Introduction

The Utah System of Technical Colleges (UTech) Data Dictionary outlines core reports and data elements essential to accurate reporting to legislative and other external stakeholders. The Data Dictionary is considered systemwide policy and is approved annually by the UTech Board of Trustees.

File Descriptions

- **Data Submission:** The UTech Data Submission is designed to assist technical colleges in meeting reporting requirements for most external stakeholders (e.g., the Council on Occupational Education [COE], the Integrated Postsecondary Educational Data System [IPEDS], the Utah State Legislature, etc.). This file is designed to be wholly self-contained, meaning that college staff should not need to view prior or later years' data, nor to keep paper or manual electronic files to successfully fulfill reporting requirements. The UTech Data Submission contains demographic, enrollment, and course records for all students enrolled during a temporal snapshot (usually the fiscal year or a quarter thereof).
- **Completers File:** The UTech Completers File lists all certificates issued during a temporal snapshot. Though the Data Submission file should be sufficient to fulfill external reporting requirements, the Completers File provides additional information on technical college graduates and their awards received.
- **Perkins Student Submission:** The Perkins Student Submission lists all students enrolled during a temporal snapshot and is submitted in fulfillment of requirements consequent to the federal grant established under the Carl D. Perkins Career and Technical Education Act of 2006. These data are submitted to the Office of the Commissioner of Technical Education annually, then forwarded to the Utah State Board of Education (USBE) by October 31st of each year for evaluation of Perkins Grant performance indicators (e.g., 1P1 – Retention and Placement).
- **Perkins Industry Exams:** Also forwarded to USBE with the Perkins Student Submission is a data file containing industry certification exams taken and recorded in technical college information systems during a temporal snapshot. This information is used to supplement a data match with the Division of Occupational and Professional Licensing, used in the calculation of the Perkins 2P1 – Earned Recognized Postsecondary Credential indicator.
- **Perkins Placement Information:** Also forwarded to USBE with the Perkins Student Submission is a data file containing employment information relative to students enrolled during a temporal snapshot. This information is used to supplement a data match with the Department of Workforce Services (DWS), used in the calculation of the Perkins 1P1 – Retention and Placement indicator.
- **Custom Fit Reports #1 and #2:** Lastly, Custom Fit reports #1 and #2 respectively contain information on companies contracting with technical colleges for employee training during a temporal snapshot through the Custom Fit program, and the individuals receiving said training.

Any or all data submissions described above may be submitted to the Utah Data Research Center (UDRC), Utah's Statewide Longitudinal Data System established under Utah Code Title 35A,

Chapter 14. Data therein are matched against data collected from the Utah System of Higher Education, Utah State Board of Education, Utah Department of Workforce Services, Utah Department of Health, and other data providers as may be added in the future. Upon collection and matching of individual-level records, data in the UDRC are de-identified and made available to researchers seeking to inform public policy decisions.

FY 2020 Data Collection Schedule

Report	Temporal Snapshot	Collection Opens	Collection Closes
IPEDS Registration <ul style="list-style-type: none"> Registration Report Mapping Institutional ID IC Header 	(varies; see IPEDS survey instructions)	August 7, 2019	
Quarter 1 Data Submission <ul style="list-style-type: none"> Data Submission File Completers File Custom Fit Reports #1 & #2 	July 1 – September 30, 2019	October 1, 2019	October 15, 2019

FY 2020 Data Matching Schedule

Matching Agency	UTech Student Cohort	Temporal Snapshot	Match Initiated
DWS	All FY 2019 students	July 1, 2018 – June 30, 2019	August 30, 2019
USHE	All FY 2019 students	FY 2020 fall semester census date	October 31, 2019
DWS	<ul style="list-style-type: none">FY 2020 quarter 1 studentsAll FY 2019 students	<ul style="list-style-type: none">July 1, 2019 – September 30, 2019July 1, 2018 – September 30, 2019	November 15, 2019
DOPL	All FY 2019 students	July 1, 2018 – November 15, 2019	November 15, 2019
DWS	FY 2020 quarters 1-2 students	July 1, 2019 – December 31, 2019	February 17, 2020
DOPL	FY 2020 quarters 1-3 students	July 1, 2019 – April 20, 2020	April 20, 2020
DWS	FY 2020 quarters 1-3 students	July 1, 2019 – March 31, 2020	May 15, 2020
DWS	All FY 2020 students	July 1, 2019 – June 30, 2020	August 31, 2020

Secure File Transfer Protocol

All data submissions described above contain sensitive student data and, as such, must be submitted to the Office of the Commissioner of Technical Education via secure file transfer protocol (SFTP). To submit data via SFTP, please do the following:

1. Download an SFTP client that supports FTPES ([Filezilla](#) is recommended).
2. After opening the SFTP client, connect to host office.utech.edu.
 - a. When prompted, you may either specify port 21 or leave the field blank.
 - b. Select a server type requiring FTPES – FTP over explicit TLS/SSL.
 - c. Select a normal logon type.
 - d. Colleges' usernames are as follows: "ftp_[old college acronym]". Note that though the colleges have undergone subsequent name changes, server login names have remained unchanged for several years. Note also that whereas users previously needed to add the host name with a bar (|) before their usernames, this is no longer required.
 - e. Connect to the SFTP using your unique password.

The Office of the Commissioner shall require regular password updates of all SFTP users. Colleges may contact the Office of the Commissioner of Technical Education for help remembering usernames or resetting passwords.

Determining Full-time Equivalency

Full-time equivalency (FTE) will be determined by dividing a technical college's membership hours as defined in UTech Policy 201, Membership Hour Reporting, by 900. A college's FTE calculation will vary based on the reporting standards of each agency requiring it (e.g., IPEDS), as each agency may identify students/groups that are eligible for reporting exclusions.

"Underserved Student" Definition

For purposes of administering the Technical College Scholarship (see UTech Policy 208 or Utah Administrative Rule R945), performance-based funding, or any other initiative considering "underserved students", the same shall be defined as:

Any individual belonging to a racial/ethnic minority group; receiving Pell, Bureau of Indian Affairs, or WIOA/Department of Workforce Services sponsorship at a technical college; having a disability; being in or having aged out of the foster care system; or

having been classified as a single parent, displaced homemaker, out-of-workforce individual, homeless, economically disadvantaged, or of limited English proficiency under definitions governing the Strengthening Career and Technical Education for the 21st Century Act [Perkins V].

Data Elements

The following data elements are defined herein and are required within the specified submission files *in the order that they appear in the following table* unless specified in an external stakeholder's own data dictionaries (i.e., Perkins). Data definitions are consistent with reporting requirements issued by external agencies/administrators including IPEDS, COE, Perkins Grant, and WIOA with its associated Eligible Training Provider List. Note that column names may differ in the Perkins data submissions from what is shown below due to USBE requirements. Please consult the Perkins Data Dictionary as necessary.

