OFFICE OF THE
STATE AUDITOR

Independent Auditor's Report

To the Board of Trustees, Audit Committee
and
Jim Taggart, President
Ogden-Weber Technical College

We have audited the accompanying financial statements of Ogden-Weber Technical College (College), as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the College's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of Ogden-Weber Technical College Foundation (Foundation). Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the Foundation, is based solely on the report of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. The financial statements of the Foundation were not audited in accordance with *Government Auditing Standards*.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the College and its discretely presented Foundation, as of June 30, 2021, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the Schedule of College's Proportionate Share of the Net Pension Liability, and the Schedule of College's Contributions, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated February 9, 2022 on our consideration of the College's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the College's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the College's internal control over financial reporting and compliance.

OGDEN-WEBER TECHNICAL COLLEGE

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED JUNE 30, 2021 (Unaudited)

As management of Ogden-Weber Technical College (College), we offer readers of the College's financial statements this narrative overview and analysis of the financial activities of the College for the fiscal year ended June 30, 2021.

The College is one of sixteen public colleges and universities within the Utah System of Higher Education. The college maintains a local Board of Trustees and is an independent technical college and component unit of the State of Utah.

Overview of the Financial Statements

This management discussion and analysis is intended to serve as an introduction to the College's financial statements. The College's financial statements comprise four components: 1) the Statement of Net Position, 2) the Statement of Revenues, Expenses, and Changes in Net Position, 3) the Statement of Cash Flows, and 4) the Notes to the Financial Statements.

Statement of Net Position. The Statement of Net Position provides information on the College's assets, deferred outflows, liabilities, and deferred inflows at the end of the fiscal year, with the difference reported as net position. The information provided in the Statement of Net Position along with disclosures and other information contained in the Statement of Revenues, Expenses, and Changes in Net Position, the Statement of Cash Flows, and accompanying notes helps users assess, among other things, the College's liquidity, and its ability to meet its obligations.

Statement of Revenues, Expenses, and Changes in Net Position. The Statement of Revenues, Expenses, and Changes in Net Position provides information to users both about the operating performance of the College and the effects of nonoperating transactions and events that change the amount of net position of the College. The information in this statement, together with information in the Statement of Net Position, the Statement of Cash Flows, and accompanying notes, should assist users of the College's financial statements in evaluating the College's performance during the fiscal year and how well management has discharged their stewardship responsibilities and other aspects of their duties.

Statement of Cash Flows. The Statement of Cash Flows provides information about the cash receipts and cash payments of the College during the fiscal year. When used with related disclosures and information in other financial statements, a statement of cash flows should help financial statement report users assess the College's ability to generate future net cash flows; its ability to meet its obligations as they come due; the reasons for differences between operating income and the associated cash receipts and payments; and the effects on the College's financial position of both its cash and noncash investing, capital, and financing transactions during the fiscal year.

Notes to the Financial Statements. The Notes to the Financial Statements provide additional information that is essential to a full understanding of the data provided in the financial statements.

OGDEN-WEBER TECHNICAL COLLEGE

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED JUNE 30, 2021 (Unaudited)

Financial Analysis

Statement of Net Position. The following schedule presents a summary of the College's assets, deferred outflows of resources, liabilities, deferred inflows of resources, and net position as of June 30, 2021, and 2020:

Condensed Statement of Net Position

	Year Ended June 30, 2021 Amount	Year Ended June 30, 2020 Amount	Amount of Change	Percent Change
Assets				
Current Assets	\$ 9,071,839	\$ 7,321,391	\$ 1,750,448	23.91%
Noncurrent Assets				
Capital Assets, Net	40,147,945	39,429,220	718,725	1.82%
Total Assets	49,219,784	46,750,611	2,469,173	5.28%
Deferred Outflows of Resources	563,067	544,033	19,034	3.50%
Liabilities				
Current Liabilities	1,596,136	1,834,377	(238,241)	(12.99%)
Noncurrent Liabilities	1,654,156	2,751,586	(1,097,430)	(39.88%)
Total Liabilities	3,250,292	4,585,963	(1,335,671)	(29.13%)
Deferred Inflows of Resources	1,605,432	1,012,102	593,330	58.62%
Net Position				
Net Investment in Capital Assets	40,147,945	39,429,220	718,725	1.82%
Unrestricted	4,779,182	2,267,359	2,511,823	110.78%
Total Net Position	\$ 44,927,127	\$ 41,696,579	\$ 3,230,548	7.75%

Total assets of the College increased by \$2,469,173, or 5.28%, during the fiscal year. The increase in current assets of \$1,750,448 consists of an increase in cash and cash equivalents of \$1,567,161 due to higher balances in cash accounts; an increase in receivables of \$127,821 due to amounts owed for federal grants; a decrease in prepaid expenses of \$7,963; and increases in inventory balances totaling \$63,429 at the College Store, Cosmetology program, and Culinary Arts program.

The College's capital assets (net of accumulated depreciation) as of June 30, 2021, amount to \$40,147,945. This investment in capital assets includes land, buildings, improvements, and equipment. After taking into consideration a change in accumulated depreciation of \$1,692,339, new equipment purchases of \$590,158, land purchase of \$250,000, site improvements of \$2,686,312, deletions of \$1,115,406, which include a loss from disposal of assets with salvage

OGDEN-WEBER TECHNICAL COLLEGE

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED JUNE 30, 2021 (Unaudited)

value of \$199,236, there was a net increase in capital assets of \$718,725. Additional information on the changes in the College's capital assets can be found in Note 4 of the Notes to the Financial Statements.

