Commissioner Dave Woolstenhulme  
Utah System of Higher Education Board of Regents Building  
The Gateway  
60 South 400 West  
Salt Lake City, Utah 84101-1284

Subject: Request for Approval of a Non-State Funded Capital Development Project

Dear Commissioner Woolstenhulme:

Utah State University requests approval of the Enhancements to Maverik Stadium as a non-state funded capital development project. The estimated budget of the project is $7.0 million and will be funded by revenue bonds to be repaid with existing student building fee revenues. Additional operation and maintenance (O&M) funds will not be requested.

Based on a feasibility study conducted in 2019, there is a need to improve access and services on the east, student side, of the Maverik Stadium; address ADA seating at multiple levels within the facility; renovate or replace the concourse level and upper eastside restroom facilities; address the circulation bottleneck around the concourse level restroom building; and extend the south concourse concessions building to add four additional service windows.

Utah State University Board of Trustees approved the non-state funded capital development project on October 15, 2021.

We appreciate your support and request that this item be submitted to the Utah Board of Higher Education during the November 2021 Board meeting.

Sincerely,

David T. Cowley  
Vice President for Business and Finance

C: Rich Amon, Chief Financial Officer  
Malin Francis, Director of Facilities and Planning  
Noelle Cockett, President
## Capital Development Projects

### Capital Budget Estimate (CBE)

#### Project Name: USU Stadium Improvements
