MEMORANDUM

TO: State Board of Regents
FROM: David L. Buhler
SUBJECT: Online Costs for Undergraduates

Issue

Online courses are an increasingly prevalent course delivery method and evermore an expected part of the higher education experience. These documents respond to a Regental "Action" item request from the January Board of Regents meeting, where the Board instructed the Commissioner's Office "...to undertake a thorough study of on-line tuition, including for Utah resident and non-resident students, and to provide a report to the Board..."

Background

The number of students enrolling in online courses at USHE Institutions is steadily rising each year. For the 2013 Fall term, 23% of USHE students enrolled in at least one online course. This number has increased by one percentage point each year for the last four years. Tuition rates and pricing of online courses is a complex and nuanced issue. It is appropriate and expected that different institutions with different missions will have varied cost structures. Attached are several documents describing the cost structures.

Student Costs Related to Undergraduate Online Budget-related Courses:

Online per credit Student Costs: five pages, with each page dedicated to five separate types of undergraduate students:

- Resident student living in Utah, taking no online classes
- Non-resident student living in Utah, taking no online classes
- Resident student living in Utah, taking exclusively online classes
- Non-resident student living in Utah, taking exclusively online classes
- Student living outside of Utah, taking exclusively online classes ("Distance" student)

Student Costs for online Courses in Rocky Mountain States Surrounding Utah: survey of 20 campuses in seven western states and their online tuition practices.

Policy Issues

This memo represents an effort to quantify current practices at USHE Intuitions. Practices vary within USHE and vary substantially across the country, not unreasonable in a rapidly evolving arena and in an environment encompassing institutions with differing missions and student populations to serve. Taking a course taught on a campus and placing it online to increase access or accommodate more students' schedules may actually result in a more costly course.

Commissioner's Recommendation

This is an information item only and no formal action by the Board is required.

¹Lower division (freshman & sophomore) rate only. Differential rates for certain disciplines and upper division (junior and senior) may apply.

²University of Utah charges a \$30/course fee for each online course. To demonstrate a per credit number, the course fee was divided by 3, since most courses are 3 credits.

³Higher differential rates for students enrolling in certain courses, including Arts, Business, and Engineering courses.

⁴Higher differential rates for students enrolling in upper division Business and Economics courses.

⁵SUU charges students enrolled exclusively online (regardless of location in or out of the state) \$450/credit (\$550/credit for graduate). SUU has mainly focused on graduate students in this category, and has few, if any undergraduates in this category.

⁶Snow College charges a \$10/course fee for each online course. To demonstrate a per credit number, the course fee was divided by 3, since most courses are 3 credits.

⁷Utah Valley University charges a \$52/course fee for each online course. To demonstrate a per credit number, the course fee was divided by 3, since most courses are 3 credits.

⁸Salt Lake Community College charges a \$40/course fee for each online course. To demonstrate a per credit number, the course fee was divided by 3, since most courses are 3 credits.

Shading denotes plateau tuition for regular tuition and fees

¹Lower division (freshman & sophomore) rate only. Differential rates for certain disciplines and upper division (junior and senior) may apply.

²University of Utah charges a \$30/course fee for each online course. To demonstrate a per credit number, the course fee was divided by 3, since most courses are 3 credits.

³Higher differential rates for students enrolling in certain courses, including Arts, Business, and Engineering courses.

⁴Higher differential rates for students enrolling in upper division Business and Economics courses.

⁵SUU charges students enrolled exclusively online (regardless of location in or out of the state) \$450/credit (\$550/credit for graduate). SUU has mainly focused on graduate students in this category, and has few, if any undergraduates in this category.

⁶Snow College charges a \$10/course fee for each online course. To demonstrate a per credit number, the course fee was divided by 3, since most courses are 3 credits.

⁷Utah Valley University charges a \$52/course fee for each online course. To demonstrate a per credit number, the course fee was divided by 3, since most courses are 3 credits.

⁸Salt Lake Community College charges a \$40/course fee for each online course. To demonstrate a per credit number, the course fee was divided by 3, since most courses are 3 credits.
