget request, to be presented at the September Board of Regents meeting.

Framework FY 2015-16

The major components of the 2015-16 budget request will be: Employee Compensation and Mission Based Funding---the latter comprised of Student Support, Distinctive Mission, and Post-Performance Funding. Other items will also be included in the request such as state scholarships and other statewide programs. These budget request components are detailed below.

I- Compensation

Total compensation comprises base salary, medical benefits (health and dental), and salary related benefits (unemployment, Social Security, retirement, workers compensation, disability and basic life insurance). By agreement with the Utah Legislature, 75 percent of incremental increases in salaries and salary-related benefits are funded with tax funds; the remaining 25 percent is funded through tuition. (Medical benefit increases are typically benchmarked to increases in the State PEHP plan.) A high priority of the Utah System of Higher Education is to have the resources to provide fair and competitive compensation for employees, whether faculty or staff. It is expected that this will be the top priority in the 2015-16 budget request.

II- Mission Based Funding – Student Support

For 2014-15 the Mission Based Funding Acute Equity request was determined by using 90 percent of the Carnegie regional average (\$4,800) per student FTE as the benchmark for ALL USHE institutions, comparing this \$4,800 value to individual USHE institutional averages, and then multiplying by budget-related resident FTE for the total gap amount. An allocation for participating institutions was agreed to, and this allocation was used for distribution of the funding provided by the Legislature. When this approach was approved by the Board in September 2013 it was noted that each USHE institution, when compared with its own set of comparable peers, is funded on a per-student basis at less than its peers and that this would be addressed in the future, once acute equity was initially addressed.

For 2015-16 it is proposed that Student Support be a part of Mission Based Funding. This will reflect institutional mission type, and be based on per-student state and local funding of Carnegie peer institutions, as compared to USHE institutional funding levels. Benchmarks for each institution will be established based on a percentage of per-student medians with the goal of reaching, over time, those benchmarks. Some of the data needed by this model to set the benchmarks will not be available until August 1, 2014.

III- Mission Based Funding – Distinctive Mission

Distinctive Mission Funding is used to assist institutions in achieving statewide goals and objectives (participation, completion or economic development) as approved by the Board of Regents. Consideration may be given to refining or updating the strategic objectives. For Distinctive Mission, each President proposes the specific uses and outcome measures for funds allocated. The allocation is based on 1/3 annualized budget related resident FTE enrollment, and 2/3 appropriated on-going tax funds. A portion of the data needed to compute the allocations used by this model is not available until August 1, 2014.

IV- Mission Based Funding—Post-Performance

During the 2013 legislative session, \$1 million in one-time funding was allocated for performance, to be focused on efforts to increase completions to reach the state's 66 percent by 2020 goal. In the 2014 legislative session, \$1.5 million in one-time funding was allocated for performance, and metrics for measurement will be similar to the first year. For 2015-16, however, it is proposed that on-going funding be

sought and that performance funding metrics be further developed as an important component of new funding as part of the system budget. A working group on post-performance funding chaired by President Charles Wight, with President David Pershing and President Scott Wyatt as members, with staff assistance from Associate Commissioner Greg Stauffer, is working on recommendations to the Commissioner, Council of Presidents, and the Board of Regents.

V- Statewide Programs

Statewide programs (including state scholarships), and collaborations (such as UDA and UALC) will also be considered. However most of the budget request will be included in compensation and the three components of Mission Based Funding.

Conclusion

Once the budget framework is approved by the Board of Regents, the Commissioner, in consultation with the Presidents, and as necessary data becomes available, will fashion a budget recommendation for consideration by the Board in September. This recommendation will be consistent with the strategic objectives of the Board including building capacity for the 66 percent goal and advancing post-secondary participation and completion.

Important Dates—Data Availability

Available Now – IPEDS FY13 enrollment provisional May 31, 2014 – IPEDS FY13 finance provisional available June 20, 2014 – USHE FY15 budgeted employee salary and benefits available June 20, 2014 – USHE FY15 final budgeted state appropriations (tax & tuition) available July 16, 2014 – PEHP FY16 health and dental increases available August 1, 2014 – USHE FY14 annualized end of term FTE enrollments available October 1, 2014 – URS FY16 increase available

Important Dates—Budget Process

April 29, 2014 – Council of Presidents considers and provides input on FY15-16 Budget Framework May 16, 2014 – Board of Regents review and adopt FY15-16 Budget Framework August 8 and Sept. 9, 2014 – Council of Presidents considers and provides input on proposed FY 15-16 unified budget

September 26, 2014 - FY16 USHE budget request approved by Board of Regents

MEMORANDUM

TO: State Board of Regents

FROM: David L. Buhler

SUBJECT: University of Utah – Health Sciences Center (HSC) Campus Master Plan

Issue

The University of Utah has requested the opportunity to inform the Regents about the initiative that is underway to update the entire Health Sciences Center (HSC) portion of the campus master plan.

