MEMORANDUM

TO: State Board of Regents

FROM: David L. Buhler

SUBJECT: Revision of Policy R401, Approval of New Programs, Program Changes, Discontinued Programs, and Program Reports

Issue

The Commissioner is proposing revising policy R401 language for clarity and consistency. While the marked-up copy suggests there are extensive changes, the substance of the policy remains largely the same and the changes merely reflect a reorganization of the current language for easier access and consistency. In addition to the staff and Chief Academic Officer (CAO) proposed changes, the CAOs requested a review of the templates used to draft R401 proposals. A CAO subcommittee consulted on the latter issue.

Background

The proposed revision of R401:

1. Eliminates duplicative and inconsistent definitions, adds detail where needed, and provides clearer instructions for institutions submitting academic program and administrative unit proposals for Regent approval.
2. Adds Market Demand to the Abbreviated Template so that Certificates of Completion (where market demand data are important for program review) can be completed using that template. Currently, new Certificates of Completion are submitted using a Full Template, but are approved on the General Consent Calendar. New Certificates of Completion will continue to be approved by the Regents on the General Consent Calendar but will now use the revised Abbreviated Template. This change allows for all program types that are approved on the General Consent Calendar to use the Abbreviated Template, a consistent approach that will be more easily managed by the institutions.
3. Removes from the policy the templates Utah System of Higher Education (USHE) institutions use to submit R401 proposals. This will allow for changes to the templates as needed, without full policy revision and Regent action being required. The proposed policy revision specifies: (1) a process by which templates can be changed that includes review by CAOs or their designees; (2)

who approves changes to templates (Commissioner's staff in consultation with the USHE and CAOs); and (3) where templates are located (online). The Office of the Commissioner of Higher Education (OCHE) will move toward writable pdfs or online forms that simplify: (1) the institutional submission process; (2) the OCHE review process; and (3) OCHE's ability to maintain historical record of Regent program and report approvals.

This proposed revision of policy R401 received input from USHE Chief Academic Officers during the 2014-15 academic year. It was reviewed July 30, 2015 by the USHE Chief Academic Officers and has their support. There are no outstanding policy issues.

Recommendation

The Commissioner recommends that the Regents approve the revised policy R401, *Approval of New Programs, Program Changes, Discontinued Programs, and Program Reports.*

R401, Approval of New Programs, Program Changes, Discontinued Programs, and Program Reports¹

Preamble²: Academic programs are at the center of the educational mission of Utah's state colleges and universities, and the pursuit of knowledge is the driving consideration for the students served. Additionally, the Board of Regents (Regents) and the Utah System of Higher Education (USHE) universities and colleges are committed to providing students with a range of degrees and other credentials that are appropriate to the respective missions of Utah institutions and that meet, if not exceed, national standards.

The procedure of degree approval is rigorous. The idea for a new degree comes from faculty responding to changes in a specific field, accreditation standards, student demand, or market forces. Before academic programs are sent to the Regents for review, they undergo careful scrutiny by academic departments, college or division committees, academic senates, executive officers, and institutional boards of trustees. Thus, institutional and Regents' reviews hold academic programs to high standards of quality and assure that graduates who earn these degrees and credentials are prepared to live successfully in and contribute to the welfare of the State and its citizens.

R401-1. Purpose. To provide guidelines and procedures for Regents' approval and notification of new programs and programmatic and administrative changes in academic and Career and Technical Education (CTE) programs. Additionally, this policy includes notification of discontinued programs and other program-related items that institutions shall provide to the Commissioner of Higher Education.

Agreements can cover one, two, or more years of study. All~~ Transfer and articulation agreements between lower- and upper-division programs and largely inclusive of general education courses are discussed and agreed upon at the annual Faculty Discipline Majors' Meetings. Additional transfer and articulation agreements, such as those in Career and Technical Education (CTE), may be developed between and among institutions. 3.14.12.2. Certificate of Completion. A program of study ~~consisting primarily of 1000-level courses. and Intended to preparing people~~ students for gainful employment in a recognized occupation. ~~‡~~ Typically more than one year and less than two years in length of full-time study. Requires a minimum of ~~(30 -and a maximum of 33 semester credit hours or 900- to 990 clock hours.)~~ approved by the Board of Regents ~~consisting primarily of 1000-level courses.~~ General education requirements are less extensive than in AA and AS degrees, generally 9 credit hours in Composition, Computation, and Human Relations. Certificates more than 45 semester credit hours or 1350 clock hours must show how the certificate can lead to an associate's degree within the normal credit hour requirements for that degree. When appropriate, transfer agreements should be included in the program proposal.

4.1.13.12.3. Associate of Applied Science (AAS) Degrees. Programs of study that include limited general education, course work in a subject, and are intended to prepare students for entry-level careers. Typically two years in length of full-time study. Require ~~Aa~~ minimum of 63 and a maximum of 69 semester credit hours. ~~g~~ General education requirements are less extensive than in AA or AS degrees, generally 9 hours in

[Composition, Computation, and Human Relations. General education courses may be embedded within a course in the discipline, but must be identifiable.](#)

4.1.2.3.12.4. Associate of Arts (AA) and Associate of Science (AS) Degrees. Programs of study primarily intended to encourage exploration of academic options that provide a strong general education component, and prepare students for upper-division work in baccalaureate programs or ~~prepare~~ for employment and for responsible citizenship. Typically two years in length of full-time study. Requires a minimum of 60 and a maximum of 63 semester credit hours, which include 30 to 39 semester credit hours of general education course work.

Because students might not fully complete an institution's general education requirements while completing a specialized associate's degree, they are expected to satisfy remaining general education requirements in addition to upper-division baccalaureate requirements at the receiving institution. ~~s~~Specialized ~~A~~associate's ~~D~~degree programs have formal, written, articulation agreements for the courses transferring. In some cases, articulation may be system-wide.

4.1.2.13.12.4.2. Pre-Major. Associate's ~~D~~degrees that include a set of courses designed to prepare students for upper-division ~~majors'~~ work in a specific major. Courses contained in a pre-major in an AA or AS degree should be the same or similar to courses offered at four-year institutions as determined by the Faculty Discipline Majors' ~~e~~Committees. ~~Pre-majors~~ must follow statewide articulation agreements where such agreements have been formulated. When a pre-major affects students transferring from two-year institutions, formal articulation agreements are desirable and students should be clearly informed of the transferability of the courses taken in the pre-major at the two-year institution. Upon transfer, students, if accepted into a major, should generally be able to complete the baccalaureate degree in two additional years of full-time study.

3.12.4.3. General Studies Associate's Degrees. See *General Studies Associate's and Bachelor's Degrees Guidelines, Appendix A*, for conditions that should be met in the design of General Studies ~~Bachelor's D~~degrees.