UTAH SYSTEM OF TECHNICAL COLLEGES

Data Element Dictionary

UTech Data -- Version: 07/01/2019

Element: **U-04**

ELEMENT NAME: Student ID

FIELD NAME: U_ID

FIELD FORMAT: CHAR(10)

DEFINITION: Unique identifier which is generated by the UTech technical college for each enrolled student. An institutionally defined number is 10 digits in length. Student ID numbers should be unique collegewide and systemwide (i.e., students at two different technical colleges should not have the same student ID number; the same student attending two different technical colleges should have two separate ID numbers). This student ID will print on reports and is never the student's Social Security Number.

Field Value	Field Attributes and Examples	Effective Date
<Student Specific>	Institutionally given number	July 1, 2006

COMMENTS: Last modified May 17, 2018.

REFERENCE: Northstar Student Demographics Form

To return to the Table of Contents, please click [here](#).

UTAH SYSTEM OF TECHNICAL COLLEGES

Data Element Dictionary

UTech Data -- Version: 07/01/2019

Element: **U-05**

ELEMENT NAME: Student SSN

FIELD NAME: U_SSN

FIELD FORMAT: CHAR(9); no hyphens

DEFINITION: Unique Social Security Number (SSN) of an enrolled student.

Field Value	Field Attributes and Examples	Effective Date
<Student Specific>	Social Security Number (without hyphens)	July 1, 2006
<blank>	The student did not provide an SSN upon enrollment.	July 1, 2006

COMMENTS: Social Security Numbers shall be used to facilitate student tracking except in the rare case that a student does not have an SSN (i.e., international student), in which the institutionally defined identification number ([U-04](#)) will be used. The student's SSN is used for data matching between the technical college and the Utah State Board of Education (for Perkins Grant purposes), the Department of Workforce Services (for placement calculations), and the Utah System of Higher Education (for COE reporting purposes). SSNs shall also be used for reporting to the Internal Revenue Service for student financial aid (1098-T) purposes.

SSNs shall be valid and adhere to the following standards adopted by the Social Security Administration:

- SSNs shall not begin with “000”, “666”, or “900” through “999”.
- SSNs’ fourth and fifth digits shall not be “00”.
- SSNs shall not end with “0000”.

UTAH SYSTEM OF TECHNICAL COLLEGES

Data Element Dictionary

UTech Data -- Version: 07/01/2019

Element: **U-06**

ELEMENT NAME: Statewide Student Identification Number

FIELD NAME: U_SSID

FIELD FORMAT: VARCHAR(11)

DEFINITION: Utah State Board of Education (USBE) Statewide Student Identification Number (SSID), which is issued to each USBE public education student upon entry into Utah's public education system.

Field Value	Field Attributes and Examples	Effective Date
<Student Specific>	1094317 (example)	July 1, 2006
<blank>	If student was not a Utah student or SSID was unknown	July 1, 2006

COMMENTS: These numbers were first issued in 2006, so students with birthdates beginning in approximately 1987 would be the first "seniors" issued an SSID. This number is available from each high school and/or district. The original length of this identifier was seven digits long, though it will eventually grow to eleven digits. Data Element Dictionary

UTech Data -- Version: 07/01/2019

Element: **U-12**

ELEMENT NAME: Birth Date

FIELD NAME: U_BIRTH_DT

FIELD FORMAT: CHAR(8); "YYYYMMDD"

DEFINITION: The student's date of birth.

Field Value	Field Attributes and Examples	Effective Date
YYYY	Year of birth (i.e., a student born in 1978 will have 1978 listed)	July 1, 2006
MM	Calendar month of birth (i.e., 01 – January; 02 – February; etc.)	July 1, 2006
DD	Day of the month of student's birth (i.e., valid between 01 and 31)	July 1, 2006

COMMENTS: The student's age is part of the IPEDS Fall Enrollment and Completions surveys; age cannot be determined without a birthdate. Additionally, age is to be considered upon determination of a student's status as secondary or postsecondary in accordance with UTech Policy 205.5.1. Technical colleges shall not enter placeholder dates of birth into student information systems to bypass information system requirements. Last modified May 13, 2010.

UTAH SYSTEM OF TECHNICAL COLLEGES

Data Element Dictionary

UTech Data -- Version: 07/01/2019

Element: **U-14**

ELEMENT NAME: Residence Status, Ethnicity, and Race

FIELD NAME: U_RESIDENCE_N, U_ETHNIC_H, U_RACE_MULTI, U_RACE,
U_ETH_RACE_U

FIELD FORMAT: UPPER(CHAR(1)) for each column

DEFINITION: The residence, ethnic, and racial categories used to classify students.

U_RESIDENCE_N

Field Value	Field Attributes and Examples	Effective Date
N	<i>Non Resident Alien:</i> A person who is not a citizen or national of the United States and who is in this country on a visa or a temporary basis and does not have the right to remain indefinitely. No further ethnic or racial information is reported for students identified as non-resident aliens.	June 15, 1998
<blank>	The student is not a non-resident alien as defined above.	June 15, 1998

U_ETHNIC_H

Field Value	Field Attributes and Examples	Effective Date
H	<i>Hispanic or Latino:</i> A person of Cuban, Mexican, Puerto Rican, South or Central American, or other Spanish culture or origin, regardless of race. No further racial information is reported for students identified as Hispanic.	February 24, 1999
<blank>	The student does not identify as Hispanic or Latino as defined above.	February 24, 1999

U_RACE_MULTI

Field Value	Field Attributes and Examples	Effective Date
1	The student identifies as multiracial (i.e., belonging to more than one of the following racial groups [definitions are provided below]: Asian, Black or African American, American Indian or Alaskan Native, Native Hawaiian or Pacific Islander, and White).	February 24, 1999
0	The student does not identify as multiracial as defined above.	February 24, 1999

U_RACE

Field Value	Field Attributes and Examples	Effective Date
A	<i>Asian:</i> A person having origins in any of the original peoples of the Far East, Southeast Asian, or the Indian subcontinent including for example Cambodia, China, India, Japan, Korea, Malaysia, Pakistan, the Philippine Islands, Thailand, and Vietnam.	February 24, 1999
B	<i>Black or African American:</i> A person having origins in any of the Black racial groups of Africa.	February 24, 1999
I	<i>American Indian or Alaskan Native:</i> A person having origins in any of the original peoples of North America and South America (including Central America) and who maintains cultural identification through tribal affiliation or community attachment.	February 24, 1999
P	<i>Native Hawaiian or Pacific Islander:</i> A person having origins in any of the original peoples of Hawaii, Guam, Samoa, or other Pacific Islands.	February 24, 1999
W	<i>White:</i> A person having origins in any of the original peoples of Europe, the Middle East, or North Africa.	February 24, 1999

U_ETH_RACE_U

Field Value	Field Attributes and Examples	Effective Date
U	<i>Unknown:</i> The student's residence/ethnic/racial classification is unknown.	June 15, 1998
<blank>	The student's residence/ethnic/racial classification is known.	