Background

As is noted in the attached letter from the University, recent studies have confirmed the need to demolish and replace the aging School of Medicine Building that was built in 1965. Recognizing that replacement of this building will have a long-term impact on the Health Sciences sector of the campus, the University has initiated a planning process to establish an updated Health Sciences master plan with a new Medical Education and Discovery (MED) building as the core facility.

To this end, the University is collaborating with consulting and architectural firms to identify and evaluate potential sites; identify and propose mitigations for the challenges to be faced; and identify how to take advantage of collaboration and interaction among all Health Sciences community members. The attached letter from the University includes additional information about the progress to date. Representatives from the University will be present to provide additional information to the Board and respond to questions.

Commissioner's Recommendation

This is an information item only; no action is required.

David L. Buhler Commissioner of Higher Education

DLB/GLS/WRH Attachment

Office of the Vice President for Administrative Services

April 24, 2014

Mr. David Buhler Commissioner Board of Regents Building, The Gateway 60 South 400 West Salt Lake City, Utah 84101-1284

RE: University of Utah Health Sciences Center - Campus Master Plan Dear Mr. Buhler:

Several recent studies have confirmed that the School of Medicine building (SOM), located in the crowded center of the University of Utah Health Sciences campus, has reached the end of its useful life and must be demolished and replaced. Due to the significant and far-reaching impact this will have on the Health Sciences Center (HSC) campus, the University has seen it as an opportunity to examine and update the entire HSC campus master plan.

As noted in the consultant's report, "the HSC demands a 'heart' of campus that would be a clear center, a vibrant, lively, social and active core area. The placement and organization of the Medical Education and Discovery building (the MED), which will replace the SOM, offers an opportunity to address these elements, through its location, organization and other master plan enhancements."

The University hired MHTN Architects, working in collaboration with LBL (medical school subject experts from San Francisco), who engaged University Steering and Working Committees to build a planning foundation whose goals were to:

- Identify and evaluate potential sites for the MED and offer recommendation for the preferred site;
- Identify issues that exist on the campus as a result of its organic growth over time and propose mitigations or solutions within the master planning framework;

University of Utah 201 South Presidents Circle, Room 209 Salt Lake City, Utah 84112-9012 Office Phone (801) 581-6404 Fax (801) 581-4972 David L. Buhler April 24, 2014 Page Two

- Identify and plan for key services, such as clinical units, presently in the building that require relocation in advance of demolition;
- Analyze and take advantage of the opportunities for the campus provided by the MED, especially in light of its role as a campus heart that fosters collaboration and interaction among all community members.

Michael G. Perez, Associate Vice President for Facilities Management, would appreciate a few minutes to inform the Finance and Facilities committee of the recent updates to the HSC campus master plan at the May 16th meeting.

Thanks, as always, for your consideration and support.

Sincerely,

Amoul A. Combe

Arnold B. Combe Vice President

MEMORANDUM

TO: State Board of Regents

FROM: David L. Buhler

SUBJECT: Salt Lake Community College – Westpointe Center Property Acquisition

Issue

Salt Lake Community College (SLCC) has requested the opportunity to inform the Board about a 9.96 acre property acquisition they are pursuing.

Background

The property is located at 1120 North 2200 West in the northwest quadrant of Salt Lake City, an area identified in the Campus Master Plan for location of a future campus. SLCC is currently using a leased building called the Westpointe Center for this purpose. The available property is contiguous to this leased property and, if acquired, will become the new site for the Career and Technical Education (CTE) and Learning Resource Building that is SLCC's Capital Development project request for FY 2016 funding consideration.

The primary purpose for bringing this item forward at this time is to have the property included on the schedule for the Regents' Capital Facilities projects tour in July. The property is in the process of being appraised and will be brought back to the Board in the July meeting after the appraisal and other due diligence matters have been completed.

The letter from SLCC requesting this opportunity is attached for your information and institutional representatives will be present at the meeting to provide additional information and respond to questions.

Commissioner's Recommendation

This is an information item; no action is needed.