3.12.5.1. Professional Bachelor's Degrees. A professional degree prepares students for a particular profession by emphasizing skills and practical analysis built upon theory and research and, most often, has specialized accreditation that sets acceptable practice standards. ~~m~~May exceed the maximum of 126 credit hours to meet accreditation requirements. Professional degrees often lead to require third-party licensure.

~~3.14.~~**3.12.5.2. Baccalaureate Pre-Mmajor.** ~~a~~At four-year institutions not offering an AA or AS degree, the term "pre-major" applies to preparatory, lower-division courses required for acceptance into a major. Pre-major course work is not sufficient to admit the student to the major in cases where the institution has admission requirements for the major and a limited on the number of students who may pursue ~~a particular~~the major. Courses in a baccalaureate pre-major should be the same or similar to those offered by the two-year programs as determined by the Faculty Discipline Majors' ~~e~~Committees. **NOTE:** A pre-major for a BA/BS or ~~P~~professional ~~B~~bachelor's ~~D~~degree may be specified by the institution, *but does not require Regent approval.*

~~4.1.4.~~**3.12.5.3. General Studies Bachelor's Degrees.** See *General Studies Associate's and Bachelor's Degrees Guidelines, Appendix CA*, for conditions that should be met in the design of General Studies ~~Bachelor's D~~degrees.

~~5.1.4.~~**3.12.5.4. Minor.** ~~a~~A coherent collection of related courses that are deemed to be a student's secondary field of academic concentration or specialization during undergraduate studies. ~~A M~~minor which is presented within a ~~B~~bachelor's ~~D~~degree proposal ~~will~~must be identified.

~~3.12.~~**3.12.5.5. Endorsement, K-12 Teaching Endorsement.** A collection of courses, built upon a Regent-approved teacher education program, that prepares K-12 teachers or teacher candidates to meet specific area certification as established and conveyed by the Utah State Office of Education.

~~4.1.5.~~**3.12.6. K-12 School Personnel Programs (Full Template Required, Appendix B).** Licensure preparation programs for teacher education, counselors, administrators, and other school personnel.

~~3.5.~~**3.12.7. Graduate Certificate.** A program of study, less than ~~a~~one year in length, made up of graduate-level course work, with a pre-requisite of at least a ~~B~~bachelor's degree.

~~4.1.6.~~**3.12.8. Master's Degrees Master of Arts (MA) and Master of Science (MS) Degrees.** Graduate-level programs of study beyond the bachelor's degree. Typically more than one and less than two years of full-time graduate study. ~~requiring~~ Requires a minimum of 30 and maximum of 36 semester credit hours of course work.

3.12.8.1. Professional Master's Degrees. Professional master's degrees such as the Master of Business Administration or Master of Social Work may require

additional course work or projects. May exceed the maximum of 36 credit hours to meet accreditation requirements. Professional degrees often lead to third-party licensure.

4.1.73.12.9. Doctoral Degrees. Graduate-level programs beyond the master's degree in an advanced, specialized field of study requiring competence in independent research and an understanding of related subjects. Generally three to six years of study. Requires preparation and defense of a dissertation based on original research or planning or execution of an original project demonstrating substantial artistic or scholarly achievement.

3.12.9.1. Professional Practice Doctoral Degrees. Provides knowledge and skills for credential or license required for professional practice. Pre-professional and professional preparation for degrees such as the JDjuris doctorate and medical doctorate MD-requires at least six years of full-time study.

3.13.—Emphasis. A collection of courses within an Associate of Applied Science or Bachelor's Bccalaureate or graduate Ddegree that gives the students a specific focus in a particular sub-area related to the identifiable core of courses required for the degree.

3.14.—Pre Major. The term "pre major" is used in two contexts: (1) as a descriptor of a set of courses that are part of the Associate of Arts/Associate of Science degrees designed to prepare students for upper division majors' work; and, (2) at four year institutions not offering an AA or AS degree, the term "pre major" also applies to preparatory, lower division courses required for acceptance into a major.

3.15.—Program. As specified in R481 3.10.1. a "program" is a unit within the institution with an identifiable teaching, research, or other academic mission. For a unit to be designated as a "program," it shall have an identified group of faculty and shall fulfill one or more of these criteria: (1) has "program", "center", "institute", "laboratory", "department", "school", or "college" in its title or has otherwise been designated as a program; (2) offers or administers a degree, certificate, or some other credential; (3) has an identifiable curriculum or is formally described in current institutional catalogs or other publications; (4) has a separate budget as listed in official university documents.

R401-4. Regents' Approval, Committee of the WholeAgenda. Institutions submitting program proposals requiring approval by the Regents' Committee of the Whole shall adhere to the procedures for submitting a full proposal shown in R401-4.2 and summarized in Appendix A: Flow Chart for Procedures for Items Requiring Regent Approval, Agenda. When submitting proposals to the OCHE for one of the items specified in R401 4.1, the institution should use the template specified for each item in R401-4.1 and follow the Proposal and Notification and Submission Procedures (R401-67).

4.1. Program Items Requiring Regents' Committee of the Whole Approval. Items requiring Regent approval are as follows:— A definition and/or description of conditions for the type of item proposed follows each item.

4.1.1. New Associate of Applied Science Degrees;

4.1.2. New Associate of Arts, Associate of Science, and Specialized Associate's Degrees;

- [4.1.3. New Baccalaureate Degrees;](#)
- [4.1.4. New Master's Degrees;](#)
- [4.1.5. New Doctoral Degrees; and](#)
- [4.1.6. New K-12 Personnel Licensure Programs.](#)

4.1.1. Associate of Applied Science (AAS) Degrees (Full Template Required, Appendix B). Programs of study intended to prepare students for entry-level careers. A minimum of 63 and a maximum of 69 credit hours ~~are required. Additionally, general education requirements that are less extensive than in AA or AS degrees and others, as established by the USHE institutions and in compliance with the Northwest Association of Colleges and Universities are required.~~ Based on compelling reasons, exceptions to the maximum credit hour requirement may be granted by the Regents.