Deferred outflows are derived from information provided by the Utah Retirement System (URS) as outlined by GASB 68. The increase of \$19,034 represents contributions made by the College to URS prior to the fiscal year and, but subsequent to the measurement date of December 31, 2020, and the net difference between projected and actual earnings on pension plan investments. See Note 8 for additional information.

Total liabilities of the College decreased by \$1,335,671, or 29.13%, during the fiscal year. Current liabilities decreased by \$238,241 due to increases in payables of \$146,170, vacation liability of \$14,585; and decreases in accrued payroll of \$236,423, accrued sick leave of \$8,343, and unearned revenue of \$154,230. Noncurrent liabilities decreased by \$1,097,430 due to a decrease in the net pension liability, and a net increase of 12,673 for long term accrued sick and vacation liabilities. The net pension liability is provided by URS and is based on estimates derived from their actuarial calculation.

Deferred inflows are derived from information provided by URS as outlined by GASB 68. The increase of \$593,330 represents the differences between expected and actual returns on investments and changes in assumptions used by the actuaries. See Note 8 for additional information.

Changes in Net Position. The following schedule presents a summary of changes in net position for the College for the fiscal years ended June 30, 2021, and 2020:

OGDEN-WEBER TECHNICAL COLLEGE

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED JUNE 30, 2021 (Unaudited)

Condensed Statement of Revenue, Expenses, and Changes in Net Position

	Year Ended June 30, 2021 Amount	Year Ended June 30, 2020 Amount	Amount of Change	Percent Change
Operating Revenues	\$ 5,512,754	\$ 5,328,363	\$ 184,391	3.46%
Operating Expenses	24,060,695	24,777,486	(716,791)	(2.89%)
Operating Income (Loss)	(18,547,941)	(19,449,123)	901,182	4.63%
Nonoperating Revenues	19,839,380	19,932,403	(93,023)	(.47%)
Income (Loss) Before Other Items	1,291,439	483,280	808,159	167.22%
Other Revenues and Expenses	1,939,109	1,373,774	565,335	41.15%
Increase (Decrease) in Net Position	3,230,548	1,857,054	1,373,494	73.96%
Net Position – Beginning of Year	41,696,579	39,667,298	2,029,281	5.12%
Prior Period Adjustment (Note 1)	-	172,227	(172,227)	(100.00%)
Net Position – Beginning of Year (Retated)	41,696,579	39,839,525	1,857,054	4.66%
Net Position – End of Year	\$ 44,927,127	\$ 41,696,579	\$ 3,230,548	7.75%

The College experienced a net operating loss of \$18,547,941 during the fiscal year. The College is a state institution and receives most of its funding from State appropriations. These appropriations are classified in the financial statements as nonoperating revenues. The State appropriation is anticipated as a means of covering most of the costs of operating the College. During fiscal year 2021, the State appropriation of \$17,424,375 was sufficient to offset all but \$1,123,566 of the amount shown on the financial statements as an operating loss. The remaining nonoperating revenues and other revenues of the College consisted mostly of federal grants of \$1,677,376; state and local grants of \$505,330; gifts of \$383,879 transferred to the College from the Foundation; other revenue of \$1,939,109; and investment income of \$47,656.

After considering nonoperating revenues and expenses and other items, the College had an increase in net position of \$3,230,548.

Revenues. The following schedule presents a summary of the College revenues for the fiscal years ended June 30, 2021, and 2020:

OGDEN-WEBER TECHNICAL COLLEGE

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED JUNE 30, 2021 (Unaudited)

	Year Ended June 30, 2021 Amount	Percent of Total Revenue	Year Ended June 30, 2020 Amount	Amount of Change	Percent Change
Operating Revenues					
Student Tuition and Fees	\$ 2,282,723	8.36%	\$ 1,986,786	\$ 295,937	14.90%
Federal Grants and Contracts	592,854	2.17%	900,234	(307,380)	(34.14%)
State Grants and Contracts	869,920	3.19%	935,764	(65,844)	(7.04%)
Sales and Services of Educational Activities	787,843	2.89%	694,737	93,106	13.40%
Auxiliary Enterprises	979,414	3.59%	810,842	168,572	20.79%
Total Operating Revenues	5,512,754	20.20%	5,328,363	184,391	3.46%
Nonoperating Revenues					
State Appropriations	17,424,375	63.85%	17,917,447	(493,072)	(2.75%)
Federal Grants and Contracts	1,677,376	6.15%	1,217,462	459,914	37.78%
State Grants and Contracts	505,330	1.85%	35,814	469,516	1310.98%
Gifts	383,879	1.41%	325,120	58,759	18.07%
Other	-	.00%	275,325	(275,325)	100.00%
Investment Income	47,656	.17%	161,235	(113,579)	(70.44%)
Loss on Sale of Capital Assets	(199,236)	(.73%)	-	(199,236)	(100.00%)
Total Nonoperating Revenues	19,839,380	72.70%	19,932,403	(93,023)	(.47%)
Other Revenues					
Capital Appropriations	1,939,109	7.10%	1,373,774	565,335	41.15%
Total Other Revenues	1,939,109	7.10%	1,373,774	565,335	41.15%
Total Revenues	\$ 27,291,243	100.00%	\$ 26,634,540	\$ 656,703	2.47%

The revenue comparison between fiscal year 2021 and fiscal year 2020 shows an increase in total revenue of \$656,703, the vast majority of which is attributable to an increase in federal and state grants and contracts due to the various CARES funding awarded and an increase in capital projects on the campus substantially completed by the State of Utah's Division of Facilities Construction and Management (DFCM) during the year.

