THE UTAH SYSTEM OF HIGHER EDUCATION

The Utah System of Higher Education is comprised of eight public colleges and universities governed by the State Board of Regents, assisted by local Boards of Trustees. The System includes two research universities, four regional universities, and two community colleges. The missions of these eight institutions are described below.

UNIVERSITY OF UTAH

As the state's flagship institution, the University of Utah focuses on enhancing the state's reputation for high quality instruction, research and innovation, particularly at the graduate level. Its mission is to disseminate knowledge through teaching, publication, artistic presentation, and community engagement. The University of Utah is a major research institution that contributes to the economic base of the state through innovation, technology transfer and commercialization. The university is also the primary deliverer of trained professionals in medicine, pharmacy, law and engineering for the state.

UTAH STATE UNIVERSITY

USU is building upon its research capacity with an emphasis on aerospace, agriculture, life sciences, energy and engineering. Its regional campus role has expanded to include Utah State University-College of Eastern Utah (USU-CEU) with campuses in Price and Blanding Utah.