~~4.1.1.1 Major.~~ The term “major” refers to the discipline in which the degree resides. ~~The major may include one or more “emphases” to describe sub-units of the Associate of Applied Science degree.~~

~~4.1.1.2 Emphasis.~~ AAS degree programs may have collections of courses within the major called an “emphasis” that give the student a specific focus in a particular sub-area related to the identifiable core of courses required for the degree. ~~Emphases require approval by the Regents. When a new AAS degree is proposed, emphases identified for the degree (if any) should be clearly described within the full proposal for the degree. See R401-5.1 for conditions regarding submission of emphases on existing degrees. Emphases must be clearly within the major field of study specified for the degree. Emphases under an AAS degree must be assigned the same CIP code as the major.~~ **SENTENCE ON IDENTIFYING EMPHASES WITHIN PROPOSAL STATED DIFFERENTLY IN 5.1.2.2. USED 5.1.2.2 LANGUAGE**

4.1.2 Associate of Arts (AA) and Associate of Science (AS) Degrees (Full Template Required, Appendix B). A minimum of 60 and a maximum of 63 credit hours, which include 30 to 39 credit hours of general education course work and other requirements as established by the USHE institutions, are required for completion of an associate's degree. The Associate of Arts degree may have a foreign language requirement. Based on compelling reasons, exceptions to the maximum credit hour requirement may be granted by the Regents.

4.1.2.1 Pre Major. Courses contained in a pre-major in an AA or AS degree should be the same or similar to courses offered at four-year institutions as determined by the Faculty Discipline Majors committees. ~~When a pre-major is designed for transfer to (a) four-year program(s), it must follow statewide articulation agreements where such agreements have been formulated subject to (R470) or, if this is a specialized Associate Degree programs, have (a) formal, written, articulation agreement(s) for the courses transferring. 4.1.3 — Specialized Associate’s Degrees (Full Template Required, Appendix B).

~~Specialized Associate’s Degrees are programs of study that include extensive specialized course work, such as the Associate of Pre-Engineering, and are intended to prepare students to initiate upper division work in baccalaureate programs. These programs contain a minimum of 68 and a maximum of 85 credit hours, which include a minimum of 28 credit hours of preparatory, specialized course work, general education requirements that may be less extensive than in AA or AS degrees, and other requirements as established by the USHE institutions. Because students might not fully complete an institution’s general education requirements while completing a specialized associate’s degree, they are expected to satisfy remaining general education requirements in addition to upper division baccalaureate requirements at the receiving institution. Generally, specialized associate’s programs are articulated from two to four year majors. In some cases, articulation may be system wide.~~

4.1.4 — Bachelor of Arts (BA), Bachelor of Science (BS), and Professional Bachelor’s Degrees (Full Template Required, Appendix B).

~~These are programs of study including general education, major course work, and other requirements as established by the USHE institutions and accreditation standards. Credit requirements include completion of a minimum of 120 and a maximum of 126 credit hours. A professional degree prepares students for a particular profession by emphasizing skills and practical analysis built upon theory and research and, most often, has specialized accreditation that sets acceptable practice standards. Professional degrees often require third-party licensure. Some professional bachelors’ degrees, such as the Bachelor of Business Administration or Bachelor of Fine Arts, may have additional requirements. Other disciplines such as engineering and architecture may exceed the maximum of 126 credit hours to meet accreditation requirements. Based on compelling reasons, exceptions to the maximum credit hour requirement may be granted by the Regents.~~

~~4.1.4.1 Major (Full Template Required, Appendix B). The term “major” refers to the discipline in which the degree resides.~~

~~4.1.4.2 Pre-major. A pre-major for a BA/BS or Professional Bachelor’s Degree may be specified by the institution, but does not require Regent approval. The pre-major should consist of preparatory, lower division courses which prepare students for a specific major, but are not sufficient to admit the student to the major in cases where the institution has admission requirements and a limited number of students who may pursue a particular major. Courses in a pre-major should be the same or similar to those offered by the two-year programs as determined by the Faculty Discipline Majors committees. When a pre-major affects students transferring from two-year institutions, formal articulation agreements are desirable and~~

students should be clearly informed of the transferability of the courses taken in the pre-major at the two-year institution.

4.1.4.3 General Studies Bachelor's Degrees ~~(Full Template Required, Appendix B)~~. See **General Studies Bachelor's Degrees Guidelines, Appendix C**, for conditions that should be met in the design of General Studies Bachelor's Degrees.

4.1.5 — K-12 School Personnel Programs ~~(Full Template Required, Appendix B)~~. Licensure preparation programs for teacher education, counselors, administrators, and other school personnel.

~~**4.1.5.1 Endorsement Programs** (Abbreviated Template, Appendix G). Endorsement programs, built upon teacher preparation programs already approved by the Regents, submitted separately as a limited collection of courses designed to meet endorsement certification requirements in specific areas as established and conveyed by the Utah State Office of Education. **REPLICATES LANGUAGE FOUND IN SECTION 3.**~~

~~**4.1.6 — Master's Degrees** (Full Template Required, Appendix B). Graduate-level programs of study requiring a minimum of 30 and maximum of 36 credit hours of course work beyond the bachelor's degree and other requirements as established by the USHE institutions and accreditation standards. Professional master's degrees such as the Master of Business Administration or Master of Social Work may require additional course work or projects. Specialized professional master's degrees typically require additional course work. Based on compelling reasons, exceptions to the maximum credit hour requirement may be granted by the Regents.~~

~~**4.1.7 — Doctoral Degrees** (Full Template Required, Appendix B). Graduate-level programs in an advanced, specialized field of study requiring competence in independent research and an understanding of related subjects.~~

4.2. Review Procedure for Program Items Requiring Regents' [Committee of the Whole Approval, Agenda](#). — ~~Not Fast Track.~~ (Fast Track Procedure is described in R401-3.) Programs requiring Regent Approval, Committee of the Whole, will be reviewed by the following entities and in the order specified. ~~This review procedure is summarized in the flowchart in Appendix A.~~

4.2.1. Review and Approval by the Institutional Board of Trustees.

4.2.2. Review by Specialized Groups. Review by specialized groups may be conducted concurrently with review by the Boards of Trustees, if such concurrent review is consistent with institutional policies and procedures. The following types of programs require specialized review as noted.

4.2.2.1. K-12 School Personnel Programs. K-12 school personnel preparation programs shall be reviewed by the USHE ~~s~~[S](#)chools and ~~e~~[C](#)olleges of ~~e~~[E](#)ducation.

Endorsement programs for USOE licensure in specific areas may be reviewed by ~~S~~School and ~~C~~College of ~~E~~Education at the request of the OCHE staff.

4.2.2.2 Career and Technical Education (CTE) Programs. CTE programs shall go through the Regional Career and Technical Education Planning process, as implemented in the proposing institution's region, which has the primary purposes of: (1) Planning CTE certificate and associate's degree programs that are responsive to the needs of business/industry and the citizens of the region, and providing a transition for secondary students into postsecondary programs; and (2) avoiding unnecessary duplication of CTE certificate and degree programs among higher education institutions in a region. Results of the review process shall be provided to the Regents when a CTE program proposal is submitted for approval.