Operating revenues increased by \$184,391 from last year. Tuition and Fee revenue increased by \$295,937 due to an increase of 104,200 membership hours. Federal Grants and Contracts decreased by \$307,380 due to not receiving Perkins funding in current fiscal year and closing of one Youthbuild award. State Grants and Contracts decreased by \$65,844 due to the Millcreek contract ending and a decrease in needs of the custom fit appropriation funds. Sales and Services of Educational Activities increased by \$93,106 due to an increase in private training through Custom Fit. Finally, the Auxiliary Enterprises revenue increased by \$168,572 due to increased sales in the bookstore, cosmetology salon, and culinary arts grill.

Nonoperating revenues decreased by \$93,023. State appropriations decreased by \$493,072. Federal Grants and Contracts increased by \$459,914, due to CARES grant funding. State grant and contracts increased by \$469,516 due to receiving CARES funding from UEN, Weber County, and USHE for COVID testing. Gift revenue increased by \$58,759. The other revenue had a decrease

OGDEN-WEBER TECHNICAL COLLEGE

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED JUNE 30, 2021 (Unaudited)

of \$275,325 due to the Flooding expenses from Risk Management being settled in prior year. Other revenue doesn't carry regular balances. Investment income decreased by \$113,579 due to lower interest rates. There was a loss on sale of Capital Assets of \$199,236 due to disposals of old and obsolete assets that had a remaining salvage value.

The increase in other revenues is attributable to DFCM capital improvement projects. Capital appropriations funding increased by \$565,335 due to DFCM transfers of substantially completed projects to the College.

Expenses. The following schedule presents a summary of the College expenses for the fiscal years ended June 30, 2021, and 2020:

	<u>Year Ended June 30, 2021 Amount</u>	<u>Percent of Total Expense</u>	<u>Year Ended June 30, 2020 Amount</u>	<u>Amount of Change</u>	<u>Percent Change</u>
Operating Expenses					
Cost of Goods Sold	\$ 922,403	3.83%	\$ 867,410	\$ 54,993	6.34%
Salaries and Wages	9,960,928	41.40%	10,791,554	(830,626)	(7.70%)
Employee Benefits	3,384,087	14.07%	3,746,622	(362,535)	(9.68%)
Actuarial Calculated Pension Expense	56,397	.23%	710,227	(653,830)	(92.06%)
General	5,493,761	22.83%	4,888,269	605,492	12.39%
Financial Aid	940,716	3.91%	975,069	(34,353)	(3.52%)
Non-capitalized Equipment Purchases	686,857	2.86%	629,751	57,106	9.07%
Travel	7,037	.03%	57,842	(50,805)	(87.83%)
Depreciation	2,608,509	10.84%	2,110,742	497,767	23.58%
Total Operating Expenses	<u>\$ 24,060,695</u>	<u>100.00%</u>	<u>\$ 24,777,486</u>	<u>\$ (716,791)</u>	<u>(2.89%)</u>

Total operating expenses for the year decreased by \$716,791 from the prior year. Salaries and wages decreased by \$830,626 due in large part to a high number of early retirements with incentive in the prior year that made the number higher, the same incentive wasn't offered in the current year. Employee benefits expense decreased by \$362,535 for the same early retirement incentive as salaries and wages; the incentive drew a higher number of retirements in prior year vs. current year. The actuarial calculated pension expense is derived from information provided by the Utah Retirement System and decreased by \$653,830. General expense increased by \$605,492 due in large part to the additional purchases in the CARES funding to cover costs for PP&E and the costs to transition to distance learning and accommodate COVID restraints. Depreciation expense increased by \$497,767 and non-capitalized equipment purchases increased by \$57,106. Additional decreases were for Financial Aid for \$34,353 and travel for \$50,805. Travel was not needed as much in the year due to more conferences and meeting be held remotely instead of in person.

OGDEN-WEBER TECHNICAL COLLEGE

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED JUNE 30, 2021 (Unaudited)

Economic Outlook

Traditionally, companies looking to expand often are unable to find enough employees with the appropriate skills needed for employment. To meet this demand the College is focusing on increasing access for secondary students and working to provide training to underemployed adults. Stackable credentials and pathways streamline the time to completion for both secondary and adult students. Evening programs and apprenticeship opportunities help meet the needs of working adults. When an individual completes a certificate, they find it much easier to obtain related employment and in the long term will better withstand changes in the labor market.

Requests for Information

This financial report is designed to provide a general overview of the College's finances and to show the College's accountability for the money it receives. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Fiscal Services Office, Ogden-Weber Technical College, 200 North Washington Blvd., Ogden, Utah 84404.

The College's Foundation is reported discretely in the financial statements under the heading "Foundation." A copy of the Foundation's independent audit report may be obtained from the same location listed above.

OGDEN-WEBER TECHNICAL COLLEGE

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2021

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accompanying financial statements of Ogden-Weber Technical College (College) have been prepared in conformity with generally accepted accounting principles (GAAP) as prescribed by the Governmental Accounting Standards Board (GASB).

Preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

Reporting Entity

The College is an independent college within the Utah System of Higher Education. It is included as a component unit of the State of Utah and is included in the State's *Comprehensive Annual Financial Report*. The College is considered a component unit because it was established under Utah statute, receives appropriations from the State, and is financially accountable to the State.

