Emerging Technology Advisory Board

The Emerging Technology Initiative responds to the need for deep technology talent across Utah by establishing the deep technology talent initiative to facilitate collaborations for new or expanded, multidisciplinary programs or stackable credential programs in both undergraduate and graduate studies that prepare work in jobs requiring deep technology skills. As part of the initiative, USHE is to establish a Deep Technology Talent Advisory Council to make recommendations to the Board as it administers the Deep Technology Initiative. All members shall be appointed for four-year terms except where otherwise noted in the membership outline. The advisory council shall consist of the following members:

Membership Category	Member Name	Term
Two members who have extensive experience in deep technology in the private sector appointed by the president of the Senate (one 2-year term, one 4-year term)		2-year
		4-year
Two members who have extensive experience in deep technology in the private sector appointed by the speaker of the House of Representatives (one 2-year term, one 4-year term)		2-year
		4-year
A representative of the Board appointed by the chair of the Board		4-year
A representative of the Governor’s Office of Economic Development appointed by the executive director of the Governor’s Office of Economic Development		4-year