COMMENTS: Student residency, ethnicity, and racial information is required for IPEDS and Perkins Grant reporting, as well as college and UTech reporting. Definitions are drawn from IPEDS, as are procedures for categorizing students. If a student identifies as a non-resident alien, no ethnic or racial information is reported. If a student is a legal resident of the United States and identifies as Hispanic, no further racial information is reported. Hence, U_RACE_MULTI will always have a value of zero for both non-resident and Hispanic students. While certain data reporting requirements (i.e. IPEDS, Perkins, etc.) require a multiracial indicator alone, all reports generated within Northstar shall include the specific races selected. Last modified June 8, 2016.

UTAH SYSTEM OF TECHNICAL COLLEGES

Data Element Dictionary

UTech Data -- Version: 07/01/2019

Element: **U-21**

ELEMENT NAME: Enrollment Objective

FIELD NAME: U_ENRL_OBJ

FIELD FORMAT: UPPER(CHAR(1))

DEFINITION: The student's objective behind enrolling at a technical college.

Field Value	Field Attributes and Examples	Effective Date
1	Certificate Seeker: The student is not a secondary student, is enrolled in an approved program, and has indicated intent to earn a program certificate (205.5.2.1).	July 1, 2013
2	Occupational Student: The student is employed and is seeking training with the intent to advance in (Career Advancement) or maintain (Continuing Occupational Education) one's current employment, differentiated by using the program category type (U-43). Those enrolled in courses that are part of COE-approved programs shall be classified as Career Advancement Students under UTech Policy 205.5.2.2, while those enrolled in stand-alone courses shall be classified as Continuing Occupational Education Students under 205.5.3.	July 1, 2017
3	Senior Citizen: The student is a senior citizen enrolled under audit waiver (204.7.1).	July 1, 2013
6	Basic Skills: The student is enrolled in basic instruction in areas such as reading, language arts, and mathematics that are necessary for student success in a chosen career and technical education or job-related program (200.6.4)	July 1, 2013
7	Personal Interest Student: The student is enrolled for personal interest reasons that are unrelated to a career.	July 1, 2012
J	Job Re-entry: The student is unemployed and is seeking short-term training to re-enter the workforce.	July 1, 2013
S	Secondary: The student meets the definition of "Secondary student" under R277-419 (205.5.1).	July 1, 2013

“Below the Line” Objectives (i.e., not included in annual legislative and other reporting)

Field Value	Field Attributes and Examples	Effective Date
8	Assessment: An individual enrolled solely for assessment services.	July 1, 2006

COMMENTS: Enrollment objectives are used to classify students for legislative and other stakeholder reporting. Last modified May 17, 2018.

UTAH SYSTEM OF TECHNICAL COLLEGES

Data Element Dictionary

UTech Data -- Version: 07/01/2019

Element: **U-24**

ELEMENT NAME: First Time Type

FIELD NAME: U_FIRST_TYPE

FIELD FORMAT: UPPER(CHAR(2))

DEFINITION: The student's entry status upon enrollment at a UTech college.

Field Value	Field Attributes and Examples	Effective Date
FH	First time student – undergraduate (within 12 months of high school): A student who is entering postsecondary education for the first time within 12 months after graduation from high school. Note that if an adult student never graduated from high school, he/she is assigned a value of "FH" if he/she is less than 12 months removed from when the student <i>should have</i> graduated.	July 1, 2012
FF	First time student – undergraduate (not within 12 months of high school): A student who is entering postsecondary education for the first time, not within 12 months after graduation from high school. Note that if an adult student never graduated from high school, he/she is assigned a value of "FF" if he/she is 12 or more months removed from when the student <i>should have</i> graduated.	July 1, 2012
CS	Continuing Student: A student who is enrolling at a UTech college who has previously been enrolled in postsecondary education.	July 1, 2012
HS	High School Student: A student who is enrolling at a UTech campus and currently meets the UTech definition of a secondary student (UTech policy 205.5.1).	July 1, 2012
<blank>	The student's entry status is unknown.	July 1, 2015

COMMENTS: IPEDS definition of "First-time student (undergraduate)": *A student who has no prior postsecondary experience (except as noted below) attending any institution for the first time at the undergraduate level. This includes students enrolled in academic or occupational programs. It also includes students enrolled in the fall term who attended college for the first time in the prior summer term, and students who entered with advanced standing (college credits or a postsecondary formal award earned before graduation from high school).* Last modified July 8, 2016.

G	Continued Education (External, with Articulation): Enrollment at another postsecondary educational institution upon leaving a UTech college, for which there is a valid articulation agreement.	July 1, 2017
I	Continued Education (Internal): Enrollment in another COE-approved program at the same college, or in the same program offered at a different COE-approved site.	July 1, 2013
VB	Unavailable (Behavioral Dismissal): Documented as being dismissed from a program due to behavioral problems.	July 1, 2018
VD	Unavailable (Deceased): Documented as being unavailable to complete or for placement because of death.	July 1, 2018
VH	Unavailable (Health-related): Documented as being unavailable to complete or for placement because of situations such as pregnancy, other serious health-related issues, or caring for ill family members.	July 1, 2018
VI	Unavailable (Incarceration): Documented as being unavailable to complete or for placement because of incarceration.	July 1, 2018
VM	Unavailable (Military Activation): Documented as being unavailable to complete or for placement because of military duty activation or relocation (for those students who are active National Guard or military before and during program enrollment).	July 1, 2018

Field Value	Field Attributes and Examples	Effective Date
VS	Unavailable (Foreign Aid/Religious Service): Documented as being unavailable to complete or for placement because of service with a foreign aid service of the federal government (e.g., the Peace Corps) or an official church mission.	July 1, 2018
F	Refused Employment: Failure to keep interview appointments, enrollment in a program of instruction strictly for personal use, or refusal of an employment offer in the field of instruction.	July 1, 2013
<blank>	For students enrolled in COE-approved program a blank outcome code indicates that the student's outcome has not yet been determined. For students enrolled in non-COE-approved programs (i.e., stand-alone courses), a blank outcome code is expected (though not required) as collection of outcome information is not required by the accrediting body.	July 1, 2015

COMMENTS: Student outcomes may be identified by any means available to a college. These may include: (1) Instructors reporting the information via training outcome forms; (2) Student surveys or phone conversations with former students or students' sponsoring organizations; (3) DWS employment records verification; (4) USHE data matches showing continuing education; etc. Institutions must retain documentation for audit sampling purposes. Colleges shall define the period necessary for verification of a student's outcome. Student outcomes should be recognized in the fiscal year in which they were identified. This system recognizes that students attending for different enrollment objectives may have multiple outcomes within the same fiscal year, depending upon student enrollment patterns. Last modified April 17, 2019.

Note that in Northstar's Verified Outcomes Form, users are required to select the training plan to which they are attaching a newly-recorded outcome. The student information system timestamps every new outcome entered and reports this information under U_OUT_DT ([U-32](#)). Within each training plan, Northstar selects the **most recently entered** student outcome to report in generated data submission files, without regard to whether the outcome is employment, education, military, unavailable, etc.

For insight into how exit and outcome code information entered into the student information system will impact COE, legislative, and other reporting, please see [Appendix C](#).

* Indicates that programs with these CIP codes are not found on the Department of Workforce Services' list of regional or statewide 4- and 5-star jobs, but that they were approved by the UTech Board of Trustees as having "significant industry importance" under UCA 53B-2a-116(7)(b).

