

Policy Updates

May 18, 2023

R312 Roles and Missions

Motion

I move to approve the attached draft of Policy R312. I also move that after the completion of the NCHEMs Community College Study, the Board engage in detailed conversations about the changing demographic and workforce needs of the state and whether institutional roles as currently defined are adequate to meet them.

R315 Geographic Service Regions

Motion

I move to approve the attached draft of Policy R315. I also move to engage in future conversations to identify and address possible gaps in geographic access to higher education within the state.

R401 Approval of New Programs, Program Changes, Discontinued Programs, and Program Reports

Charge

Update Section 7 of Policy R401 in order to lift the moratorium on out-of-role program approvals.

Commissioner's Office Review

- **7.1.3** — The Commissioner's office will conduct a detailed review and analysis of the proposed program to assess labor market demand, the feasibility of partnerships with other USHE institutions with similar programs, regional need, and whether there is an adequate level of support for the new program.
- **7.1.4** — As part of its review, the Commissioner's office will also analyze:
 - **7.1.4.1** — How well the institution proposing the new program is performing in its primary institutional role as measured by: accreditation reviews, the financial feasibility of both the institution and the proposed program, USHE's performance metrics, and other metrics determined by the Board;
 - **7.1.4.2** — Whether the institution has an existing, well-performing program at a lower award level that can be built upon for the out-of-mission award;
 - **7.1.4.3** — Whether the newly proposed program involves transforming a well-performing program that has experienced a shift in the occupational or licensure demands for a higher-level credential requiring the existing program to be scaled up to remain relevant;
 - **7.1.4.4** — Whether existing programs at other USHE institutions can be made available online to students within the requesting institution's service region and/or whether additional seats are needed in existing programs to meet state needs; and
 - **7.1.4.5** — Whether the requesting institution has thoroughly explored partnership with a USHE institution authorized to provide the program and a partnership has been determined to be infeasible.

Board Review

- **7.1.5** — Once they have reviewed the proposed program, the Commissioner's Office will submit the full program proposal and all attendant issues to the Board for review. The Board will review the program proposal and request additional information or consultation as appropriate. The Board will determine whether or not to forward the program proposal to the Board of Higher Education for approval.
 - **7.1.5.1** — The Board may request more information or consultation.
 - **7.1.5.2** — When determining whether to approve a proposed program, the Board shall consider:
 - **7.1.5.2.1** — Whether such a program is the best use of state resources;
 - **7.1.5.2.2** — Whether the program would duplicate existing program(s); and
 - **7.1.5.2.3** — Whether all possibilities of partnership have been exhausted.
 - **7.1.5.3** — It is within the Board's discretion to ask another institution with the appropriate mission to develop a new program in partnership with the requesting institution instead of approving a new out-of-mission program.

Motion

I move to approve the update to Section 7 of Policy R401 in order to lift the moratorium on out-of-role program proposals.

Motion

I move to adopt the proposed amendments to Board Policies R208, *Resource and Review Teams*, and R209, *Evaluation of Presidents*.

Motion

I move to direct the Commissioner's office to prepare an amendment to Board Policy R203 for the Board's consideration at its next meeting. The amendment should generally prohibit an interim or acting president from applying to be a candidate in a USHE presidential search.

Motion

I move to include a priority for a systemwide research focus as part of the Board's strategic plan.

Motion

I move to adopt the Resolution on Freedom of Expression.

State Aid Policy Revisions

SYSTEM OF
HIGHER
EDUCATION

State Aid Policy Revision Summary

Proposed New Policies (5)

New programs created by the Legislature:

- R627, First Responder Mental Health Services Grant
- R607, Prime Program Grant
- R617, Karen Mayne Public Safety Officer Scholarship Program
- R625, International Internship Scholarship Pilot Program

Existing program without Board policy:

- R628, WICHE Professional Student Exchange Program

State Aid Policy Revision Summary

Proposed Revised Policies (8)

Programs modified by the Legislature:

- R611, Veterans Tuition Gap Program
- R614, Public Safety Officer Career Advancement Grant Program
- R620, Utah Promise Program Grant
- R624, Utah Promise Partners Program

Suggested clarifications:

- R606, USHE Employee Partner Scholarship
- R608 Opportunity Scholarship
- R616, Adult Learner Grant Program
- R621, Terrel H. Bell Education Scholarship Program

State Aid Policy Revision Summary

Proposed Retired Policies (7)

Obsolete state aid programs:

- R603, Terrel H. Bell Teaching Incentive Loan Program
- R605, Higher Education Success Stipend Program
- R615, Talent Development Incentive Loan Program

Obsolete UHEAA programs:

- R612, Lender Participation
- R618, UHEAA Grant
- R626, Lender-of-Last Resort Program
- R650, Lender Certification of Obligations

Commissioner's Recommendation

The Commissioner recommends the Board of Higher Education approve the proposed creation, revision, or elimination of these 22 policies.

A background image showing a graduation ceremony with several graduates in black gowns and caps. Some are holding their caps high, and one is holding a rolled-up diploma. The scene is brightly lit, suggesting an outdoor setting with sunlight.

Commissioner's Recommendations

The Commissioner recommends the Board of Higher Education :

- Allocate both the ongoing appropriation for the New Century Scholarship and \$6 million from the New Century Scholarship fund balance to the Utah Promise Program.
- Authorize institutions to carry forward allocations from the \$6 million New Century fund balance until June 30, 2026.

A background image of a graduation ceremony. In the foreground, a hand is seen adjusting a black graduation cap. Below it, another hand holds a rolled-up diploma. The scene is filled with other graduates in caps and gowns, some holding diplomas, under a bright sky with a lens flare effect in the top left corner.

Promise Scholarship Allocation

UTAH
SYSTEM OF
HIGHER
EDUCATION

Motion

I move to:

1. Allocate both the ongoing appropriation for the New Century Scholarship and \$6 million from the New Century Scholarship fund balance to the Utah Promise Program.
2. Authorize institutions to carry forward allocations from the \$6 million New Century fund balance until June 30, 2026.

Motion

I move to approve the proposed Authorizing Resolution to issue General Revenue bonds for Utah State University.

Motion

I move to approve the proposed Authorizing Resolution to issue General Revenue bonds for the University of Utah.

Motion

I move to adopt the proposed revisions to policies R701, R741, R742, R744, and R745.

Motion

I move the Board does not newly review and prioritize institution non-dedicated project requests for Fiscal Year 2025.

Motion

I move to adopt the proposed revisions to policies R821 and R824.

Motion

I move to approve the Consent Calendar.

Motion

I move to approve the Resolution of Appreciation for the Utah Board of Higher Education.

How We Measure Workforce Outcomes

- **Attainment Goal—Workforce Alignment**

- Assesses degree and award alignment to workforce needs
- Workforce needs measured by DWS, using methodologies developed by BLS
- Workforce need is signaled by occupational growth and wages

- **Workforce Outcomes**

- Match Utah wage records from DWS to graduation records at USHE
- Student earnings and industry of employment

- **Census Bureau's PSEO Project**

- Same approach as workforce outcomes
- National coverage

TALENT READY UTAH

Vic Hockett, Associate Commissioner

Mission & Purpose

Talent Ready Utah was legislatively created in 2018 in the Governor's Office of Economic Opportunity to be an industry-facing department to collaborate with industry, education, and government to align educational programs to workforce demands.

Our role is to engage with and convene industry, education, and other stakeholders to create, expand, and align short-term and long-term workforce training & education solutions.

The Talent Ready Utah Story

2014

Boeing Approaches Utah

2015

In Response UAP Launched

2018

A Vision Was Set

Today

Developing Talent Through
Workforce Alignment

- **Senator Ann Millner, Chair**
- **Representative Jefferson Moss**
- **Brittney Cummins - Gov's Education Advisor**
- **Ryan Starks - GOEO Executive Director**
- **Casey Cameron - DWS Executive Director**
- **Margaret Busse - Commerce Executive Director**
- **Dave Woolstenhulme - Commissioner of USHE**
- **Syd Dickson - Superintendent of USBE**
- **Jim Moss - State School Board**
- **Joshua Aikens - Zonos, Chief of Staff**
- **Chuck Taylor - SyberJet, CEO**
- **Jake Hinkley - Sunroc, Director of Workforce**
- **Erin Casale - Qualtrics, Director of Customer**
- **Rick Allen - BAE, VP**
- **Heather Brace - Intermountain Health, SVP**
- **Aaron Skonnard - Pluralsight, CEO**
- **Trina Eyring - ZBC, VP**
- **Sidni Shorter - CEO Black Chamber**
- **Derek Miller - CEO SLC Chamber**
- **Juan Pascua - CEO Hispanic Chamber**