4.2.3. Institutional Submission of Request to the OCHE. See R401-67, *Proposal and Notification Submission Procedures*, and ~~appropriate~~ Full Template instructions.

4.2.4. Review by the Commissioner's Staff. Full program proposals will be forwarded to the Commissioner's Academic and Student Affairs staff for review and comment. The financial analysis document may be reviewed by the Commissioner's Finance staff in order to verify financial data.

4.2.5. Review by Council of Chief Academic Officers (CAOs). After the Commissioner's staff has reviewed the proposal and is satisfied it is ready for CAO review, it will be posted to the USHE website designated for program items to be reviewed by CAOs. The CAOs must review and post their comments ~~concerning the full proposal~~ concerning the full proposal for response from the other CAOs ~~concerning the full proposal~~. Prior to review by the PRC, the Council of Chief Academic Officers will meet with the Commissioner's Academic and Student Affairs staff to discuss the institutional proposals and the comments submitted by other USHE institutions, external reviews, and initial evaluation from the Commissioner's staff. This discussion will be considered by the Commissioner's ~~Academic and Student Affairs~~ staff in preparing materials and recommendations for the Regents.

4.2.6. Review by Program Review Committee (PRC). Once the CAOs and Commissioner's staff have commented, the full program proposal and all attendant issues will be forwarded for review by the PRC. The PRC will review the program proposal and accompanying information, discuss any questions and issues, and request additional information as appropriate, including a request for a consultant to review the proposed program and surrounding issues. In the case a consultant review is requested, the proposing institution will provide to the Commissioner's staff a list of appropriate consultants. The staff will contact a consultant acceptable to the institution and to the Commissioner's staff and arrange for the review. Once the consultant's report has been completed, it will be made available to the PRC, the proposing institution, and the CAOs. As programs are reviewed, at the request of the PRC, additional individuals may be asked to attend the meeting.

4.2.7. Consideration by Board of Regents. Program proposals that have been reviewed according to the procedures described in ~~4.2.1—4.2.6~~R401-4 will be placed on the

Regents' agenda as directed by the PRC. The Commissioner's review for the Regents will address not only the readiness of the institution to offer the program and the need for the program, but also the impact of the program on other USHE institutions. The Regents' ~~Programs and Planning~~ [Academic and Student Affairs](#) Committee reviews proposals for new programs and recommends action to the Regents. The Regents then take action on the proposed program during the meeting of the ~~e~~[Committee of the w](#)~~Whole~~ ~~or through the~~ [General Consent calendar, as appropriate.](#)

4.2.7.1 Voting for Approval by Board of Regents. All new associate's and bachelor's degree programs must be approved by a majority vote of the Regents members in attendance. All new master's and doctoral degree programs require at least a two-thirds majority of the members in attendance to be approved.

4.2.7.2 Budgetary Considerations Separate from Approval. Program approval by the Regents consists only of authorization to offer a program. Budget requests necessary to fund the program shall be submitted separately through the regular budget procedure.

4.3. Full Proposal Submission Guidelines.

~~5.1.2.24.3.1.~~ **5.1.2.24.3.1. Emphasis Contained within a Proposal for a New Degree.** When an emphasis is contained within an [AAS, baccalaureate, or graduate](#) degree being presented for initial approval, the emphasis should be identified within the new degree proposal and approved through the new degree approval process (~~see R401-4~~).

~~5.1.2.14.3.1.1.~~ **5.1.2.14.3.1.1. Emphasis Added to an Existing Degree.** The proposing institution shall submit an Abbreviated Template [proposal](#) to add an emphasis to an existing [Regent-approved](#) degree ([see R401-5](#)).

R401-5. Review and Recommendation by the OCHE with Regent Approval on the General Consent Calendar. Institutions submitting proposals ~~under R401-5~~ [requiring OCHE recommendation and Regent approval on the General Consent Calendar](#) shall adhere to the ~~procedures process~~ shown in R401-5.2 ~~and summarized in Appendix E: Flow Chart for Items Reviewed by the OCHE and Approved on the General Consent Calendar.~~ When submitting proposals to the OCHE for one of the items specified in R401-5.1., the institution ~~should use~~ [shall adhere to the procedures for submitting the appropriate](#)

The Commissioner will evaluate and approve requests for temporary approval on the basis of the following criteria and conditions: (1) the proposed change requires a modest effort in terms of staff and space needs, normally with no permanent staff or no permanent facility assignment or is fully supported by external funding; (2) activities involved are consistent with established institutional mission and role assignments; and (3) the administrative entity involved has programmatic affiliation with an existing academic program or department. Temporary approval of centers, institutes, or bureaus etc., may be granted for a period no longer than three years, after which an institution must request approval of the Regents.

~~5.4.3 — New Centers, Institutes, or Bureaus (Abbreviated Template Required, Appendix G).~~ Administrative entities that perform primarily research, instructional, or technology transfer functions and are intended to provide services to students, the community, businesses, or other external audiences, or to obtain external funds.

The program will remain on the ~~Board of Regents'~~ list of approved programs and may, according to the institution's discretion, remain in the online and/or printed catalog until fully discontinued.

5.5.4.35.3.6.1. Student Completion in Discontinued or Suspended Programs. Students currently admitted to the program must be provided a way to complete the program in a reasonable period of time compatible with accreditation standards. This may require: ~~a.~~ **(1)** enrollment of students at other institutions of higher education, or ~~b.~~ **(2)** courses to be taught for a maximum of two years after discontinuation of the program or until there are no other admitted students who are entitled to complete the program, whichever comes first.

5.5.4.45.3.6.2. System Coordination. Institutions should consider the statewide impact of discontinuing the program and identify opportunities for establishing the program at another USHE institution. Institutions should consider discontinuance of unnecessarily duplicated programs within the USHE, particularly programs that may be high cost and/or low producing.

5.5.55.3.7. Reinstatement of Previously Suspended Program or Administrative Unit ~~(Abbreviated Proposal Template Required, Appendix G)~~. If circumstances change and an institution plans to restart a suspended program or an administrative unit, the institution must give notice to the Board of Regents using the appropriate Abbreviated Template. Notice should include a statement verifying the program name, administrative unit structure and/or the curricular content are identical to the original program. If either the name or curricular content of the program have changed, the program should be submitted as a new program and the suspended program should be ~~deleted~~ discontinued.

Once the report has been reviewed and found to contain the required information, it will be posted on a website for review by PRC members if they so choose, and forwarded to the Regents for the next agenda. The Regents may request information in addition to that contained in the report.

5.6.3 — **Review and Approval by Institutional Board of Trustees.**

5.6.4 — **Institution Submits Request to the OCHE.** See R401-6, Proposal and Notification Submission Procedures.

