MEMORANDUM

TO: State Board of Regents
FROM: David L. Buhler
SUBJECT: USHE – Revision of Policy R571, Delegation of Purchasing Authority

Issue

Over the last several years the State Legislature has substantially modified the State’s Procurement Code, which has necessitated a review and revision of Regent Policy R571, Delegation of Purchasing Authority. The proposed changes will align the Regent policy with statute and continue to provide procurement governance for the System of Higher Education.

Background

The State Procurement Code (Code) allows each of the eight USHE institutions the ability to procure items with “independent procurement authority” without the supervision or control of the State Division of Purchasing. The Code provides for three levels of procurement governance:

1. Statutory provisions in the Code
2. Rules by “rulemaking authorities”
3. Procedures and policies at each institution

The Procurement Code designates the Board of Regents as the “rulemaking authority” for the eight USHE institutions with regard to procurement and requires the Board to make specific rules which have been incorporated into Regent Policy R571, Delegation of Purchasing Authority as well as a formal rule in the Utah Administrative Code (R765-571) filed with the State Division of Administrative Rules.

Over the last several years the State Legislature has substantially modified the Procurement Code, which now requires additional rules be written by the Board. The changes recommended in this item include:

- Change of title from “Delegation of Purchasing Authority” to “Procurement”
- Update of references and clarification of definitions and wording to be consistent with Code
- Clarification on resolving tie bids
- Requirement for institutions to establish policies governing best and final offers
- Parameters for the creation and use of approved vendor lists
- Clarification of sole source procurement processes to align with Code
- Enumeration of items or services for which sole source procurements are acceptable
• Clarification that state funds may not be used in any manner when procuring items without competition as a condition of donation
• Clarification of conditions in which emergency procurements may be made
• Parameters for the use of multi-year contracts

Commissioner’s Recommendation

The Commissioner recommends the Regents approve the changes to Policy R571, effective immediately and authorize the Commissioner’s Office to file an Administrative Rule adopting these changes into Administrative Code R765-571.

The institution’s president or designee shall determine in writing whether a procurement shall be made as a sole source. In cases of reasonable doubt, institutions should use competitive processes.

8.2 Transitional Cost: A standard procurement process is not required where transitional costs are a significant consideration in selecting a procurement item and the results of a cost benefit analysis demonstrate that transitional costs are unreasonable or cost-prohibitive and that the awarding of a contract without engaging in a standard procurement process is in the best interest of the institution.

8.3 Circumstances in which the Standard Procurement Process is Impractical and Not in Institution’s Best Interests: Institutions may establish policies and procedures that designate circumstances under which the standard procurement process is impractical and not in the best interest of the institution. These procurements do not require publication of notice. Neither state funds nor institutional funds may be added to the donation or sponsorship in order to make an award under the provisions of this section.

8.5 Trial Use: The institution may award a contract for a procurement item without competition if the requirements of Section 63G-6a-802.3 are met and the president or designee determine in writing that the procurement item is needed for trial use or testing to determine whether the procurement item will benefit the institution.

An emergency condition is a situation described in 63G-6a-803(1). These procurements shall be made with as much competition as reasonably practical while (1) avoiding a lapse in a critical government service; (2) avoiding harm, or a risk of harm, to the public health, safety, welfare, or property; (3) protecting the legal interests of the institution.

8.7 Publication of Notice Not Required. Publication of notice under Section 63G-6a-802(3) is not required when the award is made under the circumstances described in R571-8.

donation or sponsorship that will fund the full cost of the supply, service, or construction item. These procurements do not require publication of notice. Neither state funds nor institutional funds may be added to the donation or sponsorship in order to make an award under the provisions of this section.

**8.35 Trial Use:** The institution may award a contract for a procurement item without competition if the procurement officer, head of the purchasing unit, requirements of Section 63G-6a-802.3 are met and the president or designee determine in writing that the procurement item is needed for trial use or testing to determine whether the procurement item will benefit the procurement unit institution.

**8.46 Emergency Procurement:** Emergency procurement is appropriate when an emergency condition exists that limits the capability of the institution to obtain competition. An emergency condition is a situation where there is harm or risk of harm to public health, welfare, safety, or property. This includes harm or risk of harm to the institution's finances or operations. Such a condition may arise as a result of (1) damage to a facility or infrastructure by reason of flood, fire, earthquake, storm or explosion; (2) epidemics; (3) riots; (4) equipment failures; (5) circumstances not in the institution's control where timeliness, litigation deadlines, or other factors necessitate waiver of provisions of the standard procurement process; or (5) such other reason as may be determined by the president of the institution or designee described in Section 63G-6a-803(1). These procurements shall be made with as much competition as reasonably practical while (1) avoiding a lapse in a critical government service; (2) avoiding harm, or a risk of harm, to the public health, safety, welfare, or property; (3) protecting the legal interests of the institution.

**8.7 Publication of Notice Not Required.** Publication of notice under Section 63G-6a-802(3) is not required when the award is made under the circumstances described in R571-8.

The aggrieved party may appeal a protest decision in accordance with the Utah Procurement Code. Each institution shall establish policies, rules, and processes governing protests related to procurement in accordance with the Utah Procurement Code.

**R571-10 Ethics:** Individuals employed by institutions of higher education must The institution’s employees shall discharge their duties impartially so as to assure fair competitive access to procurements. Employees should conduct themselves in such a manner as to foster public confidence in the integrity of the system of higher education.

**R571-11 Multi-Year Contracts:** Multi-year contracts, including renewals, may exceed five years if the president or designee determines in writing that (1) a longer period is necessary in order to obtain the item, (2) a longer period is customary for industry standards, or (3) a longer period is in the best interest of the Institution. The written determination must be included in the procurement file.