David L. Buhler Commissioner of Higher Education

25 April 2014

Board of Regents c/o Commissioner David L. Buhler Board of Regents Building, Two Gateway 60 South 400 West Salt Lake City, UT 84101-1284

RE: Acquisition of 9.96 acres located at approximately 1120 North 2200 West, Salt Lake City, UT

Commissioner:

In accordance with the R710, Capital Facilities Policy; SLCC is requesting the property acquisition be placed on the information calendar agenda for the next Board of Regents meeting. The 9.96 acres is located at 1120 North 2200 West, Salt Lake City, UT and is:

- (1) Contiguous to SLCC's current Westpointe Center leased property
- (2) The property is being appraised and values will be available in time for the Board of Regents July meeting action item

The acquisition of this property supports the Master Plan and the establishment of a campus in the Northwest quadrant of the Valley. In the event that this transaction occurs, this property will become the site for the CTE building project which will be the College's #1 Capital Development priority submitted to the Regents, Building Board and Legislature for funding consideration for 2015/2016 fiscal year.

Thank you for your continued attention to the College's mission of providing great accommodations for our student body. Let me know if there is anything else you need regarding this proposal.

Respectfully submitted,

Francis Talm B

<u>Office of the Commissioner</u> David L. Buhler, Commissioner Elizabeth Hitch, Associate Commissioner for Academic and Student Affairs Gregory L. Stauffer, Associate Commissioner for Finance and Facilities

Institutional Presidents

David W. Pershing, University of Utah Stan L. Albrecht, Utah State University Charles A. Wight, Weber State University Scott L Wyatt, Southern Utah University Gary L. Carlston, Snow College Stephen D. Nadauld, Dixie State University Ian Wilson, Senior Vice President of Academic Affairs, Utah Valley University Deneece Huftalin, Salt Lake Community College

Other Commissioner's Office and institutional personnel were also present. The signed role is on file in the Commissioner's Office.

The Board of Regents began the day at 8:00 a.m. with a breakfast meeting; they were joined by the Dixie State University Board of Trustees. The Regents then met in committees until 10:30 a.m.

The Committee of the Whole was called to order at 10:41 a.m.

State of the University

President Nadauld gave a presentation on the state of the University updating the Regents on Dixie State's developments as a regional university and reporting on programs aimed at improving retention.

Chair Beesley added President Nadauld has been the "right man for the right time", and working together with his staff and board of trustees, recognized the tremendous strides Dixie State University has made under his leadership.

Commissioner's Report

Commissioner Buhler focused his report on the 2014 Legislative Session (see below).

General Consent Calendar (TAB T)

On a motion by Regent Pitcher, and seconded by Regent Zenger, the following items were approved on the Regents' General Consent Calendar:

- A. Minutes Minutes of the Board meeting January 24, 2014, University of Utah, Salt Lake City, Utah.
- B. Grant Proposals
- C. Awards
- D. Academic Items Received and Approved
- E. Finance/Facilities

Reports of Board Committees

Academic and Student Affairs Committee

New Century and Regents' Scholarship Award Amounts for 2014-15 (TAB A)

Regent Davis reported that the legislature approved an increase of \$3 million one-time funding for the Regents' Scholarship program and a \$500,000 one-time appropriation for the New Century Scholarship program which provide enough resources to fully fund the New Century and Regent's Exemplary awards at the full amount, \$1,250 per semester for the 2014-15 academic year. It was moved by Regent Davis and seconded by Regent Prince to approve the following amounts for the New Century and Regents' Scholarships for the college academic year 2014-15:

New Century Scholarship: \$1,250 per semester

Regents' Base Award: \$1,000 one-time

Regents' Exemplary Award \$1,250 per semester

Regents' UESP Savings Match: Up to \$400 one time

The motion carried.

<u>R315 (Service Area Designations and Coordination of Off-Campus Courses and Programs): Verification</u> of Existing Delivery Outside of a Designated Service Area (TAB B)

Regent Davis reported this policy was approved previously and this action item is to approve the list of programs that verify existing and grandfathered delivery of courses and programs that are not asynchronous and are offered outside the institutional designated service areas. He encouraged the board to carefully review the attached list of courses. It was moved by Regent Davis and seconded by Regent Mikkelsen to approve the list in Tab B as required in R315, Section 6.2. The motion carried.

