

**UTAH DATA  
RESEARCH  
CENTER**

**I** 

**DATA**

# DATA QUALITY 101

**BAD DATA IS NO  
BETTER THAN NO  
DATA.**

The data doesn't lie!

# Predecessor

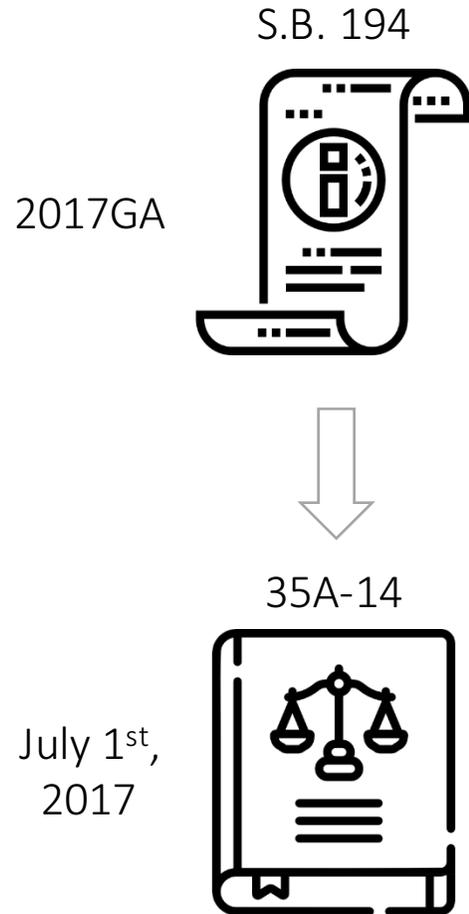

- Decentralized administration
- Managed by committee
- No long term funding source  
– short term reliance on federal grant
- Participation from partner agencies was ultimately voluntary

- Centralized administration
- Managed by DWS-WRA management
- State appropriation
- Transfer of data from partner agencies is required through state law

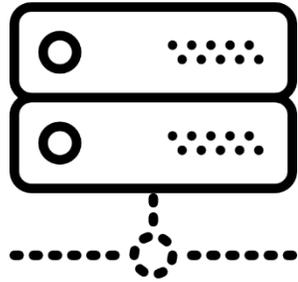

# Inception

- Directs DWS to create the UDRC under the Workforce Research and Analysis group
- Partner agencies “shall” contribute data to the center: DWS, USHE, USBE, UDOH, and USTC
- Directs the creation of a state of Utah longitudinal data system, and a corresponding research agenda
- Specifies the role of the center and the advisory board
- Specifies the creation of a “data visualization portal”
- Mandates the center to report to the education interim committee in a yearly basis
- Appropriates approximately \$1M in ongoing funds

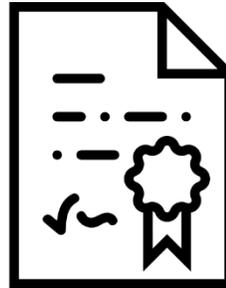

# Progress – July 2017

## Technology

- Export application
  - Extract, encrypt, transfer
- Import application
- Administrative application
- Master person algorithm
- De-identification process
- Historical data receipt

## MOU

- USHE
- USBE
- USTC
- DWS
- In process: UDOH

## Research Agenda

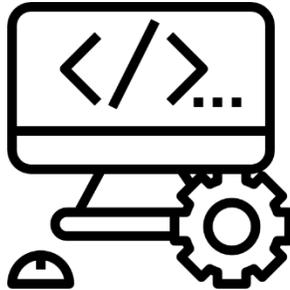

- 18 items
- Approved by the education interim committee
- Currently focus on the statewide P20 goals and outcome metrics

# Cont.

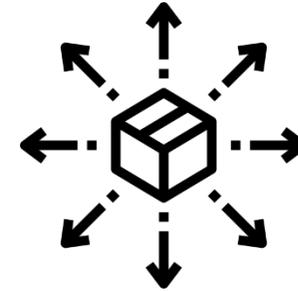

## Administration

- Hired:
  - Manager
  - Researchers
  - Data comm. coordinator
- Governance document
  - Data
  - Organizational
- Promoted a unique “UDRC” culture
- Policies and procedures

## Website

- Phase I completed
  - About
  - Privacy
  - Research
  - Advisory Board
- Phase II – in progress
  - External researcher application
  - Expanded products

## Products

- USTC SLDS Grant Data Request
- P20 Metrics Phase I
  - Tableau dashboard
- Currently working:
  - P20 Metrics Phase II
  - Launch My Career Data Request