Funding for the College is received primarily from direct appropriations from the Utah State Legislature, as well as tuition and fees, and grants and contracts with federal, state, and local agencies.

The College's financial statements encompass all of its operations, including auxiliary enterprises, restricted and unrestricted funds, and Ogden-Weber Technical College Foundation (Foundation). The Foundation is a discrete component unit reported in a separate column labeled "Foundation" to emphasize that it is legally separate from the College. The Foundation's economic resources are used for the direct benefit of the College and the close financial relationship between the College and Foundation is such that excluding the Foundation would cause the College's financial statements to be misleading or incomplete.

The Foundation has a year ending December 31 and issues separate financial statements which are audited by independent auditors. These statements follow the Financial Accounting Standards Board (FASB) guidelines. As such, certain revenue recognition criteria and presentation features are different from GASB revenue recognition criteria and presentation features. No modifications have been made to the component unit's financial information included in the College's financial report. A copy of the Foundation's independent audit report may be obtained from the College. See Note 12 for further information about the Foundation.

OGDEN-WEBER TECHNICAL COLLEGE

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2021

Measurement Focus and Basis of Accounting

The financial statements of the College are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The College distinguishes operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services in connection with the College's principal mission of instruction. Operating expenses include the cost of services, administrative expenses, and depreciation of capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the College's policy to use restricted resources first, then unrestricted resources as they are needed.

Deposits and Investments

The College's cash and cash equivalents are considered to be cash on hand, demand deposits, short-term investments with original maturities of three months or less from the date of acquisition, and amounts invested with the Utah Public Treasurers' Investment Fund.

Cash and investment management at the College is administered in accordance with the State of Utah Money Management Act (*Utah Code*, Title 51, Chapter 7).

Investments for the College are reported at fair value in accordance with GASB No. 72, *Fair Value Measurement and Application*. Accordingly, the change in fair value of investments is recognized as an increase or decrease to investment assets and investment income. The College distributes earnings from pooled investments based on the average daily investment of each participating account; or for endowments, distributes according to the College's spending policy.

Inventories

Inventories are carried at the lower of cost or market on either the first-in, first-out ("FIFO") basis or on the average cost basis.

Capital Assets

OGDEN-WEBER TECHNICAL COLLEGE

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2021

Capital assets include property, buildings, improvements, and equipment. Capital assets are defined by the College as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost. Donated capital assets are recorded at acquisition value at the date of donation.

The costs of normal maintenance and repairs that do not add to the capacity of the asset or materially extend assets lives are not capitalized. All land is capitalized and not depreciated.

Capital assets are being depreciated over their estimated useful lives using the straight-line method of depreciation. The estimated useful life of an asset is determined at acquisition based on guidelines of the Utah System of Higher Education, GASB Statement No. 34, and the professional judgment of the applicable department head.

Property, plant, and equipment are depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings	25-40
Improvements	5-40
Equipment and Vehicles	3-15

Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Utah Retirement Systems (Systems) Pension Plan and additions to/deductions from the Systems' fiduciary net position are now determined on the same basis as they are reported by the Systems. For this purpose, benefit payments (including refunds of employee contributions) are now recognized when due and payable in accordance with the benefits terms. Investments are reported at fair value.

Deferred Outflows/Inflows of Resources

In addition to assets, financial statements will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and will not be recognized as an outflow of resources (expense/expenditure) until then. In addition to liabilities, the financial statements will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and will not be recognized as an inflow of resources (revenue) until that time.

OGDEN-WEBER TECHNICAL COLLEGE

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2021

GASB 84

GASB 84 was implemented and tested for FY21 and it was determined that there were no material impact on the financial statements.

NOTE 2. DEPOSITS AND INVESTMENTS

The State of Utah Money Management Council has the responsibility to advise the Utah State Treasurer about investment policies, promote measures and rules that will assist in strengthening the banking and credit structure of the State, and review the rules adopted under the authority of the Utah Money Management Act (*Utah Code*, Title 51, Chapter 7) (the Act) that relate to the deposit and investment of public funds.

The College follows the requirements of the Act in handling its depository and investment transactions. The Act requires the depositing of the College's funds in a qualified depository. The Act defines a qualified depository as any financial institution whose deposits are insured by an agency of the Federal Government and which has been certified by the State Commissioner of Financial Institutions as meeting the requirements of the Act and adhering to the rules of the Money Management Council.

The Foundation is required by its bylaws to deposit funds in depositories approved by the Foundation's Board of Trustees. The Foundation can invest in any investment type deemed prudent and approved by the Board.

Deposits

Custodial Credit Risk

Custodial credit risk is the risk that, in the event of a bank failure, the College's deposits may not be returned to it. The College and Foundation do not have a formal deposit policy for custodial credit risk. As of June 30, 2021, \$741,547 of the College's bank balance of \$991,547 was uninsured and uncollateralized. As of December 31, 2020, \$3,322 of the Foundation's bank balance of \$253,322 was uninsured by the FDIC.

Investments

The Act defines the types of securities authorized as appropriate investments for the College's funds and the conditions for making investment transactions. Investment transactions may be conducted only through qualified depositories, certified dealers, or directly with issuers of the investment securities.