5.6.5 — **OCHE Staff Review.**

5.6.7 — **OCHE Notice to the Institution of Need for Further Information or Approval.** Within 15 days of the item being received by the OCHE, the institution will be notified that either: (1) further information is required by the Commissioner, or (2) the item is being placed on the Regents' General Consent Calendar.

5.6.8 — **OCHE Staff Places Item on the Regents' General Consent Calendar for approval.**

~~**5.6.9** — **Reinstatement of Previously Suspended Program or Administrative Unit (Abbreviated Proposal Template Required, Appendix G).** If circumstances change and an institution plans to restart a suspended program or an administrative unit, the institution must give notice to the Board of Regents. Notice should include a statement verifying the program name, administrative unit structure and/or the curricular content are identical to the original program. If either the name or curricular content of the program have changed, the program should be submitted as a new program and the suspended program should be deleted.~~

Utah System of Higher Education

**R401, Approval of New Programs, Program Changes,
Discontinued Programs, and Program Reports**

Proposed on September 18, 2015

R401, Approval of New Programs, Program Changes, Discontinued Programs, and Program Reports¹

Preamble²: Academic programs are at the center of the educational mission of Utah's state colleges and universities, and the pursuit of knowledge is the driving consideration for the students served. Additionally, the Board of Regents (Regents) and the Utah System of Higher Education (USHE) universities and colleges are committed to providing students with a range of degrees and other credentials that are appropriate to the respective missions of Utah institutions and that meet, if not exceed, national standards.

The procedure of degree approval is rigorous. The idea for a new degree comes from faculty responding to changes in a specific field, accreditation standards, student demand, or market forces. Before academic programs are sent to the Regents for review, they undergo careful scrutiny by academic departments, college or division committees, academic senates, executive officers, and institutional boards of trustees. Thus, institutional and Regents' reviews hold academic programs to high standards of quality and assure that graduates who earn these degrees and credentials are prepared to live successfully in and contribute to the welfare of the State and its citizens.

R401-1.Purpose. To provide guidelines and procedures for Regents' approval and notification of new programs and programmatic and administrative changes in academic and Career and Technical Education (CTE) programs. Additionally, this policy includes notification of discontinued programs and other program-related items that institutions shall provide to the Commissioner of Higher Education.

- 3.6. **Emphasis.** A collection of courses within an Associate of Applied Science, baccalaureate, or graduate degree that gives students a specific focus in a particular sub-area related to the identifiable core of courses required for the degree. Emphases must be clearly within the major field of study specified for the degree.
- 3.7. **Major.** The discipline in which the degree resides.
- 3.8. **Office of the Commissioner of Higher Education (OCHE).** The Utah Commissioner of Higher Education and his/her staff.
- 3.9. **Program.** As specified in R481-3.10.1, a "program" is a unit within the institution with an identifiable teaching, research, or other academic mission. For a unit to be designated as a

"program," it shall have an identified group of faculty and shall fulfill one or more of these criteria: (1) has "program," "center," "institute," "laboratory," "department," "school," or "college" in its title or has otherwise been designated as a program; (2) offers or administers a degree, certificate, or some other credential; (3) has an identifiable curriculum or is formally described in current institutional catalogs or other publications; and/or (4) has a separate budget as listed in official university documents.

3.9.1. Centers, Institutes, or Bureaus. Administrative entities that perform primarily research, instructional, or technology transfer functions and are intended to provide services to students, the community, businesses, or other external audiences, or to obtain external funds.

3.10. Program Review Committee (PRC). The Board of Regents' Academic and Student Affairs Committee serves as the PRC and is responsible for academic program review.

3.11. Utah System of Higher Education (USHE). A system of public higher education institutions as designated by the legislature within the State of Utah.

3.12. Academic Awards. Academic awards range from certificates to doctoral degrees. The following definitions describe common characteristics of each award. In compliance with accreditation, additional requirements and course work may be established by USHE institutions. Academic awards require Regent approval (see R401-4 and R401-5).

3.12.1. Certificate of Proficiency. A program of study that prepares students for gainful employment in a recognized occupation. Less than one year in length of full-time study. Requires 16 to 29 semester credit hours or 600 to 899 clock hours. Does not require but may include general education courses.

3.12.1.1. Entry-Level CTE Certificate of Proficiency. Meets Perkins eligibility requirements and federal financial aid requirements, and is composed of primarily 1000-level courses without prerequisites.

3.12.1.2. Mid-Level Certificate of Proficiency. Provides students with a specific set of skills. May meet Perkins eligibility and/or federal financial aid requirements. Made up of courses selected from undergraduate programs, with or without prerequisites.

NOTE: Institutional Certificates of Proficiency less than one year in length (less than 30 semester hours, or 900 clock hours) ending in a certificate issued under the authority of the institution *do not require approval by the Regents.*

3.12.2. Certificate of Completion. A program of study consisting primarily of 1000-level courses. Intended to prepare students for gainful employment in a recognized occupation. Typically more than one year and less than two years in length of full-time study. Requires a minimum of 30 and a maximum of 33 semester credit hours or 900 to 990 clock hours consisting primarily of 1000-level courses. General education requirements are less extensive than in AA and AS degrees, generally 9 credit hours in Composition,

Computation, and Human Relations. Certificates more than 45 semester credit hours or 1350 clock hours must show how the certificate can lead to an associate's degree within the normal credit hour requirements for that degree. When appropriate, transfer agreements should be included in the program proposal.

3.12.3. Associate of Applied Science (AAS) Degrees. Programs of study that include limited general education, course work in a subject, and are intended to prepare students for entry-level careers. Typically two years in length of full-time study. Require a minimum of 63 and a maximum of 69 semester credit hours. General education requirements are less extensive than in AA or AS degrees, generally 9 hours in Composition, Computation, and Human Relations. General education courses may be embedded within a course in the discipline, but must be identifiable.

3.12.4. Associate of Arts (AA) and Associate of Science (AS) Degrees. Programs of study primarily intended to encourage exploration of academic options that provide a strong general education component, and prepare students for upper-division work in baccalaureate programs or for employment and for responsible citizenship. Typically two years in length of full-time study. Requires a minimum of 60 and a maximum of 63 semester credit hours, which include 30 to 39 semester credit hours of general education course work.

3.12.4.1. Specialized Associate's Degrees. Associate's degrees that include extensive specialized course work, such as the Associate of Pre-Engineering, and are intended to prepare students to initiate upper-division work in a particular baccalaureate program. Contain a minimum of 68 and a maximum of 85 semester credit hours, which include a minimum of 28 semester credit hours of preparatory, specialized course work, and general education requirements that may be less extensive than in AA or AS degrees. Because students might not fully complete an institution's general education requirements while completing a specialized associate's degree, they are expected to satisfy remaining general education requirements in addition to upper-division baccalaureate requirements at the receiving institution. Specialized associate's degree programs have formal, written, articulation agreements for the courses transferring. In some cases, articulation may be system-wide.