Strategic Plan - Workforce Pillar Strategies

1. Engage industry to align education with workforce demands that result in career placements.
2. Initiate industry feedback loops with the Utah Board of Higher Education.
3. Develop legislative priorities, policies, and funding requests for workforce development programs.
4. Increase stakeholder collaboration to develop and promote workforce programs.
5. Increase student participation in high-quality Work-Based Learning.

Rachelle Ackley, Program Director

Computer Science Master Plan & Grant Program

Kristina Yamada, CTE Education Specialist, Utah State Board of Education

Updates on our journey to Computer Science for all students K-12

Currently in Year 2:

- We received \$8M One-time funds
- 33 School Districts + 19 Charter Schools currently participating
- *+1 - Salt Lake City School District has just been approved to participate
- USBE Board Rule R277-473 will be revised this year
 - This is the rule that put a maximum amount that all LEA's could apply for
- Teacher endorsements are up

For SY24:

- We have received \$3M On-going and \$5M One-time Funds
- We are EXCITED to receive a portion of On-going Funds
- We hope the last seven school districts will come on board next school year

Danette Pulley, Vice President of Community Growth, Foundation Executive Director, MarketStar

Enrollment

Launched Spring '22

- 32 students
- 3 semesters
- 3 school districts
- 9 high schools

29 of 32 students have express interest in seeking employment at MarketStar upon graduation

Work-based Learning Partnership

- **Program:** Tech Sales Pathway
- **Industry Partner:**  MarketStar.
- **Purpose:** Prepare for sales careers in social media, SAAS, Digital Ads, IT & Cloud Services
- **Education Partners:** Davis, Ogden and Weber School Districts, Ogden-Weber and Davis Technical Colleges, Weber State University
- **Collective Student Experience:**
 - **845** hours of sales education
 - **790** hours of hands-on industry skill instruction
 - **560** hours receiving mentorship and coaching
 - **170** hours of professional / career development with talent recruitment
- **Industry Mentorship: MarketStar employees provided**
 - **90** hours per student with industry coaching and mentorship
 - **2,880** industry hours spent training our future leaders
- **Program Evolution:** Due to feedback from students in the first two semesters, the program was redesigned to a project-based learning format that included six unique industry projects with client teams
 - 15 new sales email templates generated | Google Cloud ISV
 - 5 new customer personas identified | Pinterest
 - 6 new sales training videos developed | PagerDuty
 - 5 new sales reference resources produced | Veritas Technologies & Commvault
 - 2 new approaches identified to selling a product | Reddit
 - 1,749 leads identified for a client

FY 24 Continuous Improvement

Statutory Role

Developing Work-Based Learning Partnerships

- LifeSciences
- Financial Services

Emerging Talent Needs

- Bioindustrial Manufacturing
- Partnership with BioMADE and Utah STEM Action Center

Talent Ready Apprenticeship Connections (TRAC)