Course associated with the following CIP codes are **not** included in UTech data submission files.

CIP	Non-mission CIP Codes (i.e., <i>not to be reported in UTech data submission files</i>)	Effective Date	Perkins Approved?
000000	Distance Learning	July 1, 2006	No
004000	Driver's Education	July 1, 2006	No
005000	Class Offered Course not counted	July 1, 2006	No
090901	Spanish	July 1, 2006	No
131105	Assessment	July 1, 2015	No
139931	Custom Fit - State	July 1, 2006	No
139932	Custom Fit - Private	July 1, 2006	No
139933	STIT (Short Term Intensive Training)	July 1, 2006	No
270399	Math	July 1, 2006	No
320147	Career Development Guidance Placement	July 1, 2006	No
330103	Community Awareness	July 1, 2015	No

COMMENTS: Community interest courses (200.7) shall be entered into information systems for purposes of collecting course fees and other internal college operations, but shall be coded with CIP 33.0103 and shall not be reported in data submission files to UTech administration. Last modified April 17, 2019.

REFERENCE: U_PRG_CIP and U_COMP_CIP are taken from the same source on the Northstar Programs Form. The U_DEL_CIP field is taken from the Northstar Courses Form (if the college employs course-based scheduling) or the Northstar Programs Form (if the college employs program-based scheduling).

CIP codes are taken from the Classifications of Instructional Program (CIP) codes as published by the National Center for Education Statistics (NCES) 2010 and can be found at <https://nces.ed.gov/ipeds/cipcode/Default.aspx?y=55>.

UTAH SYSTEM OF TECHNICAL COLLEGES

Data Element Dictionary

UTech Data -- Version: 07/01/2019

Element: **U-37**

ELEMENT NAME: Delivery Method

FIELD NAME: U_DEL_METH

FIELD FORMAT: UPPER(CHAR(1))

DEFINITION: The method of delivery by which the preponderance of instruction is transmitted.

Field Value	Field Attributes and Examples	Effective Date
P	Face-to-Face: Course is taught primarily in person - classroom based. This includes workbook courses with instruction, and courses with technology-delivered components such as online syllabi, online lecture notes, slide presentations, or videotapes of live lectures. Technology may be providing administrative or logistical support to the class but does not significantly impact students' learning experience.	July 1, 2006
I	Online: Students access a website for course instructions, lectures, assignments and materials, and to communicate with the instructor and with other students. Internet courses may have face-to-face orientation sessions or exam reviews; however, time and place-specific requirements are minimal. Internet classes promote web-based interactivity between students and instructors, students and internet-based communities, and among students.	July 1, 2006
B	Blended: 49% or less of the required instructional hours is via distance education. The technology-delivered components in these courses, such as online chat sessions or online video lectures, significantly impact the learning experience and reduce the amount of classroom time.	July 1, 2009
L	Lockstep: A course where there is a defined entry and defined exit date (i.e., not open entry/open exit).	July 1, 2009
J	OJT/Extern: Student is receiving non-compensated, on-the-job training at the location of the employer.	July 1, 2016

COMMENTS: Last modified June 8, 2016.

REFERENCE: In Northstar if the campus refund policy is percentages deliver defined entry/exit as face to face otherwise deliver these session types as lockstep. See [Appendix F](#).

Data Element Dictionary

UTech Data -- Version: 07/01/2019

Element: **U-40**

ELEMENT NAME: Scheduled Hours

FIELD NAME: U_SCHEDULED_HRS

FIELD FORMAT: FLOAT

DEFINITION: The total number of membership hours accrued during the reporting period for a student enrolled in a course with a verifiable schedule meeting the definitions and reporting requirements specified in UTech Policy 201.6.1 (open-exit schedule).

Field Value	Field Attributes and Examples	Effective Date
150.00	<i>Scheduled hours of participation:</i> Student was enrolled in a schedule in which students are provided verified periods of time to receive instruction without a fixed course or program completion time, and was scheduled to attend 150 hours of instruction during the reporting period.	July 1, 2011
0.00	Students who accrue membership hours for defined-length courses in U-41 . Zero hours are also reported for classes for which membership hours were counted up-front in a previous reporting period.	July 1, 2011

Data Element Dictionary

UTech Data -- Version: 07/01/2019

Element: U-63

ELEMENT NAME: CTE Concentrator

FIELD NAME: Concentrator

FIELD FORMAT: CHAR(1)

DEFINITION: A postsecondary CTE Participant who: (1) completes at least 12 CTE credits within a single program area (program of study sequence) that is comprised of 12 or more academic and technical credits, and terminates in the award of an industry-recognized credential, certificate, or degree; (2) completes a program of study of 360 membership hours or greater that terminates in an industry-recognized credential, state-approved certificate, or a degree; or (3) completes a short-term CTE program sequence of less than 12 credits or 360 membership hours that terminates in an industry-recognized credential approved by the state.

Field Value	Field Attributes and Examples	Effective Date
1	Yes, the student is a CTE Concentrator.	July 1, 2017
0	No, the student is not a CTE Concentrator.	July 1, 2017

COMMENTS: Once a student meets the definition of a CTE Concentrator, he/she will be put in a cohort and tracked/reported for Perkins accountability measures. Last modified May 18, 2017.

REFERENCE: This field is derived in consideration of membership hours (scheduled [[U-40](#)] + expected [[U-41](#)]) accrued under a specified training plan during the specified reporting period. USBE Postsecondary Perkins IV Data Dictionary - Updated July 31, 2016. Page 39.

Data Element Dictionary

UTech Data -- Version: 07/01/2019

Element: **U-64**

ELEMENT NAME: CTE Completer

FIELD NAME: Completer

FIELD FORMAT: CHAR(1)

DEFINITION: A postsecondary CTE Concentrator who: (A) completes a single program area (program of study sequence) that is comprised of 12 or more academic and technical credits, and receives an industry-recognized credential, certificate, or degree; (B) completes a program of study of 360 membership hours or greater, and receives an industry-recognized credential, state-approved certificate, or a degree; or (C) completes a short-term CTE program sequence of less than 12 credits or 360 membership hours and receives an industry-recognized credential approved by the state.

Field Value	Field Attributes and Examples	Effective Date
1	Yes, the student is a CTE Completer.	July 1, 2017
0	No, the student is not a CTE Completer.	July 1, 2017

COMMENTS: Once a student meets the definition of a CTE Concentrator, he or she will be put in a cohort and tracked/reported for Perkins accountability measures. Last modified May 18, 2017.

REFERENCE: This field is derived using the certificate issue date ([U-49](#)) and a specified reporting period.

UTAH SYSTEM OF TECHNICAL COLLEGES

Data Element Dictionary

UTech Data -- Version: 07/01/2019

Element: U-65

ELEMENT NAME: Pell Grant Recipient

FIELD NAME: U_PELL

FIELD FORMAT: CHAR(1)

DEFINITION: Pell grant recipients must be defined consistent with Pell guidelines with postsecondary/adult students enrolled at least half-time (based on the Pell definition of half-time), and have declared themselves as applied technology majors. *NOTE: if students are multiple recipients of Pell, BIA, or WIOA/DWS they must only be listed once in the following order: Pell, BIA, WIOA/DWS.