3.12.4.2. Pre-Major. Associate's degrees that include a set of courses designed to prepare students for upper-division work in a specific major. Courses contained in a pre-major in an AA or AS degree should be the same or similar to courses offered at four-year institutions as determined by the Faculty Discipline Majors' Committees. Pre-majors must follow statewide articulation agreements where such agreements have been formulated. When a pre-major affects students transferring from two-year institutions, formal articulation agreements are desirable and students should be clearly informed of the transferability of the courses taken in the pre-major at the two-year institution. Upon transfer, students, if accepted into a major, should generally be able to complete the baccalaureate degree in two additional years of full-time study.

3.12.4.3. General Studies Associate's Degrees. See *General Studies Associate's and Bachelor's Degrees Guidelines, Appendix A*, for conditions that should be met in the design of General Studies degrees.

3.12.5. Bachelor of Arts (BA) and Bachelor of Science (BS) Degrees. Programs of study which include general education, major course work, and prepare students for employment in a career field and for responsible citizenship. Typically four years in length of full-time study. Requires a minimum of 120 and a maximum of 126 semester credit hours.

3.12.5.1. Professional Bachelor's Degrees. A professional degree prepares students for a particular profession by emphasizing skills and practical analysis built upon theory and research and, most often, has specialized accreditation that sets acceptable practice standards. May exceed the maximum of 126 credit hours to meet accreditation requirements. Professional degrees often lead to third-party licensure.

3.12.5.2. Baccalaureate Pre-Major. At four-year institutions not offering an AA or AS degree, the term "pre-major" applies to preparatory, lower-division courses required for acceptance into a major. Pre-major course work is not sufficient to admit the student to the major in cases where the institution has admission requirements for the major and a limit on the number of students who may pursue the major. Courses in a baccalaureate pre-major should be the same or similar to those offered by the two-year programs as determined by the Faculty Discipline Majors' Committees. **NOTE:** A pre-major for a BA/BS or professional bachelor's degree may be specified by the institution, *but does not require Regent approval.*

3.12.5.3. General Studies Bachelor's Degrees. See *General Studies Associate's and Bachelor's Degrees Guidelines, Appendix A*, for conditions that should be met in the design of General Studies degrees.

3.12.5.4. Minor. A coherent collection of related courses that are deemed to be a student's secondary field of academic concentration or specialization during undergraduate studies.

3.12.5.5. K-12 Teaching Endorsement. A collection of courses, built upon a Regent-approved teacher education program that prepares K-12 teachers or teacher candidates to meet specific area certification as established and conveyed by the Utah State Office of Education.

3.12.6. K-12 School Personnel Programs. Licensure preparation programs for teacher education, counselors, administrators, and other school personnel.

3.12.7. Graduate Certificate. A program of study, less than one year in length, made up of graduate-level course work, with a pre-requisite of at least a bachelor's degree.

3.12.8. Master of Arts (MA) and Master of Science (MS) Degrees. Graduate-level programs of study beyond the bachelor's degree. Typically more than one and less than two

years of full-time graduate study. Requires a minimum of 30 and maximum of 36 semester credit hours of course work.

3.12.8.1. Professional Master's Degrees. Professional master's degrees such as the Master of Business Administration or Master of Social Work may require additional course work or projects. May exceed the maximum of 36 credit hours to meet accreditation requirements. Professional degrees often lead to third-party licensure.

3.12.9. Doctoral Degrees. Graduate-level programs beyond the master's degree in an advanced, specialized field of study requiring competence in independent research and an understanding of related subjects. Generally three to six years of study. Requires preparation and defense of a dissertation based on original research or planning or execution of an original project demonstrating substantial artistic or scholarly achievement.

3.12.9.1. Professional Practice Doctoral Degrees. Provides knowledge and skills for credential or license required for professional practice. Pre-professional and professional preparation for degrees such as the juris doctorate and medical doctorate requires at least six years of full-time study.

R401-4. Regents' Approval, Committee of the Whole. Institutions submitting program proposals requiring approval by the Regents' Committee of the Whole shall adhere to the procedures for submitting a full proposal and follow the *Proposal and Notification Submission Procedures* (R401-7).

4.1. Program Items Requiring Regents' Committee of the Whole Approval. Items requiring Regent approval are as follows:

- 4.1.1. New Associate of Applied Science Degrees;
- 4.1.2. New Associate of Arts, Associate of Science, and Specialized Associate's Degrees;
- 4.1.3. New Baccalaureate Degrees;
- 4.1.4. New Master's Degrees;
- 4.1.5. New Doctoral Degrees; and
- 4.1.6. New K-12 Personnel Licensure Programs.

4.2. Review Procedure for Program Items Requiring Regents' Committee of the Whole Approval. Programs requiring Regent Approval, Committee of the Whole, will be reviewed by the following entities and in the order specified.

4.2.1. Review and Approval by the Institutional Board of Trustees.

4.2.2. Review by Specialized Groups. Review by specialized groups may be conducted concurrently with review by the Boards of Trustees, if such concurrent review is consistent with institutional policies and procedures. The following types of programs require specialized review as noted.

4.2.2.1. K-12 School Personnel Programs. K-12 school personnel preparation programs shall be reviewed by the USHE Schools and Colleges of Education.

4.2.2.2. Career and Technical Education (CTE) Programs. CTE programs shall go through the Regional Career and Technical Education Planning process, as implemented in the proposing institution's region, which has the primary purposes of: (1) Planning CTE certificate and associate's degree programs that are responsive to the needs of business/industry and the citizens of the region, and providing a transition for secondary students into postsecondary programs; and (2) avoiding unnecessary duplication of CTE certificate and degree programs among higher education institutions in a region. Results of the review process shall be provided to the Regents when a CTE program proposal is submitted for approval.

4.2.3. Institutional Submission of Request to the OCHE. See R401-7, *Proposal and Notification Submission Procedures*, and Full Template instructions.

4.2.4. Review by the Commissioner's Staff. Full program proposals will be forwarded to the Commissioner's Academic and Student Affairs staff for review and comment. The financial analysis document may be reviewed by the Commissioner's Finance staff in order to verify financial data.

4.2.5. Review by Council of Chief Academic Officers (CAOs). After the Commissioner's staff has reviewed the proposal and is satisfied it is ready for CAO review, it will be posted to the USHE website designated for program items to be reviewed by CAOs. The CAOs must review and post their comments concerning the full proposal for response from the other CAOs. Prior to review by the PRC, the Council of Chief Academic Officers will meet with the Commissioner's Academic and Student Affairs staff to discuss the institutional proposals and the comments submitted by other USHE institutions, external reviews, and initial evaluation from the Commissioner's staff. This discussion will be considered by the Commissioner's staff in preparing materials and recommendations for the Regents.