<u>Recommendations on High School Mathematics Preparation for Students Enrolling in Utah System of</u> <u>Higher Education Institutions</u> (TAB C)

Regent Davis reported on and moved for approval of the recommendations of the Senior Year Math Task Force and the further distribution of the recommendations found at Tab C to interested high school students, parents, counselors, teachers and administrators. Regent Simmons seconded the motion, and the motion carried.

Report on Services for Veterans (TAB D)

Regent Davis reported on this information item pointing out that all of the institutions have staff assigned to work with veterans, six of which have offices dedicated to serving veterans with four of these having veterans centers which provide expanded services. No action was taken.

<u>State Systems Transformation Co-creation Participation</u> (TAB E) Regent Davis reported on the new grant funded project. This was an information item, no action was taken.

Finance/Facilities Committee

Dixie State University - Campus Master Plan Update (TAB F)

Regent Marquardt reported on the updates to the Dixie State University Campus Master Plan outlined in Tab F, adding that the Physical Education / Student Recreation Building is their number one priority. It was moved by Regent Marquardt and seconded by Regent Pitcher to approve the Campus Master Plan. The motion carried.

Dixie State University - Burns Arena North Office Addition (TAB G)

Regent Marquardt reported on Dixie State University's requested approval for construction, with institutional funds, an office building addition to the north-end of the existing Burns Arena. It was moved by Regent Marquardt and seconded by Regent Barnes to approve the Dixie State University project request, subject additionally to State Building Board authorization to build without legislative authorization. The motion carried.

University of Utah - Huntsman Center Arena Phase 1 Upgrade and Remodel (TAB H)

Regent Marquardt reported on the University of Utah's request for construction of Phase 1 of the Huntsman Center Arena Upgrade and Remodel. It was moved by Regent Marquardt and seconded by Regent Clyde to approve the Huntsman Center Arena project as requested with the understanding that future phases will be brought to the Regents for approval at the appropriate time. The motion carried.

Revision of Policy R590, Issuance of Revenue Bonds for Facilities Construction, Facilities Acquisition, or Equipment (TAB I)

Regent Marquardt reported briefly on the technical revisions to R590. It was moved by Regent Marquardt and seconded by Regent Pitcher to approve the revisions to R590 as outlined in Tab I. The motion carried.

Revision of Policy R491, University Research Parks (TAB J)

Regent Marquardt reported Policy R491 had come before the Board of Regents in January 2014 and was tabled to refine the "definitions" section of the policy. **Regent Marquardt reported that the committee** was happy with the new definition and he moved the approval of R491 as outlined in Tab J. It was seconded by Regent Barnes. The motion carried.

Adoption of Policy R122, Board Conflict of Interest Policy (TAB K)

Regent Marquardt reported on the proposed new policy, R122. The policy is in line with Utah state statutes and requires each board member to complete a disclosure statement form each year. Regent Marquardt also reported the Finance/Facilities Committee added the statement in section 5.2.1. "as provided by the Commissioner's Office" inserted into the statement "For disclosure statements required by Section 4.2.1., the disclosure statement *as provided by the Commissioner's Office* must be submitted before the Regent participates in his or her official capacity with respect to such transactions or within thirty (30) days of the adoption of this policy and annually thereafter." Regent Marquardt further reported the submitted disclosure statements will be reviewed by the Conflict of Interest Committee and the minutes of the meeting will reflect the names of the board members who abstain from a particular vote. It was moved by Regent Marquardt and seconded by Regent Zenger to adopt the new policy. The motion carried.

Revision of Policy R588, Delegation of Debt Policy to Boards of Trustees (TAB L)

Regent Marquardt reported this agenda item was pulled from this agenda to allow for additional revisions to the policy. No action was taken.

<u>Revision of Policy R205, Presidential Appointment, Term of Office, and Compensation and Benefits</u> (TAB M)

Regent Marquardt reported on the revision on Policy R588 section 3.5.3. He noted that the Finance/Facilities Committee further revised the language in section 3.5.3 removing a dollar amount "\$520" and replacing it with the language "at a rate set by the Commissioner's Office" so the policy will not become dated with rate changes. The dollar amount was also removed in the final sentence of this section and replace with the word "established rate". It was moved by Regent Marquardt and seconded by Regent Pitcher to approve the revision of Policy R205 section 3.5.3. The motion carried.

<u>USHE - Spring 2014 Enrollment Report</u> (TAB N) Regent Marquardt reported on this information item, no action was taken.

<u>HigherEdUtah2020 - 2014 Report</u> (TAB O) Regent Marquardt reported on this information item, no action was taken.