All information submitted by technical colleges is subject to audit. Any institution expected to receive more than a 10 percent increase in funding over the prior year (not counting any overall increase in the grant) will be audited. Financial records showing students' names, SSNs, and numbers of hours enrolled, and Pell records will be audited to determine eligibility for Pell.

The DWS referral will be the audit document to determine DWS recipients' eligibility. The date of referral will be used to determine the current eligibility for the year. Any student who was referred in the fiscal year will be counted in that period. If a recipient began in one fiscal year and was still being served in the next fiscal year, they will be counted in the year that he/she started unless it could be shown that he/she could not be counted in the previous year. A separate DWS referral will be required for each year a student is counted for Perkins funding.

75 % of the formula is allocated for Pell/BIA recipients and 25 % for WIOA/DWS recipients.

Documentation: Each recipient must maintain documentation from the service provider verifying each student's eligibility for services.

Field Value	Field Attributes and Examples	Effective Date
1	Yes, the student received Pell funds.	November 10, 2004
0	No, the student did not receive Pell funds.	November 10, 2004

COMMENTS: When entering Pell data into Northstar, users should be careful that Pell dates do not overlap any enrollment period in which a student has enrollment objective indicating secondary status otherwise the Perkins submission will show secondary Pell recipients. Last modified June 8, 2016.

UTAH SYSTEM OF TECHNICAL COLLEGES

Data Element Dictionary

UTech Data -- Version: 07/01/2019

Element: **U-66**

ELEMENT NAME: BIA Recipient

FIELD NAME: U_BIA

FIELD FORMAT: CHAR(1)

DEFINITION: BIA recipients shall include all Native American postsecondary/adult students who are sponsored because of their economic need and who have declared themselves as applied technology education majors. *NOTE: if students are multiple recipients of Pell, BIA, or WIOA/DWS they must only be listed once in the following order: Pell, BIA, WIOA/DWS.

All information submitted by technical colleges is subject to audit. Any institution expected to receive more than a 10 percent increase in funding over the prior year (not counting any overall increase in the grant) will be audited. Financial records showing students' names, SSNs, and numbers of hours enrolled, and Pell records will be audited to determine eligibility for Pell.

The DWS referral will be the audit document to determine DWS recipients' eligibility. The date of referral will be used to determine the current eligibility for the year. Any student who was referred in the fiscal year will be counted in that period. If a recipient began in one fiscal year and was still being served in the next fiscal year, they will be counted in the year that he/she started unless it could be shown that he/she could not be counted in the previous year. A separate DWS referral will be required for each year a student is counted for Perkins funding.

75 % of the formula is allocated for Pell/BIA recipients and 25 % for WIOA/DWS recipients.

Documentation: Each recipient must maintain documentation from the service provider verifying each student's eligibility for services.

Field Value	Field Attributes and Examples	Effective Date
1	Yes, the student was sponsored by BIA.	November 10, 2004
0	No, the student was not sponsored by BIA.	November 10, 2004

COMMENTS: Last modified June 8, 2016.

Data Element Dictionary

UTech Data -- Version: 07/01/2019

Element: U-67

ELEMENT NAME: WIOA/DWS Sponsored Student

FIELD NAME: U_WIOADWS

FIELD FORMAT: CHAR(1)

DEFINITION: WIOA/DWS service recipients include all postsecondary/adult students receiving WIOA/DWS services. Students must be enrolled in applied technology education training. ***Colleges should not count secondary students or those who are assessed only!***

*NOTE: if students are multiple recipients of Pell, BIA, or WIOA/DWS they must only be listed once in the following order: Pell, BIA, WIOA/DWS.

All information submitted by technical colleges is subject to audit. Any institution expected to receive more than a 10 percent increase in funding over the prior year (not counting any overall increase in the grant) will be audited. Financial records showing students' names, SSNs, and numbers of hours enrolled, and Pell records will be audited to determine eligibility for Pell.

Appendix C: Student Classification Logic

Student Classification Logic

Answers to the following questions dictate how students are classified in UTech legislative reporting and internal Tableau dashboards and should exactly match the logic utilized by colleges as they report to the Council on Occupational Education. If there are discrepancies between this document and any coding logic employed at a college, *college data stewards are to contact the UTech system office immediately.*

This document is provided as a reference so college personnel can understand explicitly how their exit and outcome coding decisions will impact data summaries submitted to external stakeholders. If users have any questions or concerns with the logic described here, *they are to contact the UTech system office immediately.*

Note that the following logic is employed **for each distinct student in each distinct program** into which he/she is enrolled. Hence, a student who graduated from one program, enrolls in a second program within the same fiscal year, and remains enrolled at the end of the fiscal year would be counted twice, once as a graduate completer from the first program placed in continuing education, and once as a student who was still enrolled in the second program.

1. Is the student enrolled in a COE-approved program (U_CAT_TYPE = COE)?
 - If yes, proceed to question 2.
 - If no, the student is enrolled in **continuing occupational education** and is not reported to COE.
2. Is the student a secondary student (U_ENRL_OBJ = S)?
 - If yes, the student is an **allowable subtraction** from COE reporting for being a secondary student.
 - If no, proceed to question 3.
3. Is the student's enrollment objective 3, 7, or J?
 - If yes, the student is ineligible to earn a credential and thus does not meet the accrediting body's definition of "student" ("A person who is formally engaged in learning as demonstrated by a commitment to ... earn a credential"). The student is therefore **not reported to COE**. (Note that these students are not counted as allowable subtractions; they are simply not considered students at all under COE's definitions.)
 - If no, proceed to question 4.
4. Does the student have a schedule detail with a blank exit code or an exit date that is after the end of the fiscal year?
 - If yes, the student is considered **still enrolled**.

- If no, proceed to question 5.
- 5. Does the student have a schedule detail with exit code P and an exit date that is within the fiscal year?
 - If yes, the student is a **graduate completer**. Proceed to question 6.
 - If no, proceed to question 10.
- 6. Does the student have outcome code R, M, D, E, G, or I?
 - If yes, the student is considered **placed**.
 - If no, proceed to question 7.
- 7. Was the student enrolled in a program requiring licensure, and does the student have a blank licensure exam field?
 - If yes, the student is an **allowable subtraction** from placement accountability for awaiting licensure.
 - If no, proceed to question 8.
- 8. Does the student have outcome code V* (i.e., any of the codes indicating unavailability)?
 - If yes, the student is an **allowable subtraction** from placement accountability for unavailability to be placed.
 - If no, proceed to question 9.
- 9. Does the student have outcome code F?
 - If yes, the student is an **allowable subtraction** from placement accountability for having refused employment.
 - If no, the student is **unplaced**.
- 10. Does the student have outcome code R, M, or G?
 - If yes, the student is a **non-graduate completer** and is considered **placed**.
 - If no, proceed to question 11.
- 11. Does the student have outcome code I with an outcome date prior to the end of the fiscal year?
 - If yes, the student is an **allowable subtraction** for withdrawal and re-enrollment in a different COE-approved program.
 - If no, proceed to question 12.
- 12. Does the student have outcome code V* (i.e., any of the codes indicating unavailability)?
 - If yes, the student is an **allowable subtraction** for unavailability to complete a program.
 - If no, the student is a **non-completer**.