4.2.6. Review by Program Review Committee (PRC). Once the CAOs and Commissioner's staff have commented, the full program proposal and all attendant issues will be forwarded for review by the PRC. The PRC will review the program proposal and accompanying information, discuss any questions and issues, and request additional information as appropriate, including a request for a consultant to review the proposed program and surrounding issues. In the case a consultant review is requested, the proposing institution will provide to the Commissioner's staff a list of appropriate consultants. The staff will contact a consultant acceptable to the institution and to the Commissioner's staff and arrange for the review. Once the consultant's report has been completed, it will be made available to the PRC, the proposing institution, and the CAOs. As programs are reviewed, at the request of the PRC, additional individuals may be asked to attend the meeting.

4.2.7. Consideration by Board of Regents. Program proposals that have been reviewed according to the procedures described in R401-4 will be placed on the Regents' agenda as directed by the PRC. The Commissioner's review for the Regents will address not only the readiness of the institution to offer the program and the need for the program, but also the impact of the program on other USHE institutions. The Regents' Academic and Student Affairs Committee reviews proposals for new programs and recommends action to

the Regents. The Regents then take action on the proposed program during the meeting of the Committee of the Whole.

4.2.7.1. Voting for Approval by Board of Regents. All new associate's and bachelor's degree programs must be approved by a majority vote of the Regents members in attendance. All new master's and doctoral degree programs require at least a two-thirds majority of the members in attendance to be approved.

4.2.7.2. Budgetary Considerations Separate from Approval. Program approval by the Regents consists only of authorization to offer a program. Budget requests necessary to fund the program shall be submitted separately through the regular budget procedure.

4.3. Full Proposal Submission Guidelines.

4.3.1. Emphasis Contained within a Proposal for a New Degree. When an emphasis is contained within an AAS, baccalaureate, or graduate degree being presented for initial approval, the emphasis should be identified within the new degree proposal and approved through the new degree approval process.

4.3.1.1. Emphasis Added to an Existing Degree. The proposing institution shall submit an Abbreviated Template proposal to add an emphasis to an existing Regent-approved degree (see R401-5).

4.3.2. Minor Contained within a Proposal for a New Degree. A minor which is presented within a bachelor's degree proposal must be identified.

4.3.2.1. Minor Added to an Existing Degree. The proposing institution shall submit an Abbreviated Template proposal to add a minor to an existing Regent-approved degree (see R401-5).

4.3.3. Excess Credits. Based on compelling reasons, exceptions to the maximum credit hour requirement may be granted by the Regents. When a new degree is proposed, include justification for requiring semester credit hours in excess of the credit hour limits listed in R401-3.

R401-5. Review and Recommendation by the OCHE with Regent Approval on the General Consent Calendar. Institutions submitting proposals requiring OCHE recommendation and Regent approval on the General Consent Calendar shall adhere to the process shown in R401-5.2. When submitting proposals to the OCHE for one of the items specified in R401-5.1., the institution shall adhere to the procedures for submitting the appropriate Abbreviated Template and follow the *Proposal and Notification Submission Procedures* (R401-7).

5.1. Items Requiring Review and Recommendation by the OCHE. Items requiring OCHE review to be placed on the General Consent calendar are as follows:

5.2.4. Review by the Commissioner's Staff.

5.2.5. CAO Review (optional, necessity determined by the Commissioner's staff). The Commissioner's staff may share proposals with the institutional CAOs for further feedback as needed.

5.2.6. OCHE Notice to the Institution of Need for Further Information or Approval. Within 15 days of the item being received by the OCHE, the institution will be notified that either: (1) further information is required by the Commissioner; or (2) the item is being placed on the Regents' General Consent Calendar.

5.2.7. Commissioner's Staff Places Item on the Regents' General Consent Calendar for Approval.

5.3. Abbreviated Proposal Submission Guidelines.

5.3.1. Fast Track Approval for Certificates. To meet immediate industry needs and for other compelling reasons Certificates of Proficiency needing approval for financial aid, and Certificates of Completion, may be submitted to the Commissioner for Fast Track approval. The Fast Track Approval Process is detailed below:

5.3.1.1. Review and Approval by Institutional Board of Trustees. The certificate must have been approved by the institution's internal program development and approval procedure.

5.3.1.2. Review through the Career and Technical Education Regional Planning Process. Institutional CTE Directors coordinate regional planning processes.

5.3.1.3. Institutional Submission of Request to the OCHE. See R401-7, *Proposal and Notification Submission Procedures*, and appropriate template instructions.

5.3.1.4. Review by the Commissioner's Staff and Commissioner's Response. The Commissioner's staff will review the proposal and recommend action to the Commissioner. Within 15 days of the item being received by the OCHE, the institution will be notified that either: (1) further information is required by the Commissioner; or (2) the item is being returned with approval for immediate effect.

5.3.1.5. Regent Consideration. The program will be placed on the General Consent Calendar of the next Regents' meeting.

5.3.2. Emphasis Added to an Existing Degree. The proposing institution shall submit an Abbreviated Template proposal to add an emphasis to an existing Regent-approved degree.

5.3.3. Minor Added to an Existing Degree. The proposing institution shall submit an Abbreviated Template proposal to add a minor to an existing Regent-approved degree.

5.3.4. Conditional Three-Year Approval for New Centers, Institutes, or Bureaus.

Institutions may seek temporary approval from the Commissioner for a center, institute, or bureau that is being established on an experimental or pilot basis. The Commissioner will evaluate and approve requests for temporary approval on the basis of the following criteria and conditions: (1) the proposed change requires a modest effort in terms of staff and space needs, normally with no permanent staff or no permanent facility assignment or is fully supported by external funding; (2) activities involved are consistent with established institutional mission and role assignments; and (3) the administrative entity involved has programmatic affiliation with an existing academic program or department. Temporary approval of centers, institutes, or bureaus may be granted for a period no longer than three years, after which an institution must request approval of the Regents.

5.3.5. Out-of-Service-Area Delivery of Programs. Programs that require substantive change notification to the regional accreditation organization and/or are offered outside of the institution's designated service area must seek approval (see R315, *Geographic Service Regions*; R312, *Institutional Mission and Roles*).

5.3.6. Discontinuation or Suspension of Programs. *Discontinuation* of a program consists of entirely removing the program from the institution's and the Regents' list of approved programs, after current students have an opportunity to complete. *Suspension* of a program is a temporary prohibition of new enrollments to the program. The program will remain on the Regents' list of approved programs and may, according to the institution's discretion, remain in the online and/or printed catalog until fully discontinued.