- Increasing Youth Apprenticeships through HB 555
- Systemwide Intermediary

FY 24 Continuous Improvement

Strategic Plan

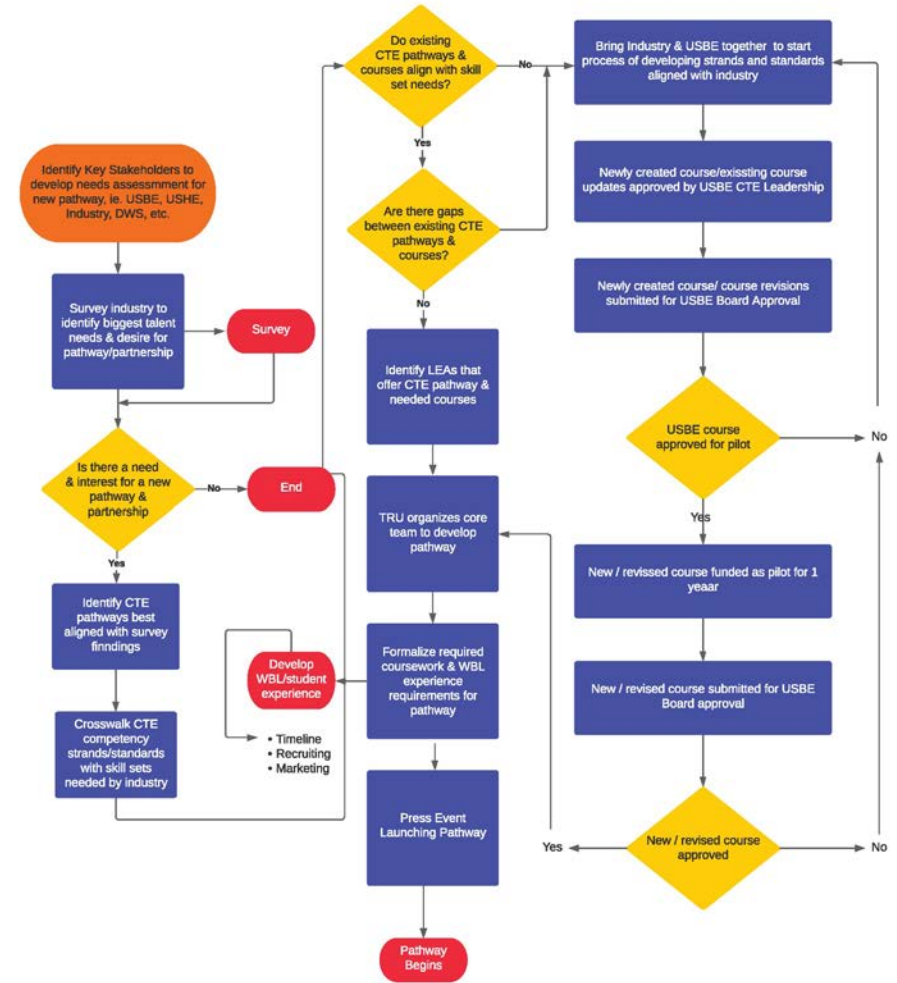

Strategy: Increase student participation in high-quality Work-Based Learning.

- A. Develop a process to create and expand TRU K-12 workforce programs to increase access of WBL in underserved communities.
- B. Expand the Utah Adopt-A-School program assigned by Governor Cox to increase K-12 student access to work-based learning.
- C. Create a framework and processes to define system-wide practices for increased participation and reporting of work-based learning activities.

