STRATEGIC PRIORITIES
## SYSTEM UNIFICATION
- Develop, strengthen and leverage a seamless and articulated system of higher education

## ACCESS
- Remove structural barriers to entry
- Increase the college-going rate of high school grads by 3% in 5 years
- Increase the college-going rate of underrepresented groups by 4% in 5 years

## AFFORDABILITY
- Remove structural barriers to affordability
- Increase student ability to pay cost of attendance.
- Ensure institutional cost of attendance remains within the standard of affordability year over year.

## COMPLETION
- Remove structural barriers to graduation
- Increase timely completion of degrees and awards by 3% in 5 years
- Increase the timely completion of underrepresented students by 4% in 5 years

## WORKFORCE ALIGNMENT
- Increase availability and stackability of high-demand, high-wage programs

## RESEARCH
- Advocate for the role of research and support funding for research

## BOARD’S ROLE
- Train boards of trustees on delegated responsibilities
- Merge system policies and align data and measures, as appropriate
- Streamline presidential evaluation and R&R processes
- Simplify institutional admissions processes

## GOAL
- Develop, strengthen, and leverage a seamless and articulated system of higher education
- Increase the college-going rate of high school grads by 3% in 5 years
- Increase the college-going rate of underrepresented groups by 4% in 5 years

## STRATEGY
- Align programs with institutional roles and minimize duplication among institutions
- Ensure high school students are meaningfully informed on scholarships, dual enrollment programming, financial aid, and higher ed pathways
- Support institutions and USBE in diversifying the pipeline of P-20 educators, faculty, and staff
- Simplify institutional admissions processes

## SYSTEM UNIFICATION
- Develop an expanded standard of affordability
- Increase FAFSA completion

## AFFORDABILITY
- Expand shared services
- Develop a cost structure model to compare the cost of delivering degrees and awards for each USHE institution
- Increase awarding of credit for prior learning
- Ensure students are meaningfully informed on the value and ROI of higher ed

## COMPLETION
- Structure awards to facilitate completion and transfer
- Increase higher ed participation rate of adults with/without a high school diploma
- Expand supportive entry-level education practices

## WORKFORCE ALIGNMENT
- Ensure institutional cost of attendance remains within the standard of affordability year over year
- Increase completion rate of graduates in high-demand, high-wage programs by 7% in 5 years.
- Increase completion rate of underrepresented groups in programs aligned with high-wage, high-demand jobs by 8% in 5 years.

## RESEARCH
- Advocate for the role of research at degree-granting institutions in innovation, technology transfer, economic development, workforce, and community engagement and impact

## TBD
- Ensure institutions have needed support to conduct research
## ACCESS

**Remove structural barriers to entry**

UBHE COMMITMENT:
RESOLUTION TO RECOGNIZE THE POSTIVE IMPACTS OF DREAMERS

• "WHEREAS, in 2012, the Deferred Action for Childhood Arrivals (DACA) program was created to allow benefits to certain young undocumented students brought to the United States as children—commonly referred to as Dreamers—and has allowed more than 800,000 young people nationwide to attend school, work lawfully, and plan their lives without the constant threat of deportation; and"

• WHEREAS, in Utah, there are more than 10,000 DACA recipients who have come to live and work legally, yet only a fraction of those college-aged students are accessing higher education; and

• WHEREAS, the Board is responsible to advocate for Dreamers, undocumented, and DACA-eligible individuals and support their efforts to access higher education in the State of Utah, thereby broadening and enriching the higher education experience of all;
OVERVIEW:
Deferred Action for Childhood Arrivals (DACA) is an Executive Order passed on June 15, 2012.
This provides DACA beneficiaries to access:
• A work permit
• A Social Security Number
• Deferment from priority deportation list

Student Affairs Committee Meeting
August 19, 2022
“Ms. Carrey. I just met Ms. Carrey a few months ago and as soon as I met her, she immediately started to help me with my future in college. She is the reason why I applied for the Utah Jazz Scholarship and I’m so glad she did because I actually got it! If it weren’t for her, I would be so lost and confused about what to do next after graduation. I’m so grateful for all her help and encouragement.”

"The Utah College Advising Corps has given me the networks and leadership opportunities to continuously grow. When I first served in 2019, I was a recent first-generation college graduate trying to navigate my career and instantly fell in love with helping students navigate college access. I was offered panels at conferences, leadership growth, and was able to continue my education in Public Administration with the help of an education grant from the program. The Utah College Advising Corps opened the doors to careers I would have never thought possible as a first gen student. I now work as a Program Manager with Keys to Success and am grateful that I get to work closely with the College Advisers to help support and give tools through a college and career readiness resource for their students."

UCAC impacts its college advisers as much as it impacts students!

Student Wellness Case Managers

Student Affairs Committee Meeting
August 19, 2022
Why Focus on Basic Needs?

• Basic needs insecurity is prevalent:
  • Example: 39% of Utah students face food insecurity

• Basic needs insecurity undermines the System’s efforts to support student mental health and postsecondary completion:
  • Example: Housing insecurity is associated with an 8-12-point reduction in the probability of degree attainment
  • Example: Students facing basic needs insecurity are 3+ times more likely than their materially secure peers to experience depression, anxiety, and suicidal ideation, planning, or attempt
Why Student Wellness Case Managers?

• Institutions have limited resources, which makes it challenging to sustain in-house programs to support basic needs.

• Students face difficulties accessing existing community, state, and federal basic needs resources:
  
  • 52% of students facing basic needs insecurity do not apply for supports because they don’t know how.
  
  • Approximately 89% of SNAP-eligible Utah students (41,000 individuals) do not apply for SNAP, leaving an estimated $61.5 million in benefits on the table each year.
What is Higher Ed’s Role in Basic Needs?

To connect students to the resources that create the conditions necessary to complete postsecondary education in a timely, affordable manner.
Proposal: Student Wellness Case Managers

• $975,000 to fund 11 FTEs, deployed regionally (virtual or hybrid)

• Main responsibility:
  • Conduct outreach and case management to help students secure the campus-based, community-based, state, and federal resources they need such as:
    • Supplemental Nutrition Assistance Program (SNAP)
    • Public Housing Assistance
    • Affordable childcare
    • Mental health services
    • Etc.
Why Student Mental Health?

2019 survey of 5200 USHE students
Respondents reported that during the prior 12 months:

• 63% felt overwhelming anxiety
• 46% felt so depressed it was difficult to function
• 58% felt things were hopeless
• 9% intentionally injured themselves
• 15% seriously considered suicide
• 2% attempted suicide

What Has the System Done for Student Mental Health So Far?

2018: SafeUT mobile app
Utah’s statewide mental health crisis and tip line

2020: The JED Foundation - JED Campus
Developing institution-specific mental health strategic plans with the support of experts

2022: Mental Health First Responders (MH1) Expansion
Providing after-hours mobile crisis and intervention support to students living on campus

2022: Trula Campus
Evidence-based peer coaching to help students manage stress and increase overall wellness
Proposal: $3 million legislative budget priority

• Will fund campus mental health initiatives required to implement the JED Campus institutional mental health strategic plans

• At the October 2022 JED Campus convening, institutions and JED experts will identify and prioritize common themes across the institutional mental health strategic plans system-wide to inform the specifics of the proposal

• Recommendations for this funding will be presented at the Student Affairs Committee in December 2022