5.3.6.1. Student Completion in Discontinued or Suspended Programs.

Students currently admitted to the program must be provided a way to complete the program in a reasonable period of time compatible with accreditation standards. This may require: (1) enrollment of students at other institutions of higher education; or (2) courses to be taught for a maximum of two years after discontinuation of the program or until there are no other admitted students who are entitled to complete the program, whichever comes first.

5.3.6.2. System Coordination. Institutions should consider the statewide impact of discontinuing the program and identify opportunities for establishing the program at another USHE institution. Institutions should consider discontinuance of unnecessarily duplicated programs within the USHE, particularly programs that may be high cost and/or low producing.

5.3.7. Reinstatement of Previously Suspended Program or Administrative Unit. If circumstances change and an institution plans to restart a suspended program or an administrative unit, the institution must give notice to the Board of Regents using the appropriate Abbreviated Template. Notice should include a statement verifying the program name, administrative unit structure and/or the curricular content are identical to the original program. If either the name or curricular content of the program have changed, the program should be submitted as a new program and the suspended program should be discontinued.

R401-6. Reports. All programs approved by the Regents under R401 require a report three years after implementation or two years after implementation for programs approved under the Fast Track procedure. Institutions must submit reports using the appropriate USHE report template.

6.1. Two-Year Review of Programs Approved through the Fast Track Procedure. Institutions operating programs approved through the Fast Track procedure submit a report to the Commissioner's Academic and Student Affairs staff for review two years from the date the program is implemented. Once the report has been reviewed and found to contain the required information, it will be made available for review by PRC members and forwarded to the Regents for the next agenda. The Regents may request information in addition to that contained in the report.

6.2. Cyclical Institutional Program Reviews. Institutions submit five- and seven-year program reviews of programs approved under R401 (See Policy and Procedures R411, *Cyclical Program Reviews*).

6.2.1. List of Scheduled Program Reviews. The annual list of scheduled program reviews as defined in R411, *Review of Existing Programs*, including date of review, is due at the beginning of each September.

6.3. Programs under Development or Consideration. The Program Planning Reports provide the Regents with a system-wide view of the programs that may be brought to them for approval.

6.3.1. Submission Timeline for Program Planning Report. In February of each year, each institution shall submit an updated Program Planning Report of programs under development or consideration that may be brought to the Regents for formal approval within the next 36 months.

6.3.2. Continuous Update. The information in each planning report is to be updated whenever the status of a program changes or a new program is being considered. Once a program has been approved by the Regents or is no longer under consideration at an institution, it should not appear in the report.

R401-7. Proposal and Notification Submission Procedures.

7.1. Proposal Templates. The proposal template required for each type of item is specified in R401-4 and R401-5. Proposals must follow submission instructions found with each template.

7.1.1. USHE Proposal Templates. Proposals for new programs and administrative units or changes to existing programs and administrative units are submitted to the Commissioner's office using the designated USHE Full or Abbreviated Template (see R401-4 and R401-5). CAOs or their designees review templates regularly. Proposed changes are approved by the CAOs with the Commissioner's staff. Current versions of all proposal and report templates are available online.

7.1.1.1. Right to Call for Additional Information for a Proposal.

Additional information may be requested in order to evaluate any proposal or reports submitted. For approvals requiring only an Abbreviated Proposal, the Commissioner reserves the right to require a more detailed proposal, including a full proposal, if questions or concerns are raised.

7.1.2. Classification of Instructional Program (CIP) Codes. When preparing the Full or Abbreviated Template, the institution must choose an appropriate CIP code. For CIP code classifications, see nces.ed.gov/ipeds/cipcode/. The CIP code is a critical data element and will be recorded by the OCHE and used for data requests, reporting, and tracking.

7.1.3. Transmission of Proposals. Proposals must be transmitted by the Chief Academic Officer or his/her designated representative.

7.1.4. Records. The institution is responsible for maintaining a record of proposal submissions. OCHE is not responsible for storing electronic copies of submitted proposals.

Compare the General Studies degree proposal to others around the country.
2. Define the audiences for this degree including types and needs of students.
3. Discuss the value of the degree to graduates of this program.

5. Provide evidence that intentionality of student learning is expected and built into the course of study.
6. Show how the proposed degree will require and evaluate curricular coherence.
7. Show how the degree program will require and facilitate student intellectual engagement with relevant academic content.
8. State the institution's procedure for incorporating learning goals with demonstrable learning outcomes.
9. Show how students will demonstrate integration of content and learning experiences through reflective activities, such as capstones, research projects, responding to critical questions, and/or portfolios, during their programs.
10. Require a curricular concentration.
11. Clarify how academic oversight will be provided by faculty.
12. State graduation standards.

Section I: The Request

Name of Institution requests approval to **ACTION** (transfer, restructure, consolidate from ____, suspend, discontinue, or change name from ___ to) *Name of Unit* effective MM/DD/YYYY. This action was approved by the institutional Board of Trustees on *Date*.

Section II: Program Proposal

Program Change Description/Rationale

Present a brief description of the program. Indicate what action is being taken and justify changes in status. Are similar programs offered elsewhere in the USHE, the State, or Intermountain Region? Describe discussions with other USHE institutions already operating a similar program, if applicable. State how the institution and the USHE benefit from the proposed change.

Indicate if the program will be delivered outside of designated service area. Programs that require a substantive change notification to the regional accreditation organization and/or are offered outside of the institution's designated service area must seek approval (see R315 Geographic Service Regions; R312 Institutional Mission Roles).

If suspending a program, explain the anticipated length of time for the suspension. If discontinuing the program, explain how students who are currently admitted are provided a way to complete the program within a reasonable period of time compatible with accreditation standards either through either (1) enrollment of students at other institutions of higher education; or (2) courses being taught for a maximum of two years after discontinuation of the program or until there are no other admitted students who are entitled to complete the program, whichever comes first.

Consistency with Institutional Mission/Institutional Impact

Explain how the action is consistent with the institution's Regent-approved mission, roles, and goals. Describe how the existing academic and administrative structures support the proposed program and identify any new organizational structures or restructures that may be needed. What changes in faculty and staff will be required? Describe how the proposed program will or will not impact the delivery of undergraduate and/or lower-division education.

If suspending or discontinuing a program, indicate the statewide impact of discontinuing the program and identify opportunities for establishing the program at another USHE institution.

Finances

What costs or savings are anticipated from this change? If new funds are required, describe in detail expected sources of funds. Describe any budgetary impact on other programs or units within the institution.