<u>USHE - Annual Money Management Report for Fiscal Year Ending June 30, 2013</u> (TAB P) Regent Marquardt reported on this information item, no action was taken.

<u>University of Utah - Series 2014A General Revenue Refunding Bonds</u> (TAB Q) Regent Marquardt reported on this information item, no action was taken.

<u>University of Utah - Health Sciences Center Campus Master Plan</u> (TAB R) Regent Marquardt reported this item was pulled from the agenda and will be submitted to the Board of Regents at a later date. No action was taken.

<u>USHE - Capital Facilities Update for 2014-15</u> (TAB S) Regent Marquardt reported on this information item, no action was taken.

2014 Legislative Session Report and Budget Update (TAB U)

Commissioner Buhler reported on the 2014 Legislative Session. He congratulated the USHE presidents for doing a great job on presenting to the legislature, noted a few successful bills, and recognized the great work of staff. He reported this year was a historic reinvestment of higher education on the part of the Utah legislature with a total budget increase of 11.3 percent. He thanked the Regents, Presidents, Trustees, business community and others for uniting and supporting our system. He also thanked the support of the legislature leadership, in particular Senator Stephen Urquhart, Representative Keith Grover, and Representative Jon Stanard, who were champions for higher education this year.

Resolution of Appreciation

Chair Beesley spoke to the *Resolution of Appreciation for Support of the Budget Priorities of the Utah State Board of Regents during the 2014 Legislative Session* thanking the Governor, Utah Legislature, institution Presidents and Trustees for their hard work and united efforts during the 2014 Legislative Session that resulted in a significant investment in Utah's future. In addition Chair Beesley thanked President Pershing and Commissioner Buhler for their efforts and leadership. It was moved by Regent Campbell and seconded by Regent Davis to approve the resolution. The motion carried.

Tuition Increases for 2014-15 (1st- and 2nd- tier) (TAB V)

Commissioner Buhler reported this year the Utah System of Higher Education is recommending a first-tier tuition increase of 4.0% and added that this is the lowest increase since 2000, drawing the tie between legislative funding and tuition increases. He also reported there are three institutions proposing 2nd tier tuition increase as outlined in Tab V. Associate Commissioner Greg Stauffer also drew the Regents attention to the Utah State University expansion of tuition plateau rates. It was moved by Regent Pitcher and seconded by Regent Theurer to approve the tuition rates for 2014-15 as outlined in Tab V. The motion carried.

Fee Increases for 2014-15 (TAB W)

Associate Commissioner Greg Stauffer briefly reported the general student fee schedules for 2015. It was moved by Regent Simmons and seconded by Regent Clyde to approve the fee schedules included in Tab W. The motion carried.

Preliminary Framework for 2015-16 Budget Request (TAB X)

Commissioner Buhler reported on this item, Chair Beesley and Vice Chair Campbell also spoke in support of this directive. It was moved by Regent Campbell and seconded by Regent Barnes to direct the

Commissioner, working with the Presidents, to bring forward to the May 2014 Board meeting, a preliminary framework for the 2015-16 budget recommendation, including the following elements:

- Per-student funding at each institution based on their mission and role with a goal of each institution reaching their benchmark median over time.
 - The goal is to bring institutions to the same percentage of their benchmark median.
- Funding of statewide strategic priorities as established by the Board.
- Post-performance funding.
- The motion carried.

Regent Beesley thanked President Nadauld and Dixie State University for their hospitality. She also recognized Regent Davis (Pastor Davis) celebrating 40 years of service.

It was moved by Regent Stoddard and seconded by Regent Davis to meet in Executive Session. The motion carried.

The Committee of the Whole adjourned at 12:25 p.m. and the Board of Regents met in Executive Session until 12:51 p.m.

Kirsten Schroeder, Executive Secretary

Date Approved:

Southern Utah University – New Markets Tax Credit Financing for the Shakespeare Festival Project (*Ratification of Executive Committee action regarding New Markets Tax Credit (NMTC) Financing for partial funding of the Shakespeare Festival Facility Project*)

The Executive Committee of the Board met on April 22, 2014 and authorized Southern Utah University (SUU) to proceed with the proposed New Markets Tax Credit (NMTC) financing proposal that will provide an estimated \$3.4 million of funding for the new Utah Shakespeare facility component of the Center for the Arts Project. The Board has been kept apprised of this funding proposal during its development over the past several months, and this action completes the funding package approval for the project and enables SUU to proceed with construction.