Work-Based Learning Partnerships

Processes for Development & Expansion

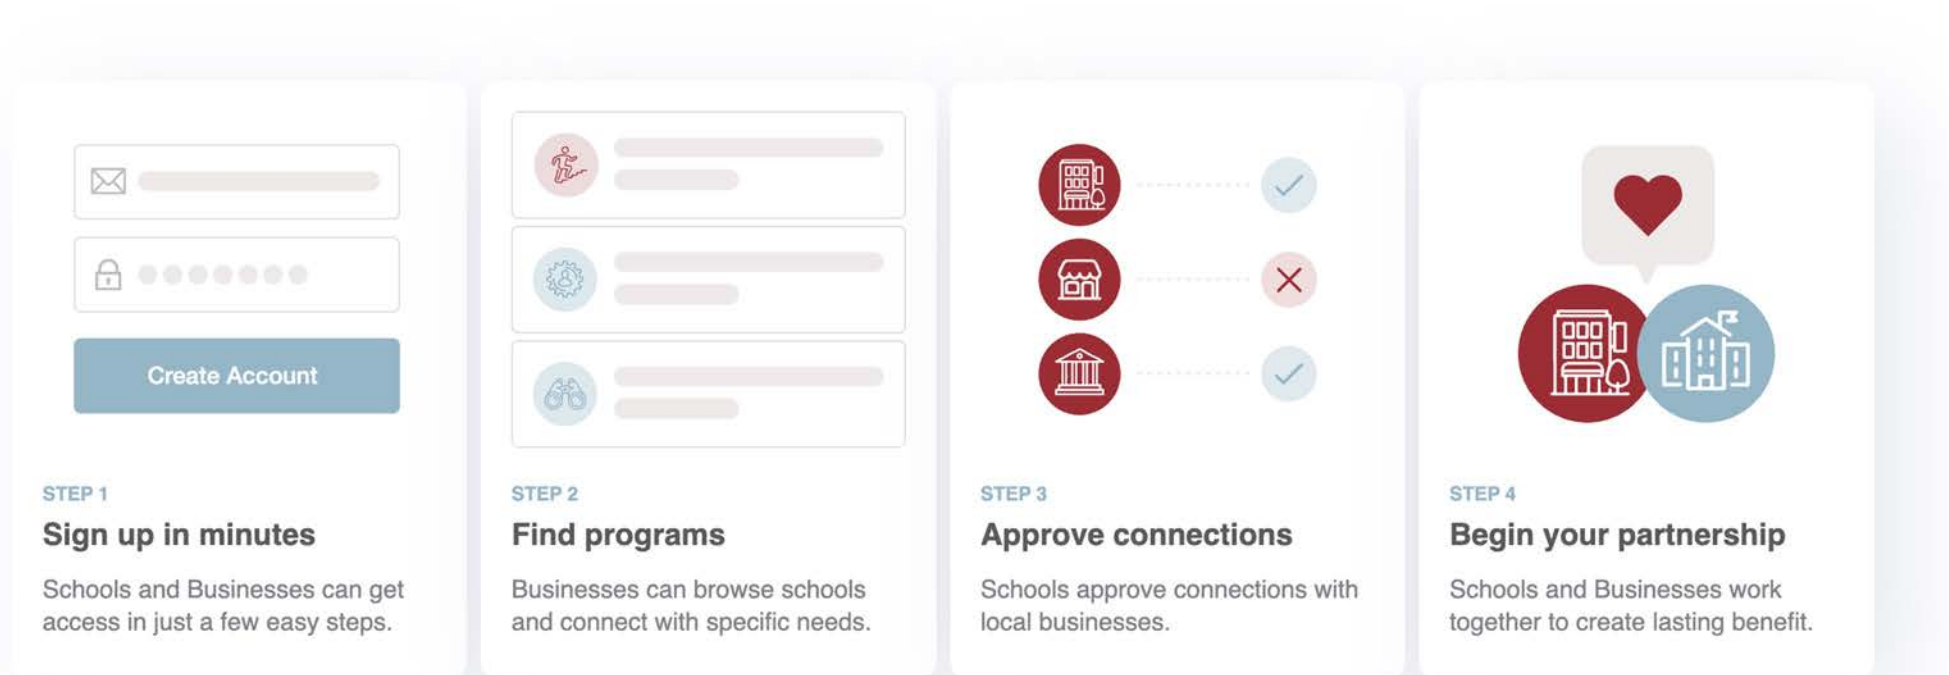

- Leveraging K-12 Educational Training Programs
- Utilizing K-12 Work-Based Learning Programs
- Engaging Industry for Program Alignment
- Creating On and Off Ramps to Careers and Continued Education

Utah Adopt-A-School

Increasing Access to Opportunity

How it Works

GET STARTED

Work-Based Learning Policy Preview

Strategic Goal: Increase the completion rate of graduates in high-demand, high-wage programs by 7% in 5 years. Increase the completion rate of underrepresented groups in programs aligned with high-wage, high-demand jobs by 8% in 5 years.

Strategy: Increase student participation in high-quality Work-Based Learning

Tactic: Create a framework and processes to define systemwide practices for increased participation and reporting of work-based learning activities.

Talent Ready Utah Higher Education Initiatives

Peter Reed, Program Manager

Healthcare Workforce Initiative

"The Nursing Assistant Program at **Dixie Tech** is wonderful. I had been out of school for more than 26 years. I was so afraid to enter the program because I thought I might not be capable of retaining and learning new information. Fortunately, it has been a great experience for me. I have been surrounded by excellent instructors that have helped me succeed and spent extra time to help me understand. Everyone is so kind and helpful. I love **Dixie Tech**."

