## ADMISSIONS GUIDE FOR CONCURRENT ENROLLMENT STUDENTS

# CONGRATULATIONS! YOU HAVE ALREADY BEEN ADMITTED FOR THE FALL 2023 SEMESTER!

As a high school senior with Concurrent Enrollment credit from UVU, you've been admitted as an incoming student for the Fall 2023 semester. Now that you are admitted, continuing as a UVU student is only a few "To-Do" items away:

### STEP 1 | SUBMIT YOUR TRANSCRIPTS FOR SCHOLARSHIP CONSIDERATION

You have already been admitted, however, in order to be considered for scholarship you still need to submit your latest high school transcripts. Talk with your official high school counselor to have your transcripts sent to UVU. [uvu.edu/admissions/whatsnext](https://uvu.edu/admissions/whatsnext)

### STEP 2 | COMPLETE ORIENTATION

It is easy. The first part is online. Orientation assists new students in finding success at UVU and is required to register for classes. You can find all the info you need to have a successful first year. [uvu.edu/orientation](https://uvu.edu/orientation)

### STEP 3 | CONTACT YOUR ACADEMIC ADVISOR

They are the key to getting in the right classes. They will keep you on track to complete everything you need in the most efficient way. You can meet with them online, in person, or over the phone. [uvu.edu/firstyear/advising](https://uvu.edu/firstyear/advising)

### STEP 4 | REGISTER FOR CLASSES

Starting mid-April, you will be able to register for the classes that work best for you. Having already been admitted allows you to be one of the first students to register for class in April, ensuring you the largest selection of classes. [uvu.edu/registration](https://uvu.edu/registration)
