Questions to Students

- How important is low tuition for you to attend college?
- Should Snow College keep its tuition and fees the ***most affordable*** in Utah?
- How do you feel about a \$5 per semester tuition increase to support scholarships for students to attend Snow College?
- Do you support a \$5 per semester for graduation processing?
(Currently students pay \$25 graduation processing fee, plus a late fee if applicable)
- Do you support the tuition goals and proposed increases for 2019-2020?

What We Learned

- Advertising the tuition hearing in multiples ways and multiple times is critical to get student to attend hearing (51 students, faculty and staff from both campuses participated in the hearing)
- Students are interested and once engaged really participated in the discussion
- They had strong and reasoned opinions regarding tuition and fees

What We Learned, continued

- Students expressly voiced that affordability is a major consideration for them to attend Snow College
- When asked about the quality of their instruction and experience at Snow they unanimously stated both were of highest quality
- When asked about both **affordability** and **quality**, students said Snow was providing both and they believe the College should **remain the most affordable** in combined tuition and fees in the state

What We Learned, continued

- Students were very supportive of a \$5 per semester increase to go to the general scholarship fund
- They understood the proposal to change the graduation processing fee to \$5 per semester and appreciated that it would be spread across four semesters
- Students participating in the pre-hearing discussions and the tuition hearing expressed near unanimous support for the overall proposed tuition and fee increase

What We Learned, continued

- Trustees were also very engaged in the proposed tuition and fees discussion and theirs was a very robust discussion
- The trustees also discussed affordability and the assurance of quality instruction and the overall experience for students at Snow College
- They agreed that Snow should be the **most affordable** institution for students in combined tuition and fees to ensure student access, program completion, and align with the College mission

What We Learned, continued

- Trustees expressed that the quality of the student experience and success at Snow should be marketed equally (participation by faculty and staff expressed similar opinions)
- The Board of Trustees unanimously supported the proposed tuition and fee schedule for the academic year 2019-20

Recent Tuition Increases

	Tuition Increase	Use	Fee Increase	Use
2019	1.50%	Compensation & Benefits	\$0	
2018	2.50%	Compensation & Benefits	\$10	Additional Wellness Counselor
2017	3.50%	Compensation & Benefits, Critical Staff & Faculty Positions	\$0	
2016	3.00%	Compensation & Benefits, Critical Staff & Faculty Positions	\$3	Student Fitness Center

The Proposal, Tuition

Proposed Use	Total Amount	Snow's Portion	Rationale
Compensation (2.5%) and Benefits (4.5%)	\$783,980	\$195,995 (1.65% increase)	State appropriation funds 75% of salary and benefit increases. The primary funding for the other 25% is tuition.
Internal Service Fund Increases	\$56,800	\$14,200 (0.12% increase)	State appropriation funds 75% of ISF rate increases. The primary funding for the other 25% is tuition
Advancement & Tenure	\$45,000	\$45,000 (0.38% increase)	Funding to increase FT salaries for those who advance or receive degrees/certificates that enhance their ability to perform in their employment. The college is wholly responsible; tuition is the primary funding for these increases.
Departmental Scholarships	\$41,000	\$41,000 (0.35% increase)	As tuition increases, scholarship funds need to increase to retain their value. Tuition is the primary source of funding.
Total	\$926,780	\$296,195 2.5% increase	

The Proposal, Fees

Proposed Use	Total Amount	Students' Portion	Rationale
Graduation Processing Fee (2.4% in student fees)	\$5/semester (\$208 to \$213)	100%	Students have been charged a \$25 fee (with additional late fees, if applicable) when they apply to graduate. This has disincentivized students to formally complete their programs. Changing the timing of the application fee will encourage completion. The Student Fee Committee approved this fee and all students polled were in favor of this approach as opposed to our current practice.