-Maria Mendez, NA Student

Utah Works

Rick Bouillon, Associate Vice President
Workforce & Economic Development
Salt Lake Community College

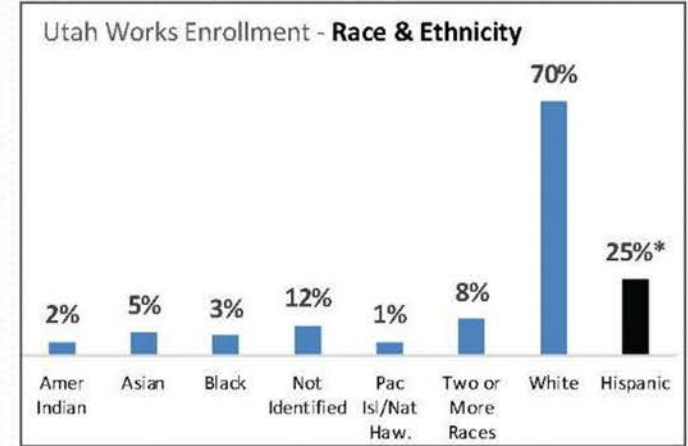

MODEL AND OUTCOMES

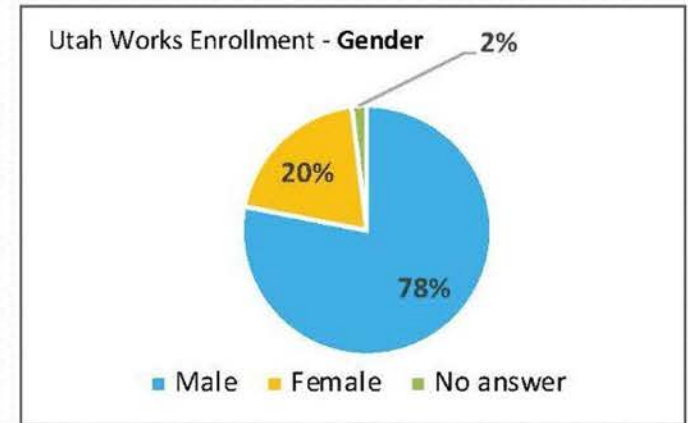

TYPES OF TRAINING

- Aerospace Assembly Composites
- Aerospace Assembly Metals
- Certified Nursing Assistant
- Composites Technician
- Electric Rail Tech
- ESL for Manufacturing
- Injection Molding
- Mechanical Rail Tech
- Thermoforming Technician

STUDENTS SERVED

* Please note Utah Works has reached a 25% Hispanic population, as this is the minimum threshold required to be classified as a Hispanic Serving Institution in our area.