Appendix D:

Acceptable Enrollment Objective, Program Category, and Exit Code Combinations

Colored boxes in the matrix below indicate acceptable enrollment objective, program category, and exit code combinations given the prescriptions of UTech Policy 205 and these data fields' definitions above. Those boxes colored in gray are invalid and must be corrected prior to your submission of student data to the Office of the Commissioner of Technical Education.

Enrollment Objective (U-21)	Category Type (U-42)	Exit Codes (U-27)			
		P	N	C	R
1 – Certificate Seeker	COE				
	JOB				
	EXE				
2 – Occupational Student	COE				
	JOB				
	EXE				
	NON				
3 – Senior Citizen 7 – Personal Interest J – Job Re-entry *	COE				
	JOB				
	EXE				
	NON				
6 – Basic Skills	NON				
S – Secondary	COE				
	JOB				
	SEC				
	EXE				
	NON				

* Though collection of outcome information for Job Re-entry students is not required by the accrediting body, collection of this information is encouraged.

Last modified April 17, 2019.

Appendix E: Data Validity Checks

Data Validity Checks

(June 1, 2019 Edition)

The following table describes all data validity checks that will be performed on each technical college's end-of-year data submission, due to UTech by July 31, 2020.

The final column in the table below describes how to easily perform these validity checks using Microsoft Excel. Wherever an Excel formula is listed below, users can insert a column in the end-of-year data submission next to the column in question, then type the formulas below, copying them down the sheet for all records contained therein. Please note that in each formula, cell references are written as if the concerned field's first record were in cell A2. For example, the formula used to check whether U_ID numbers are 10 digits long is written as =LEN(A2), assuming U_ID values are in column A and that a header row exists in row 1.

Note that these data validity checks must be performed on **any** data submission containing the specified fields. Hence, some data validity checks will be performed on the data submission file, the completers file, and the Perkins student submission file.

Should users have questions/concerns with any of the following items, they are encouraged to email or call the UTech data team to discuss.

#	Concerned Field	Subject of Inquiry	How to Validate
1	All fields	Check to ensure that each data field adhere to the data types listed in this Dictionary (e.g., UPPER[], VARCHAR, FLOAT, INT, etc.).	
2	U_ID	Must be 10 digits long	=LEN(A2)
3	U_SSN	SSNs will be checked against the following requirements: <ul style="list-style-type: none"> • Must be 9 digits long (ensure leading zeros are present) • First three digits cannot start with "000", "666", or "900-999" (Whereas Individual Taxpayer Identification Numbers [given to international students] may start with "9", SSNs may not.) • Middle two digits cannot be "00" • Last four digits cannot be "0000" 	<ul style="list-style-type: none"> • =LEN(A2) • =LEFT(A2,3) • =RIGHT(LEFT(A2,5),2) • =RIGHT(A2,4)
4	U_SSN U_LAST_NAME U_FIRST_NAME	Check to ensure Social Security Numbers are unique among different students. (Northstar already enforces this requirement <i>within</i> each college; validation at the system office will occur for duplicate numbers <i>across</i> UTech colleges.)	Use "Remove Duplicates" function, selecting all 3 fields. Once complete, sort by SSN and use "IF" function to find cells with U_SSN values that are identical to the preceding row [=IF(A2=A1, "ERROR"; "")].
5	U_SSID	Must be at least 7 digits long	=LEN(A2)
6	U_SSID U_FIRST_NAME U_LAST_NAME	Check to ensure U_SSID numbers are unique among different students. (Northstar already enforces this requirement <i>within</i> each college; validation at the system office will occur for duplicate numbers <i>across</i> UTech colleges.)	Use "Remove Duplicates" function, selecting all 3 fields. Once complete, sort by SSID and use "IF" function to find cells with U_SSID values that are identical to the preceding row [=IF(A2=A1, "ERROR"; "")].

#	Concerned Field	Subject of Inquiry	How to Validate
7	U_ID U_LAST_NAME U_FIRST_NAME U_BIRTH_DT	Check to ensure that each student has only one U_ID number. Students can change surnames after marriage, can have nicknames (e.g. Jonathan and John), etc. that can erroneously result in two U_ID numbers for one student. Additionally, check to ensure that students do not have multiple student profiles due to different birthdates or other identifying information.	Use “Remove Duplicates” function, selecting all four fields. Once complete, sort by last and first names and use “IF” function to find cells with first and last names identical to the preceding row [=IF(AND(A2=A1,B2=B1), “ERROR”, “”).].
8	U_LAST_NAME U_FIRST_NAME U_MIDDLE U_SUFFIX U_MAIDEN	Check to ensure that names are inputted correctly with regard to middle initials, suffixes, and maiden names. Middle initials should not appear in the first name column, nor should suffixes appear in the surname column. Professional judgment and appropriate deference to what students enter in online portals should be used when determining how to input/edit students’ names in Northstar.	<p>Examine the final character of all first and last names [=RIGHT(A2,1)] to find any periods or commas. These are often indications of initials or suffixes that should be moved to the appropriate column. Also use [=LEFT(A2,1)] to find inappropriate beginnings to cell values.</p> <p>Use Excel’s find option to search for space bar usage in name columns; this could identify middle names that should be recorded as such. Appropriate deference should be given to students names as entered in online portals (e.g., Hispanic origin frequently have multiple surnames with spaces between).</p>
9	U_LAST_NAME U_FIRST_NAME U_MAIDEN	Check to ensure that no inappropriate characters are entered as names. In previous data submissions we’ve noticed question marks and even full email addresses entered in the name fields, especially in the maiden name column.	Use Excel filtering options and methodologies shown above in item 8.
10	U_SUFFIX	Check to ensure that suffixes do not contain periods.	=RIGHT(A2,1)
11	U_BIRTH_DT	Check to ensure that U_BIRTH_DT values are correct and complete. If birthdates are not accurate/complete, students shall <i>not</i> be reported in system data submission files.	Tabulate distinct students by DOB (using “Remove Duplicates” and “PivotTable” functions) to find anomalies that are indicative of errors (e.g., placeholder birthdates that are <i>not</i> allowed). (e.g. 11/14/26 - 1 student 1/1/27 - 28 students 4/14/29 - 1 student).
12	U_RESIDENCE_N	Check to ensure that if the U_RESIDENCE_N column has a value therein, the U_ETHNIC_H and U_RACE_A, B, I, P, and W columns should all be blank. U_RACE_MULTI should also equal zero.	<p>Looking only at rows with U_RESIDENCE_N=N, use [=IF(COUNTA(A2:F2)<>0, “ERROR”, “”)] to examine the U_ETHNIC_H and racial demographic columns.</p> <p>Sort the U_RACE_MULTI column to find and correct nonzero values.</p>