OGDEN-WEBER TECHNICAL COLLEGE

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2021

Statutes authorize the College to invest in negotiable or nonnegotiable deposits of qualified depositories and permitted negotiable depositories; repurchase and reverse repurchase agreements; commercial paper that is classified as “first tier” by two nationally recognized statistical rating organizations; bankers’ acceptances; obligations of the United States Treasury including bills, notes, and bonds; obligations, other than mortgage derivative products, issued by U.S. Government-sponsored enterprises (U.S. Agencies) such as the Federal Home Loan Bank System, Federal Home Loan Mortgage Corporation (Freddie Mac), and Federal National Mortgage Association (Fannie Mae); bonds, notes, and other evidence of indebtedness of political subdivisions of the State; fixed rate corporate obligations and variable rate securities rated “A” or higher, or the equivalent of “A” or higher, by two nationally recognized statistical rating organizations; shares or certificates in a money market mutual fund as defined in the Act; reciprocal deposits and negotiable brokered certificates of deposit in accordance with the Act; and the Utah Public Treasurers’ Investment Fund (PTIF).

The Utah State Treasurer’s Office operates the PTIF. The PTIF is available for investment of funds administered by any Utah public treasurer and is not registered with the Securities and Exchange Commission (SEC) as an investment company. The PTIF is authorized and regulated by the Act. The Act established the Money Management Council which oversees the activities of the Utah State Treasurer and the PTIF and details the types of authorized investments. Deposits in the PTIF are not insured or otherwise guaranteed by the State of Utah, and participants share proportionally in any realized gains or losses on investments.

The College measures and records its investments using fair value measurement guidelines established by generally accepted accounting principles. These guidelines recognize a three-tiered fair value hierarchy, as follows:

- Level 1: Quoted prices for identical investments in active markets;
- Level 2: Observable inputs other than quoted market prices; and,
- Level 3: Unobservable inputs.

At June 30, 2021, the College had \$7,450,789 held in the PTIF. The College’s investment in the PTIF was valued using Level 2 measurements by applying the June 30, 2021 fair value factor, as calculated by the Utah State Treasurer, to its June 30 balance in the fund.

OGDEN-WEBER TECHNICAL COLLEGE

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2021

At December 31, 2020, the Foundation had the following investments, all of which were valued using Level 1 measurements:

Investment Type	Fair Value
Money Market	\$ 149,327
Mutual Funds	624,507
Fixed Income	320,159
Equities	1,655,140
<i>Total Investments</i>	\$ 2,749,133

Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The College's policy for managing its exposure to fair value loss arising from increasing interest rates is to comply with the Act. Section 51-7-11 of the Act requires that the remaining term to maturity of investments may not exceed the period of availability of the funds to be invested. The Act further limits the remaining term to maturity on all investments in commercial paper, bankers' acceptances, fixed rate negotiable deposits, and fixed rate corporate obligations to 270 days – 15 months or less. The Act further limits the remaining term to maturity on all investments in obligations of the United States Treasury; obligations issued by U.S. Government-sponsored enterprises; and bonds, notes, and other evidence of indebtedness of political subdivisions of the State to 10 years for institutions of higher education. In addition, variable rate negotiable deposits and variable rate securities may not have a remaining term to final maturity exceeding 3 years. The Foundation does not have a formal policy for interest rate risk. At June 30, 2021, the College's investment's average maturity was:

Investment Type	Fair Value	Investment Maturities (in years) Less than 1 year
<i>Debt Securities – PTIF</i>	\$ 7,450,789	\$ 7,450,789

At December 31, 2020, the Foundation's investments had the following average maturities:

Investment Type	Fair Value	Investment Maturities (in years) Less than 1 year
<i>Debt Securities – Money Market</i>	\$ 149,327	\$ 149,327

OGDEN-WEBER TECHNICAL COLLEGE

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2021

Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The College's policy for reducing its exposure to credit risk is to comply with the Act, as previously discussed. The Foundation does not have a formal policy for credit risk. The College and Foundation's related debt investments at June 30, 2021 and December 31, 2020, respectively, were all unrated.

NOTE 3. ACCOUNTS RECEIVABLE AND PAYABLE

Accounts receivable at June 30, 2021, consisted of tuition, fees, grants and other receivables. Tuition and fee receivables consist mainly of unpaid student tuition/fee charges. Grant and contract receivables consist of monies owed from federal, state, and other grants. Accounts receivable are reported net of estimated uncollectible amounts of \$20,025. See chart below for a breakout of receivables:

Accounts Receivable Breakout:

Outside vendor uninvoiced balance	\$ 7,680
Grant Receivables	575,120
Other Receivables - Tuition, Auxiliary, Misc	<u>205,821</u>
Total Accounts Receivable	<u>\$ 788,621</u>

Accounts payable at June 30, 2021, were primarily made up of payments to vendors and included a total related party amount of \$15,066.

NOTE 4. CAPITAL ASSETS

Additions to capital assets include those paid for by the College; as well as those paid by the Utah State Division of Facilities Construction and Management (DFCM) that were transferred to the College. Land, with a building included, was purchased from DFCM in the amount of \$250,000. This has been recognized on the financials as a land purchase with no depreciation. Capital asset activity for the fiscal year ended June 30, 2021, was as follows:

OGDEN-WEBER TECHNICAL COLLEGE

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2021

	Beginning Balance	Additions	Deletions	Ending Balance
Land	\$ 203,128	\$ 250,000	\$ -	\$ 453,128
Buildings and Improvements	43,999,279	-	210,245	43,789,034

Site Improvements	14,693,999	2,686,312	649,598	16,730,713
Equipment	12,131,756	590,158	255,563	12,466,351
Total	71,149,126	3,526,470	1,115,406	73,560,190
Less Accumulated Depreciation:				
Buildings and Improvements and Equipment	(31,719,906)	(2,608,509)	(916,170)	(33,412,244)
Net Capital Assets	\$ 39,429,220	\$ 917,961	\$ 199,236	\$ 40,147,945

NOTE 5. CAPITAL LEASE OBLIGATIONS

The College did not have any capital leases as of June 30, 2021.