INDUSTRY PARTNERS

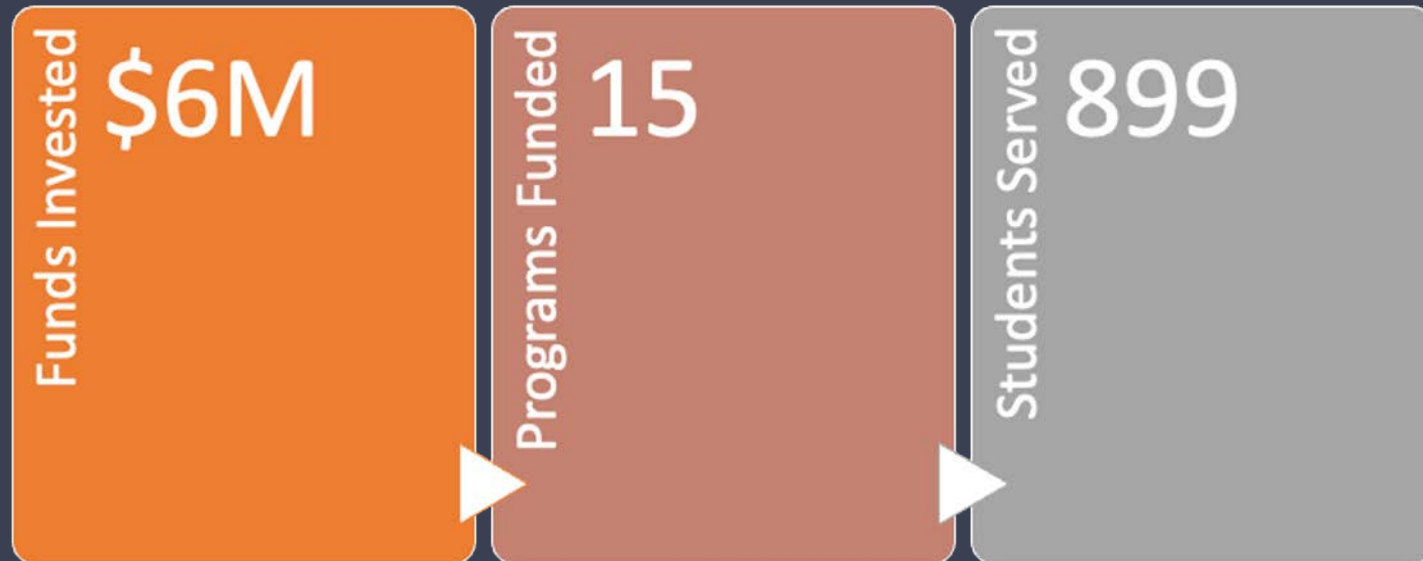

IMPACT

Utah Works programs have served more than **650** students since the **2021** award. In an environment of extremely low unemployment, that is a notable number. A highlight of the program is the recent addition of English as a Second Language training for Merit Medical employees. This program has trained more than **280** employees since its development in the last year, addressing critical language skills that ensure safety and productivity.

Debt Burden Ratio measures an institution's dependence on borrowed funds to finance its operation, by measuring the relative cost of borrowing to overall expenditures. The industry has established 7.0% as the upper threshold for a healthy institution. Debt Service is defined as Interest Expense + Principal Payments. Total Expenditure is defined as Total Expenses - Depreciation Expense + Principal Payments.

Composite Index	FY18	FY19	FY20	FY21	FY22

Simple Avg.	4.12	4.00	4.01	5.67	4.23

This calculation combines and weights all four ratios (primary revenues, return on net assets, and viability) into one metric. This allows a weakness or strength in a specific ratio to be offset by a strength in another ratio, thereby allowing a more holistic approach to an institution's total financial health.

State Budget Stress Tests Help Policymakers Set Savings Targets

SHARE

Analytical tools can help lawmakers estimate how much to set aside for downturns

in

f

- Several states use budget stress testing methods to simulate changes to revenue, expenditures, and reserves in the event of a recession or other economic shocks.
- Useful in identifying potential sources and magnitude of budget risks in scenario-based models
- Serves as a complement to existing financial health metrics and data sources
 - historic/single-year actuals <- baseline out-year projections <- range around baseline out-year projections <- range of out-year projections related to specific risk factors

State of Utah Budget Stress Testing Examples

Utah's stress testing process

- Use regionalized and aged-forward Moody's Analytics economic scenarios over five-year timeframe

Scenario	Peak-to-trough decline in output	Peak unemployment	Return to full employment
<i>Baseline</i>	n/a	3.5%	Imminent
<i>Moderate recession</i>	1.4%	6.4%	2025 Q1
<i>Severe recession</i>	4.2%	9%	2032
<i>Stagflation</i>	3.3%	9%	Indefinite

State of Utah Budget Stress Testing Examples

Revenue at risk

Scenario	Five-year revenue at risk
Moderate recession	\$409 million
Severe recession	\$3.7 billion
Stagflation	\$2.2 billion

State of Utah Budget Stress Testing Examples

Expenditures at risk

Scenario	Public education	Higher education	Medicaid	Retirement	Five-year expenditures at risk
Moderate recession	\$627.8 million	\$409.5 million	\$403.0 million	\$55.9 million	\$1.5 billion
Severe recession	\$625.4 million	\$602.9 million	\$598.3 million	\$74.8 million	\$1.9 billion
Stagflation	\$651.2 million	\$550.3 million	\$448.3 million	\$35.7 million	\$1.7 billion

Next Steps

- Further research how central concepts of budget stress testing can be extended to higher education budgets throughout the system.
- Identify necessary data infrastructure, existing data sources, stress testing scenarios, and primary revenue and expenditure areas most relevant to evaluation.
- Determine timeline, resource requirements, and project management structure.