#	Concerned Field	Subject of Inquiry	How to Validate
13	U_ETHNIC_H	Check to ensure that if the U_ETHNIC_H column has a value therein, the U_RACE_A, B, I, P, and W columns should all be blank. U_RACE_MULTI should also equal zero.	Looking only at rows with U_ETHNIC_H=H, use [=IF(COUNTA(A2:E2)>0, "ERROR","")] to examine the U_RACE_A, B, I, P, and W columns. Sort the U_RACE_MULTI column to find and correct nonzero values.
14	U_ETH_RACE_U	This column must be blank if the U_RACE_A, B, I, P, or W columns have a value, or if U_ETHNIC_H or U_RESIDENCE_N has a value therein.	Looking only at the U_ETHNIC_A, B, I, P, and W columns, use [=IF(COUNTA(A2:E2)=0,"U","")]
15	U_RACE_MULTI	Check to ensure that students with multiple races have a "1" in the U_RACE_MULTI column. Look at the U_RACE_A, B, I, P, and W columns to determine multiracial students.	Looking only at the U_ETHNIC_A, B, I, P, and W columns, use [=IF(COUNTA(A2:E2)>1,1,"")]
16	U_AGE	Check to ensure that the U_AGE field is calculated correctly. This column should show the student's age as of September 1 of the fiscal year.	=IF(MONTH(U_BIRTH_DT)>MONTH(9/1/18), YEAR(9/1/18)-YEAR(U_BIRTH_DT), IF(AND(MONTH(U_BIRTH_DT)=MONTH(9/1/18), DAY(U_BIRTH_DT)>=DAY(9/1/18), YEAR(9/1/18)-YEAR(U_BIRTH_DT), YEAR(9/1/18)-YEAR(U_BIRTH_DT)-1))
17	U_ENRL_OBJ U_AGE	Check to ensure that students with U_AGE values of 19 or above and who have U_ENRL_OBJ = S are indeed secondary students. Retained seniors cannot be older than 19 years old as of September 1 st of the fiscal year (per UTech Policy 205.1.3 and R277-41902[27]), unless the student has a disability under UCA 53A-15 part 3, in which case the student cannot be older than 21 as of September 1 st of the reporting year. Secondary students with U_AGE equal to 22 or greater should be reclassified as adult students.	Use Excel filtering options to find potential errors. Use internal college documentation and correspondence with LEAs/charter schools to ensure accuracy of secondary student classifications.
18	U_CURR_ZIP	ZIP codes should be existent within USPS ZIP code databases. If not existent, Google the ZIP code and see if it is valid (i.e. if the ZIP codes file is out of date).	=VLOOKUP(LEFT(A2,5),'ZIP Codes '!A2:B42524,2,FALSE)
19	U_COUNTY_APPRES U_STATE_APPRES	County and state of residence at time of application must be compatible: <ul style="list-style-type: none"> If county is "UT001-UT057", state must be "UT". If county is "UT097", state must be "XX". If county is "UT099", state cannot be "UT" or "XX". 	Use Excel filtering options to find and correct errors.
20	U_GRADE_LEVEL U_ENRL_OBJ U_FIRST_TYPE	Grade level, enrollment objective, and entry action must be compatible (see Data Dictionary for definitions): <ul style="list-style-type: none"> If enrollment objective is "S", grade level must be <13 If enrollment objective is "S", first time type must be "HS" unless the student recently graduated and now has first time type of "FH". There should be no records with enrollment objective "S" and first time type "FF" or "CS". If enrollment objective is <i>not</i> "S", grade level must be 13 and first time type cannot be "HS". 	Use Excel filtering options to find and correct errors.

#	Concerned Field	Subject of Inquiry	How to Validate
21	U_HS	<ul style="list-style-type: none"> High school codes must be in the data dictionary. If not, please email the UTech data team. Post-secondary students should not have a U_HS value. All secondary students must have a U_HS value. 	Consult the Data Dictionary to ensure secondary school codes are all included in the Dictionary.
22	U_ENRL_OBJ U_CAT_TYPE	Check to ensure enrollment objectives are compatible with program category types. If U_ENRL_OBJ = 1, U_CAT_YPE must indicate enrollment in a COE-approved program. If U_ENRL_OBJ = 6, program category type cannot indicate enrollment in a COE-approved program (See Appendix D).	Use Excel filtering options to find and correct errors.
23	U_FIRST_DATE U_FIRST_TYPE	Check to ensure that students with first-time types indicating first-time postsecondary status have date values in the U_FIRST_DATE column. Students with U_FIRST_TYPE values of “CS” or “HS” need not have a first-time date. But students with values “FH” and “FF” must have a date listed.	Use Excel filtering options to find and correct errors.
24	U_START_DATE U_STOP_DATE	The start date must be before the stop date.	Insert a new column and subtract the start date from the stop date [=B2-A2]. Even though the dates are formatted as text in yyyymmdd, subtraction is still possible and helpful in identifying errors. If the value produced by the formula is negative, the stop date is before the start date.
25	U_FIRST_DATE U_START_DATE U_STOP_DATE U_EXIT_DATE	All other date fields must be after the first time date if the student’s first time type is “HS”. While it is possible for post-secondary students to have their first time dates and type updated upon graduating high school, the first time date for secondary students (if any) should be before any other date listed here.	Insert a new column and subtract any other date from the first-time date [=B2-A2]. Even though the dates are formatted as text in yyyymmdd, subtraction is still possible and helpful in identifying errors. If the value produced by the formula is negative, the date in question is before the first-time date.
26	U_FIRST_TYPE U_FIRST_DATE U_BIRTH_DT	Post-secondary students who never graduated from high school should have first-time type “FF” if they <i>should have</i> graduated more than 12 months before the first time date. Because Policy 205.5.1 states that a secondary student shall not be more than 19 years old on 9/1 of the fiscal year (unless the student is disabled), and because the data submission is not due for another 11 months, students may turn 20 during the year and still be considered secondary. Giving these students a 12-month window after graduation, all students age 22 or older by their first-time dates must have a first-time type of “FF” or “CS”; “FH” and “HS” are not allowed.	Calculate students’ ages as of their first-time dates by creating a new column and using: [=IF(MONTH(U_BIRTH_DT)>MONTH(U_FIRST_DATE), YEAR(U_FIRST_DATE)-YEAR(U_BIRTH_DT), IF(AND(MONTH(U_BIRTH_DT)=MONTH(FIRST_DATE), DAY(U_BIRTH_DT)>=DAY(U_FIRST_DATE), YEAR(FIRST_DATE)-YEAR(U_BIRTH_DT), YEAR(FIRST_DATE)-YEAR(U_BIRTH_DT)-1)))). If the age is 22 or older and the student was not disabled as a secondary student, the first-time type cannot be “FH” or “CS”.