NOTE 6. LONG-TERM LIABILITIES

The following is a summary of the changes to the College's long-term liabilities during the fiscal year ended June 30, 2021.

	Beginning Balance	Additions	Reductions	Ending Balance	Due Within One Year
Accrued Compensated Absences	\$ 508,822	\$ 89,846	\$ 45,650	\$ 553,018	\$ 182,496
Accrued Sick Leave	88,790	47,476	72,758	63,509	20,958
Net Pension Liability	2,351,186	85,617	1,195,720	1,241,083	-
Total Long-term Liabilities	\$ 2,948,798	\$ 222,939	\$ 1,314,128	\$ 1,857,610	\$ 203,454

NOTE 7. OPERATING LEASES

The College did not have any operating leases as of June 30, 2021.

NOTE 8. RETIREMENT PLANS

As required by State law, eligible nonexempt employees (as defined by the U.S. Fair Labor Standards Act) of the College are covered by either the Utah State and School Contributory or Noncontributory Retirement Systems (Systems) and eligible exempt employees (as

OGDEN-WEBER TECHNICAL COLLEGE

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2021

defined by the U.S. Fair Labor Standards Act) are covered by the Teachers Insurance and Annuity Association–College Retirement Equities Fund (TIAA).

Defined Benefit Plans

The Systems are comprised of the following pension trust funds, which are multiple-employer, cost-sharing public employee retirement systems:

- Public Employees Noncontributory Retirement System (Noncontributory System);
- Public Employees Contributory Retirement System (Contributory System);
- Tier 2 Public Employees Contributory Retirement System (Tier 2 Public Employees System).

The Tier 2 Public Employees System became effective July 1, 2011. All eligible employees beginning on or after July 1, 2011, who have no previous service credit with any of the Systems, are members of the Tier 2 Public Employees System.

The Systems are established and governed by the respective sections of Title 49 of the *Utah Code*. The Systems' defined benefit plans are amended statutorily by the State Legislature. The Utah State Retirement Office Act, in Title 49, provides for the administration of the Systems under the direction of the Board, whose members are appointed by the Governor. The Systems are fiduciary funds defined as pension (and other employee benefit) trust funds. The Systems are a component unit of the State of Utah. Title 49 of the *Utah Code* grants the authority to establish and amend the benefit terms.

The Systems issue a publicly available financial report that can be obtained by writing to the Utah Retirement Systems, 560 E. 200 S, Salt Lake City, Utah 84102 or visiting the website: www.urs.org.

The Systems provide retirement, disability, and death benefits. Retirement benefits are as follows:

OGDEN-WEBER TECHNICAL COLLEGE

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2021

System	Final Average Salary	Years of Service Required and/or Age Eligible for Benefit	Benefit Percent per Year of Service	COLA**
Noncontributory System	Highest 3 years	30 years any age 25 years any age* 20 years age 60* 10 years age 62* 4 years age 65	2% per year all years	Up to 4%
Tier 2 Public Employees System	Highest 5 years	35 years any age 20 years age 60* 10 years age 62* 4 years age 65	1.5% per year all years	Up to 2.5%

* Actuarial reductions are applied

**All post-retirement cost-of-living adjustments are non-compounding and are based on the original benefit except for Judges, which is a compounding benefit. The cost-of-living adjustments are also limited to the actual Consumer Price Index (CPI) increase for the year, although unused CPI increases not met may be carried forward to subsequent years.

As a condition of participation in the Systems, employers and/or employees are required to contribute certain percentages of salary and wages as authorized by statute and specified by the Systems' Board. Contributions are actuarially determined as an amount that, when combined with employee contributions (where applicable), is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded actuarial accrued liability. Contribution rates are as follows:

	Paid by College for Employee	College Contribution Rates
Noncontributory System		
State and School Division Tier 1	N/A	22.19
Contributory System		
State and School Division Tier 1	6.00	17.70
State and School Division Tier 2	N/A	19.13
Tier 2 DC Only		
State and School	N/A	10.02

For fiscal year ended June 30, 2021, the employer and employee contributions to the Systems were as follows:

	College Contributions	Employee Contributions
Noncontributory System	\$ 513,390	N/A
Tier 2 Public Employees System	70,302	-
Tier 2 DC Only System	8,736	N/A
Total Contributions	\$ 592,428	\$ -

Contributions reported are the URS Board-approved required contributions by System. Contributions in the Tier 2 Systems are used to finance the unfunded liabilities in the Tier 1 Systems.

OGDEN-WEBER TECHNICAL COLLEGE

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2021

At June 30, 2021, the College reported a net pension asset of \$0 and a net pension liability of \$1,241,083.

	Net Pension Asset	Net Pension Liability	Proportionate Share Dec. 31, 2020	Proportionate Share Dec. 31, 2019	% Change
Noncontributory System	\$ -	\$ 1,237,766	0.0928472%	0.1056136%	-0.0127664%
Contributory System	-	-	0.0000000%	0.0000000%	0.0000000%
Tier 2 Public Employees System	-	3,317	0.0230617%	0.0211963%	0.0018654%
Total Net Pension Asset / Liability	<u>\$ -</u>	<u>\$ 1,241,083</u>			

The net pension asset and liability were measured as of December 31, 2020. The total pension liability used to calculate the net pension asset and liability was determined by an actuarial valuation as of January 1, 2020; and rolled forward using generally accepted actuarial procedures. The proportion of the net pension asset and liability is equal to the ratio of the employer's actual contributions to the Systems during the plan year over the total of all employer contributions to the System during the plan year.