# P20 Metrics Phase I

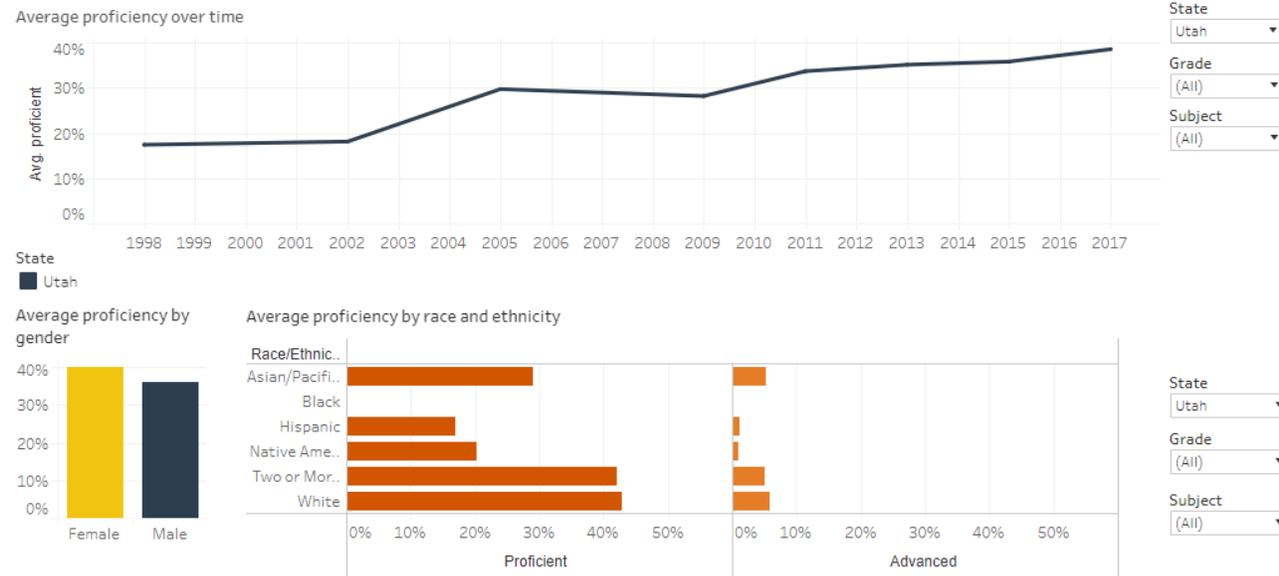

Proficiency in core academic subjects

38.5%

Average proficiency level in Utah, 2017

2.7%

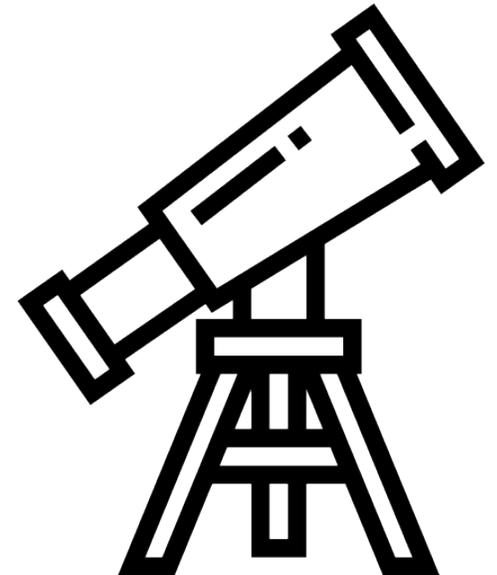

Increase from 2015

SOURCE: U.S. Department of Education, Institute of Education Sciences, National Center for Education Statistics, National Assessment of Educational Progress (NAEP), 1998-2017. Data is suppressed for observations that do not meet reporting standards. As such, available demographic information will differ from test to test and from year to year. A test score of 0 indicates the score for a cohort rounds to 0.

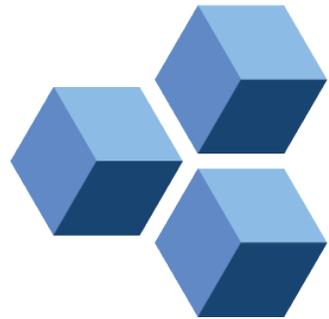

# Future Direction

- Integration of UDOH, specifically ECIDS (early education data)
  - And other agencies as directed
- Completion of website phase II
  - External researchers access point for UDRC data
- Completion of P20 metrics phase II
  - And transforming into data narrative
- Expansion of team as needed
- Continued effort to increase human capital by focusing on:
  - D3
  - Tableau
  - Python
  - R, and R Markdown
  - Machine learning, data mining methods
- Create a comprehensive production model for the creation of research and research related products such as:
  - Reports
  - Dashboards
  - Data narratives

# UDRC's Relevance

UDRC has two major roles in relation to USHE's data

**UTAH DATA  
RESEARCH  
CENTER**

*High quality data allows the UDRC to produce high quality:  
reports, dashboards, research, data narratives...*

Thank you for helping the UDRC!
