

Transfer Options for Independence University students

August 2021

Institution Name: [Salt Lake Community College](#)
[Salt Lake City, Utah](#)

1. Are you willing to accept credits from Independence University students? [We currently do not accept credit from non-regionally institutions at face value. For credit consideration, the credit has been related to a student's program of study and the student must provide a syllabus from the term completed. It would still be up to each academic dept. to determine credit equivalency and acceptability. Most of our academic departments do not accept credit from non-regionally accredited institutions. They are hesitant and concerned about transferability when the student leaves SLCC.](#)

The more information students can provide about their courses, the better; meaning a syllabus is preferred. Information provided needs to be from the time period the coursework was completed (i.e. 2019 Q4 Fall). It must also match the coursework listed on the Independence University transcript.