For the year ended June 30, 2021, the College recognized a pension expense of \$56,397. At June 30, 2021, the College's portion of the reported deferred outflows of resources and deferred inflows of resources related to pensions were from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 138,801	\$ 1,519
Changes in assumptions	120,950	121
Net difference between projected and actual earnings on pension plan investments	-	1,255,595
Changes in proportion and differences between contributions and proportionate share of contributions	5,320	348,197
Contributions subsequent to the measurement date	297,996	-
Total	<u>\$ 563,067</u>	<u>\$ 1,605,432</u>

Of the amount reported as deferred outflows of resources related to pensions, \$297,996 resulted from contributions made by the College prior to their fiscal year end, but subsequent to the measurement date of December 31, 2020.

These contributions will be recognized as a reduction of the net pension liability in the upcoming fiscal year. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized as pension expense as follows:

OGDEN-WEBER TECHNICAL COLLEGE

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2021

<u>Year Ending December 31,</u>	<u>Deferred Outflows (Inflows) of Resources</u>
2021	\$ (456,512)
2022	\$ (228,423)
2023	\$ (454,869)
2024	\$ (207,324)
2025	\$ 1,132
Thereafter	\$ 5,637

The total pension liability in the December 31, 2020, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.50 percent
Salary Increases	3.25 - 9.75 percent, average, including inflation
Investment Rate of Return	6.95 percent, net of pension plan investment expense, including inflation

Mortality rates were adopted from an actuarial experience study dated January 1, 2020. The retired mortality tables are developed using URS retiree experience and are based upon gender, occupation, and age as appropriate with projected improvement using 80% of the ultimate rates from the MP-2019 improvement assumption using a base year of 2020. The mortality assumption for active members is the PUB-2010 Employees Mortality Table for public employees, teachers, and public safety members, respectively.

The actuarial assumptions used in the January 1, 2020, valuation were based on the results of an actuarial experience study for the five-year period ending December 31, 2019.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

OGDEN-WEBER TECHNICAL COLLEGE

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2021

	Expected Return Arithmetic Basis		
Asset Class	Target Asset Allocation	Real Return Arithmetic Basis	Long-Term Expected Portfolio Real Rate of Return
Equity Securities	37%	6.30%	2.33%
Debt Securities	20%	0.00%	0.00%
Real Assets	15%	6.19%	0.93%
Private Equity	12%	9.50%	1.14%
Absolute Return	16%	2.75%	0.44%
Cash & Cash Equivalents	0%	0.00%	0.00%
Totals	100%		4.84%
	<u>Inflation</u>		2.50%
	Expected Arithmetic Nominal Return		7.34%

The 6.95% assumed investment rate of return is comprised of an inflation rate of 2.50%, a real return of 4.45% that is net of investment expense.

The discount rate used to measure the total pension liability was 6.95 percent. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that contributions from all participating employers will be made at contractually required rates that are actuarially determined and certified by the Systems' Board. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments, to determine the total pension liability.

The following presents the proportionate share of the net pension (asset)/liability calculated using the discount rate of 6.95 percent, as well as what the proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (5.95 percent) or 1 percentage point higher (7.95 percent) than the current rate:

Proportionate Share of Net Pension (Asset) / Liability

	1% Decrease or (5.95%)	Discount Rate of (6.95%)	1% Increase or (7.95%)

OGDEN-WEBER TECHNICAL COLLEGE

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2021

Detailed information about the pension plan's fiduciary net position is available in the Systems' separately issued financial report.

Changes in Assumptions:

There were a number of demographic assumptions (e.g. rates of termination, disability retirement, as well as an updated mortality and salary increase assumption) updated for use in the January 1, 2020 actuarial valuation. These assumption updates were adopted by the Utah State Retirement Board as a result of an Actuarial Experience Study performed for the Utah Retirement Systems. In aggregate, those assumption changes resulted in a \$201 million increase in the Total Pension Liability, which is about 0.50% of the Total Pension Liability as of December 31, 2019 for all systems combined. The Actuarial Experience Study report as of December 31, 2019 provides detailed information regarding those assumption changes which may be accessed online at newsroom.urs.org under the "Retirement Office" column using the "Reports and Stats" tab.

Defined Contribution Plans

The College offers employees the choice between the Systems and Teachers Insurance and Annuity Association (TIAA) for individual retirement funds.

Employees who participate in the State and School Noncontributory and Tier 2 pension plans also participate in qualified contributory 401(k) and 457 savings plans administered by the Systems. The College contributes 1.5% and 1.15%, respectively, of participating employees' annual salaries to a 401(k) plan administered by the Systems. For employees participating in the Tier 2 Public Employees defined contribution plan, the College is required to contribute 20.02% of the employee's salary, of which 10% is paid into the 401(k) or 457 plan while the remainder is contributed to the Tier 1 Public Employees System, as required by law. In September 2011, the Utah System of Technical Colleges (USTC) voted to discontinue participation in Social Security Administration. As a result, beginning October 2011, the College began contributing an additional 6.2% of State Retirement-eligible employees' salaries into their respective 401(k) accounts. Employees may also elect to participate in an IRS 457 deferred compensation plan offered through the Systems.