#	Concerned Field	Subject of Inquiry	How to Validate
27	U_EXIT_CODE U_CAT_TYPE	Check to ensure that U_EXIT_CODE does not equal “P” in rows in which U_CAT_TYPE = “NON”. Likewise, check to ensure that U_EXIT_CODE does not equal “C” in rows in which U_CAT_TYPE = “COE”, “JOB”, or “EXE”. Exit codes of C are reserved only for non-COE programs.	Use Excel filtering options to find and correct errors.
28	U_EXIT_CODE U_EXIT_DATE	Check to ensure that there are exit codes and exit dates for all students who should not be counted as still enrolled at the end of the reporting period (i.e., fiscal year). Exit codes may be pre-entered without an exit date, and exit dates may be pre-entered without exit codes, and these students will be considered still enrolled as of the end of the reporting period. If an exit date is within the reporting period (i.e., fiscal year), there must be an exit code filled. Null values in either field will result in the student being considered still enrolled (see Appendix C).	Use Excel filtering options to find and correct errors.
29	U_LIC_EXAM U_LIC_REQ	Ensure that students do not have a value in the U_LIC_EXAM field unless U_LIC_REQ = 1.	Use Excel filtering options to find and correct errors.
30	U_OUTCOME U_OUT_DT	Because outcome date is defined as the date on which a student’s outcome is verified, a student cannot have one without the other. If verified outcome is filled, outcome date must necessarily be filled also, and vice versa.	Use Excel filtering options to find and correct errors.
31	U_ENRL_OBJ U_CAT_TYPE U_EXIT_CODE	Enrollment objectives, program category types, and exit codes must follow the matrix presented in Appendix D .	Use Excel filtering options to find and correct errors.
32	U_OUT_DT	Outcome dates are defined as the dates upon which students’ outcomes are verified. Hence, it is impossible to have outcome dates in the future, after the date on which the data submission file is generated.	Use Excel filtering options to find and correct errors.
33	U_PRG_CIP U_COMP_CIP U_DEL_CIP	Check to ensure that all CIP codes appearing in data submission files are included in the Data Dictionary.	Consult the Data Dictionary to ensure CIP codes are all included in the Dictionary.
34	U_COMP_DATE U_ISSUE_DATE	The issue date cannot be before the completion date.	=B2-A2 (see #23 above)
35	U_COMP_DATE U_ISSUE_DATE U_TRAINING_START	The training start date must be before the completion and issue dates.	=B2-A2 (see #23 above)
36	U_PELL U_BIA U_WIOADWS U_ENRL_OBJ	Check to ensure that financial sponsorships that appear for secondary students (for whom tuition is free) are accurate. For example, if Pell is erroneously appearing in Perkins data submissions for secondary students, check to ensure that Pell periods do not overlap with secondary enrollment periods.	Use Excel filtering options to find and correct errors.
37	U_PROG_LOC U_CAT_TYPE	U_PROG_LOC must have values for all rows where U_CAT_TYPE indicates a COE-approved program. Program location must be blank for rows indicating enrollment in a non-COE-approved program.	Use Excel filtering options to find and correct errors.
38	(all fields)	Where the Data Dictionary specifies that fields may contain only certain values (e.g., exit codes, outcome codes, site type codes, etc.), please ensure that no other values are used (e.g., we’ve seen U_ENRL_OBJ values of “5” and “8”).	Use Excel filtering options to find and correct errors.

#	Concerned Field	Subject of Inquiry	How to Validate
39	U_EXIT_CODE U_EXIT_DATE	<p>Check to ensure that students with U_EXIT_CODE = P in the state data submission, who have an exit date within the fiscal year, are appearing in the completers file. Policy states that the exit code of P is given to students who have completed their programs <i>and been awarded a certificate</i>. Hence, they shouldn't have exit codes of P (with an exit date within the fiscal year) without appearing in the completers file.</p> <p>Likewise, check to ensure that students appearing in the completers file have at least one record in the data submission with exit code = P and exit date within the fiscal year. Because the data submission file includes zero-hour records, as well as records for students with open enrollment periods but no schedule details, there should not be any record in the completers file without a corresponding row with exit code P in the data submission.</p>	Filter out all students except those with exit codes of P and exit dates within the fiscal year. Copy their ID numbers then use a VLOOKUP command to see if those ID numbers appear in the completers file.
40	U_EXIT_CODE	Check to ensure there is no exit code of P given in the same program for which there is also an open enrollment period (i.e., students shouldn't be counted as still enrolled due to the open enrollment period at the same time that they are counted as graduates due to exit code of P).	Identify all completers and all students who are still enrolled by program, then compare the lists to ensure no one is double-counted in the same program.

Appendix F: Scheduling Models, Tuition and Fees, and Membership Hour Accrual Matrix

Policy	Scheduling Model (Course Session Type)	Stop Date	Tuition Process Type	Tuition	Possible Fees	Refund Policy	Membership Hours	Enter Attendance?
201.6.1	Open/Lab (open entry/open exit)	Projected in conjunction with lab sessions	TPP ¹	Scheduled hours within TPP * hourly tuition rate	1XSTUCLASS, 1XADULTCLASS, 1XFYCLASS, NXSTUCLASS, NXADULTCLASS, NXSTU, NXADULT, NXPTSTU (Only fees assigned to the class or college are charged.)	Refund whatever the student has not used (including fees)	Accrued as attendance is recorded	Attendance is required. If back-dated, previous attendance will need instructor input.
			Up-front	Class hours * hourly tuition rate	1XSTUCLASS, 1XADULTCLASS, 1XFYCLASS (Only fees assigned to the class are charged.)	"Days to refund" policy	<ul style="list-style-type: none"> Up-front if the college employs course-based scheduling Accrued if the college employs program-based scheduling 	
201.6.2	Clinical (externship)	Projected if the session is BOI ² and the college has a value for the Project Clinical BOI (hrs/week) setting	Up front	<ul style="list-style-type: none"> Program level: if the course session has a custom number of hours, then the CS hours (or else the PO hours) * hourly tuition rate Course level: class hours * hourly tuition rate 	1XSTUCLASS, 1XADULTCLASS, 1XFYCLASS (Only fees assigned to the class are charged.)	"Days to refund" policy	Up-front if course-based and delivered BOI ²	<ul style="list-style-type: none"> If delivered BOI², then attendance is not required. One attendance record is automatically entered up-front. If not BOI², then attendance is required. If back-dated, previous attendance will need instructor input.
		If the session is not BOI ² or the college does not have a value for the Project Clinical BOI (hrs/week) setting, the earliest of the enrollment period stop date, session stop date, or 06/30/2299					Accrued if program-based or (course-based and not BOI ²)	
201.6.2	Lock-Step (defined entry/defined exit)	Defined	Up front	Defined cost	1XSTUCLASS, 1XADULTCLASS, 1XADULT, 1XSTU (Only fees assigned to the course session are charged.)	"Days to refund" policy or lock-step refund table	Upfront (should only be used for course-based scheduling)	Attendance required. If back-dated, previous attendance will need instructor input.

¹TPP = Tuition Process Period (though typically set-up as monthly, there is no restriction on the date range chosen)

²BOI = Represents the selection of any of the following delivery types: (B) Blended, (O) Electronic Media, or (I) Online
