

ATTENTION

CONCURRENT ENROLLMENT SENIORS!

Weber State University makes it really easy for you to make the transition from a high school concurrent student to a fully admitted WSU student. You don't need to reapply for admission, simply follow these easy steps:

1. Log in to your [eWeber](#) student portal at [weber.edu](#)
2. Click on the Admissions tab, or search for “Status Switch”. You will see a light-switch icon. Click on the icon.
3. Complete the questions and you're done!

After completing the switch:

- You'll still be eligible to register for concurrent enrollment classes for spring semester.
- You'll be eligible to apply for financial aid and additional scholarships.
- Your academic profile in your [eWeber](#) portal will still list 'concurrent enrollment' as your class standing until after high school graduation.