During the year ended June 30, 2021, the College's contributions totaled \$592,205, which was included in the pension expense, and the participating employees' voluntary contributions totaled \$425,074 to their 401(k) plans and \$46,640 to their 457 plans and \$17,391 to their IRA/Roth, respectively. Detailed information regarding plan provisions is available in the separately issued Utah Retirement Systems financial report.

OGDEN-WEBER TECHNICAL COLLEGE

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2021

TIAA also provides individual retirement fund contracts with each participating employee. Benefits provided to retired employees are generally based on the value of the individual contracts and the estimated life expectancy of the employee at retirement, and are fully vested from the date of employment.

Employees are eligible to participate in TIAA from the date of employment and are not required to contribute to the fund. For the year ended June 30, 2021, the College was required to contribute 14.2% of the employees' annual covered salary to this defined contribution plan. The College's contributions for the year ended June 30, 2021, were \$596,969. The College has no further liability once annual contributions are made.

NOTE 9. ACCRUED TERMINATION BENEFITS

In addition to the pension benefits described in Note 8, the College may provide a one-time payment option, as approved by the College's Board of Directors and administration. This benefit would only be for qualified employees with at least 30 years of service who are 55 years of age and qualify to retire under the Systems or TIAA. The employee must retire prior to their eligibility for unreduced social security benefits. The benefit includes a stipend of 30% of the retiree's final salary. These benefits are funded by the College's general account. The College paid out termination benefits of \$123,501 for fiscal year 2021.

NOTE 10. COMPENSATED ABSENCES

The College accrues and reports annual vacation leave in the year earned. Full-time, benefits-eligible employees earn vacation leave for each pay period worked at a rate between 15 and 22 days per year. There is a maximum accumulation of 240 hours adjusted each year at January 1st. All accumulated hours above the 240 maximum are lost if not used prior to that time. Upon termination, the cash value of accumulated unused annual leave calculated by multiplying the employee's current hourly rate by the number of accrued hours of annual leave will be paid directly to the employee, subject to the IRS rules and regulations as taxable compensation.

NOTE 11. SICK LEAVE

Employees of the College earn sick leave at a rate of twelve days per year with a limit of 960 working hours (6 months) that can accrue. In the event of termination or retirement, no payment shall be made for unused sick leave, unless the employee meets specific retirement criteria. Sick leave is expended when used. If approved under the retirement

OGDEN-WEBER TECHNICAL COLLEGE

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2021

criteria, the College will pay eligible employees up to a maximum of 75% of the employee's accumulated sick leave based on years of full-time service with the College. Eligibility requirements for payout of sick leave include the following:

- Be at least 55 years of age or older and have 30 years of service with the College.
- Be at least 60 years of age or older and have 10 years of service with the College.
- An employee must retire as a salaried employee of the College.
- To be deemed to have retired, an employee at the time of termination of service must be eligible for benefits as a retiree under the Systems or TIAA.
- Unused sick leave shall be paid to qualifying retirees in a lump sum within 30 days following such qualifying employees' last day of work.

NOTE 12. FOUNDATION

The Foundation was granted a Certificate of Incorporation on March 24, 1983 under laws of the State of Utah and is recognized as a "Section 501(c)3" Corporation by the Internal Revenue Service. The Foundation exists to further the charitable and educational purposes of the College.

As required by GASB Statement No. 31, equity securities held by the Foundation are included in this report at fair value and approximate published market quotations as of December 31, 2020.

During the fiscal year ended June 30, 2021, the Foundation transferred \$296,742 to the College to enhance scholarships, awards, and other essential College programs and \$36,886 in in-kind gifts. In addition, the Foundation transferred \$50,250 for supplies in various College programs.

NOTE 13. FOUNDATION ENDOWMENT

The Foundation's endowment consists of individual funds established primarily for scholarships. Its endowment includes both donor-restricted endowment funds and funds designated by the Board to function as endowments. As required by generally accepted accounting principles, net assets associated with endowment funds, including funds designated by the Board to function as endowments, are classified and reported based on existence of or absence of donor-imposed restrictions.

The State of Utah has adopted laws based on the Uniform Prudent Management of Institutional Funds Act (UPMIFA) requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. The Foundation classifies as permanently restricted net

OGDEN-WEBER TECHNICAL COLLEGE

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2021

assets a) the original value of the gifts donated to the permanent endowment, b) the original value of subsequent gifts to the permanent endowment, and c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. There were no donor-imposed restrictions requiring the preservation of the original market value of the original gifts.

In accordance with the State adoption of the UPMIFA, the Foundation considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- 1) The duration and preservation of the fund.
- 2) The purposes of the Foundation and the donor-restricted endowment fund.
- 3) General economic conditions.
- 4) The possible effect of inflation and deflation.
- 5) The expected total return from income and the appreciation or depreciation of investments.
- 6) Other resources of the Foundation.
- 7) The investment policies of the Foundation.

The Foundation has reflected the allocated decrease in the market value of the assets in the endowments accordingly.

NOTE 14. RISK MANAGEMENT

The College maintains insurance coverage for commercial general liability, automobile, errors and omissions, and property (buildings and equipment) through policies administered by the Utah State Risk Management Fund. Employees of the College and authorized volunteers are covered by workers' compensation and employees' liability through the Workers Compensation Fund of Utah.

NOTE 15. CONTINGENT LIABILITIES

The College participates in certain federal grant programs that are subject to financial and compliance audits by the grantor or its representative. Such audits could lead to the grantor agency requesting reimbursement for any disallowed expenditures under the grant terms. Management believes such program review disallowances, if any, will not be material.
